The 'cost' is the full purchase price you pay for the basic vehicle - including number plates, Vehicle Excise Duty and VAT, but does not include delivery charge or first registration fee. The amount of your grant will be automatically deducted from the price of your e-up! when the vehicle is registered. The PICG will be applied to the recommended 'On the road' retail price. The receipt of this grant is subject to the eligibility of the vehicle at the point of registration and is subject to change. Please refer to the GOV.UK OLEV Grant website for more details. Your authorised Volkswagen retailer will complete the paperwork, but you may be asked to complete a customer survey. 1 Not available on BlueMotion Technology models. 2 For vehicles with 15" and 16" wheels there will be limitations on the speed and distance that can be driven on the spare wheel.

Please note, choosing optional alloy wheels does not affect CO₂ emissions on up! models. Choosing larger alloy wheels than standard, as an option, may result in increased fuel consumption. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance.

The listed items above are only a selection of the accessories available. For information on our complete range of accessories, please refer to the Volkswagen accessories brochures or visit www.volkswagen.co.uk/accessories

Accessory prices are the manufacturer's Recommended Retail Prices (RRP), inclusive of fitting where applicable and appropriate VAT, and are charged in addition to recommended 'On the road' retail price paid for the vehicle. All prices exclude customer and retailer installation unless otherwise stated – for full details, please contact your authorised Volkswagen retailer.

Choosing larger alloy wheels than standard, may result in increased fuel consumption as well as higher CO₂ emissions and subsequently increased Vehicle Excise Duty (VED) band, and BIK rates paid for company car drivers may increase. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. 1 Price excludes painting and fitting. 2 Price per wheel excludes tyre.

Solutions PCP

THE MAGIC OF MORE CAR FOR YOUR MONEY

So what's the big deal?

Solutions from Volkswagen Financial Services offers you flexible competitive rates and a finance plan that's completely built around you. Because it allows you to leave paying for some of the car's value to the very end, you can lower your monthly repayments... allowing you to get more car for your money. At the end of the agreement you also get three options to suit you. Solutions. Not smoke and mirrors, just brilliant, flexible finance. (There, the secret's out!)

The nitty-gritty

1. Choose a repayment period and annual mileage.
2. Pay your deposit, which can be made up of cash or a part-exchange.
3. Defer an agreed amount until the end of your agreement.

Setting the deposit and repayment term helps create the right combination for a monthly payment budget.

In the end... the choice is yours

1. Part-exchange your existing car for a new Volkswagen on a Solutions (PCP) contract (subject to status).
2. Pay the option to purchase fee and the optional final payment and keep your Volkswagen.
3. Hand the car back (subject to terms and conditions).

* Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. CO₂ is the main greenhouse gas responsible for global warming. This information should be used for illustration purposes only. Choosing larger alloy wheels than standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently increased Vehicle Excise Duty (VED) band, and BIK rates paid for company car drivers will increase. In some instances, the 'On The Road' cost paid for the vehicle may increase as a result of the increased VED rate. The specifications contained in this price list are for information purposes only and are subject to change. **BMT refers to BlueMotion Technology.**

ALL-ELECTRIC MOTOR	Output, PS	CO ₂ emission, g/km*	Trim level	Consumption, kWh/62 miles ¹ , Combined	Range, miles (NEDC) ²	Efficiency class ³
	82	0	e-up!	11.7	93	A+

1 The values specified were determined using the prescribed measuring procedure. The specifications are not based on one single vehicle and are not part of the offer, but simply serve as a means of comparison between the various vehicle types. Range is not only dependent on the efficient use of the battery by the vehicle but also on the driver behaviour and other non-technical factors (e.g. environmental conditions). Extra equipment and accessories (add-on parts, tyres etc.) can change relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and with weather and traffic conditions, can affect range and performance values. 2 The specified NEDC range can vary because of driving style, speed, use of additional electrical consuming equipment, outside temperature, number of people in car/maximum load, driving style selection (normal, ECO, ECO+) and terrain. In summer (+5 to +35°C), it can be between 74.5–102.5 miles, and in winter (-10 to +5°C), around 49.5–74.5 miles. 3 Efficiency classes assess vehicles according to CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles conforming to that are graded D. Vehicles that are better than today's average are graded A+, A, B or C. Vehicles that are worse than the average are graded E, F or G.

On 1 May 2009, there was a change to the Vehicle Excise Duty (VED) tax bands. Cars are taxed according to their CO₂ emissions, in bands A to M.

All vehicles first registered on, or after, 1 March 2001 are subject to a new form of VED (Road Fund Licence). This new duty is based upon the type of fuel the vehicle uses and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). To help you identify the duty you will pay, the DVLA has created thirteen categories for petrol and diesel engines. Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

VEHICLE EXCISE DUTY (VED) AND ADDITIONAL 'ON THE ROAD' COSTS

VED band 'First year rate'

As of 1 April 2010, anyone buying a new car will pay a 'First year rate' of VED for the first Road Fund Licence. The chart below shows the VED bands and the charges which are levied:

VED band	CO ₂ emissions (g/km)	Petrol/Diesel VED £	Petrol/Diesel total 'On the road' costs £
A	Up to 100	0.00	655.00
B	101-110	0.00	655.00
C	111-120	0.00	655.00
D	121-130	0.00	655.00
E	131-140	130.00	785.00
F	141-150	145.00	800.00

K	201-225	650.00	1,305.00
L	226-255	885.00	1,540.00
M	Over 255	1,120.00	1,775.00

The total 'On the road' costs above include the applicable 'First year rate' VED charge plus the 'On the road' costs as detailed below:

Additional 'On the road' costs

	Costs £
Delivery to retailer	480.00
Number plates	20.00
VAT	100.00
Vehicle first registration fee	55.00
Total	655.00

VED band 'Standard rate'

For the subsequent year's VED (Road Fund Licence), vehicle owners will then pay the 'Standard rate' of VED as shown in the table below:

VED band	CO ₂ emissions (g/km)	Petrol/Diesel VED £
A	Up to 100	0.00
B	101-110	20.00
C	111-120	30.00
D	121-130	110.00
E	131-140	130.00
F	141-150	145.00
G	151-165	185.00

K*	201-225	295.00
L	226-255	500.00
M	Over 255	515.00

* Band K includes cars that have a CO₂ figure over 225g/km, but were registered between 1 March 2001 and 23 March 2006.

Six months' VED (Road Fund Licence)

As of 1 April 2010, six months' Road Fund Licence will not be available for some vehicles at first registration. VED rate for bands A-D is zero and will not be eligible for a six-month Road Fund Licence at first registration. VED rate for bands E-G will be eligible for a six-month Road Fund Licence at first registration. VED rate for bands H-M will not be eligible for a six-month Road Fund Licence at first registration.

Subsequent year's VED (Road Fund Licence)

Vehicles with a VED rate of £55 or above will be eligible for a six-month Road Fund Licence.

VED 'First year rate' refund

Refunds on a vehicle's Road Fund Licence in bands H-M will only be calculated on the basis of the 'First year rate' if the vehicle has been stolen, scrapped or moved into a tax class where no VED is payable (e.g. cars for the registered disabled).

If the refund is being applied for because the vehicle has been sold, exported or taken off the road, it will be calculated according to the 'Standard rate' of VED applicable to that vehicle.

THE VOLKSWAGEN SERVICE, FOR YOUR PEACE OF MIND

THE VOLKSWAGEN WARRANTY

Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

THREE-YEAR WARRANTY

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

BODY PROTECTION WARRANTY

The internal body sections and panels of the up! are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

THREE-YEAR PAINTWORK WARRANTY

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

EXTENDED WARRANTY

If you order the Volkswagen Extended Warranty as an option when buying your new up! then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

SERVICE INTERVALS

The up! is serviced using the Fixed Service schedule. The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

Electric vehicles: Vehicles powered only by an electric motor require a Fixed Service as follows:

- Inspection service – First service after 20,000 miles (30,000km)/2 years, whichever is soonest.
- Subsequent services every 20,000 miles (30,000km)/1 year, whichever is soonest.

VOLKSWAGEN INSURANCE⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can. Call free on 0330 303 6930 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

VOLKSWAGEN E-UP! EIGHT-YEAR BATTERY WARRANTY

1. A guarantee for eight years or 99,360 miles/160,000km (whichever is soonest), on all material or manufacturing defects.
2. Gradual reduction in battery capacity over times is integral to the nature of the component, and does not represent a defect under the terms of this guarantee, as long as the reduction in capacity is not in excess of the value specified for this vehicle in the owner's manual.
3. The guarantee on high voltage batteries does not apply if the defect has been caused by the battery not being used, handled or maintained as described in the owner's manual. This applies in particular to charging the battery.
4. With the exception of the warranty term, all warranty conditions stipulated by the Volkswagen retailer selling the vehicle (prerequisites, criteria for freedom from defects, exclusions, settlement of claims, entry into force and start of extended warranty term, scope of application etc.) also apply to the high voltage battery.

VOLKSWAGEN ENSURANCE⁵

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired by a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover.

To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

VOLKSWAGEN FINANCE⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

VOLKSWAGEN ROADSIDE ASSISTANCE

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer.

Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

SPECIALIST RETAILER NETWORK

e-up! is only available for sale through an authorised electric specialist Volkswagen retailer. These retailers have the ability to provide the highest levels of service when purchasing your e-up! For details of your nearest authorised electric specialist Volkswagen retailer, please visit volkswagen.co.uk for more details.

PRICES AND SPECIFICATIONS

The prices and specifications contained in this price list are for information purposes only as our products are continually updated and changes may be made to the prices and specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Prices and specifications are subject to change without notice.

Following the announcement of a price increase, any vehicle order which can be accepted into the factory production system before the effective date of the price increase will be supplied at the current price, even if built and delivered after the date on which the increase became effective.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.

2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
