The Golf Cabriolet

The Golf Cabriolet. Take a minute to admire the view.

Front cover model shown is Golf Cabriolet GT with optional Bi-xenon headlights, leather upholstery and metallic paint.

Model shown is Golf Cabriolet GT with optional premium signature paint.

Holiday, at the touch of a button.

Experience sun, wind and open space, where and when you want it, in the Golf Cabriolet. Thanks to its fully automatic textile hood you can get summer on-board in only nine seconds – simply at the touch of a button. Now you can convert the daily commute into a mini-holiday, while longer journeys become more adventurous in the fresh air.

The outlook is impressive, inside as well as out.

Not only does the panoramic view from the open roof on the Golf Cabriolet give you the feeling of freedom and space, the interior also looks very generous as well as stylish. Carefully selected materials, quality workmanship and high quality finishes ensure the Golf Cabriolet will quickly become your favourite place to be – no matter where you are.

01

Interior shown is Golf Cabriolet GT.

01 The interior of the Golf Cabriolet GT upholstered in stylish Alcantara seat centre sections with 'Microfibre' side bolsters gives the interior both a refined and sporty touch.

02 Optional 'Vienna' leather* is both stylish and durable, designed to provide comfort all year round. Optional on SE, GT and GTI models. Please note, 'Vienna' leather is only available in Black on GTI models.

* Some parts of leather interior will contain artificial leather

02

Interior shown is Golf Cabriolet GT DSG with optional 'Vienna' leather upholstery and metallic paint.

**Enjoy the Summer
in good company.**

Safety.

01 Front and rear parking sensors help you park with the greatest of ease. For added convenience the process is aided by an audible warning, visual display via the radio system's screen and reverse activated kerb-view adjustment on the passenger's door mirror. Standard on SE, GT and GTI, and optional on S models. Model shown features optional metallic paint.

02 The ESC (Electronic Stability Control) recognises critical driving situations and reacts in milliseconds by targeting brake and management systems, controlling the speed of individual wheels and helping to bring the vehicle under control. Standard on all models.

03 High Beam Assist ingeniously senses the lights from oncoming vehicles and switches between main and dipped beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order not to dazzle vehicles in front. Standard on SE, GT and GTI models.

04 The fully integrated rollover protection system is active whether the soft top roof is open or closed and operates at the slightest hint of a roll or impact. The supporting profiles extend automatically within 0.25 seconds, giving additional protection to occupants. Standard on all models.

Images shown feature optional 'Vienna' leather upholstery and metallic paint.

05 A comprehensive airbag system comprising driver's and front passenger's airbags, with a front passenger's airbag deactivation switch, front seat side impact airbags and also a driver's knee airbag for added protection particularly in the event of a head-on collision. Standard on all models.

06 An alarm with interior protection uses sensors to detect and respond to tampering on the bonnet, doors and boot lid, whether the soft top is open or closed. Standard on all models.

07 The tyre pressure loss indicator will alert you to any change in tyre pressure via a warning in the multifunction display, advising you to rectify the situation. Standard on all models.

08 The Park Assist system not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic parking sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the pedals, and keep a lookout whilst manoeuvring, while the Golf Cabriolet steers itself into its chosen space. Optional on all models. Image shown is for illustration purposes only and may not necessarily reflect UK specification.

09 Side scan is designed to help you when changing lanes on a motorway. The radar system monitors the areas to the left and right of the car and up to approximately 50 metres behind it, and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirror housing. Optional on all models.

Image shown features optional metallic paint.

The Cabriolet hood.

01

01 The fully automatic electric power hood with integrated heated glass rear windscreen is easily operated using a button conveniently positioned on the centre console. The roof can be completely opened in just 9.5 seconds when stationary, or even at speeds of up to 18mph whilst moving for added convenience. Closing the roof takes only 11.8 seconds and it automatically locks via an electromechanical locking system.

The hood itself is made from three separate layers that combine to produce outstanding visual and acoustic properties: the outer skin, an acoustic insulation layer and the headlining. Constructed in three sections, the two side sections connect to the centre section with longitudinal seams that also assume additional functions as rain gutters, with the roof retracting to an open position using a Z-fold action. The omission of a hood compartment lid results in faster opening and closing of the roof, as well as a larger luggage compartment as the roof does not have to intrude so far into the vehicle. Standard on all models.

Images shown feature optional 'Vienna' leather upholstery and metallic paint.

02 The wind deflector allows you to enjoy the convertible driving experience, when the electric power hood is down, by reducing wind noise and protecting you against air turbulence. This smart stylish wind deflector is stored in the boot in its own protective case and can be unfolded and fitted easily in seconds adding a little sophistication and calm to open top driving. Standard on SE, GT and GTI, and optional on S models.

02

The Golf Cabriolet GTI.

Interior shown is Golf Cabriolet GTI with optional Tornado Red non-metallic paint.

The **Golf Cabriolet GTI** features the iconic black honeycomb grille with red louvres and gleaming chrome-look 'GTI' badge. Uniquely shaped front and rear bumpers with integrated front fog lights and honeycomb front air intake complete the 'GTI' styling pack. This sporting pedigree continues with 18 inch 'Austin' alloy wheels with a distinctive five spoke design revealing red brake calipers beneath, sports suspension lowered by approximately 22mm front and 15mm at the rear and chrome exhaust tailpipes either side of the black rear diffuser. Safe open-air motoring is paramount in the Golf Cabriolet GTI with the inclusion of XDS electronic differential lock for improved traction and handling. Classic design in combination with dynamic driving characteristics are here in the Golf Cabriolet GTI. Model shown features optional premium signature paint.

Inside, the Golf Cabriolet GTI builds over the well equipped GT, but with the styling that marks it out as an iconic GTI. Beneath the fully automatic electric power hood are sport seats upholstered in classic tartan 'Jacara' cloth, contrast red stitching on the distinctive leather trimmed three-spoke multifunction steering wheel with 'GTI' logo, handbrake and gear knob gaiter. Stylish chrome detailing, 'Edge' decorative inserts and carpet mats, front and rear confirms the GTI credentials.

A combination of direct fuel injection and intelligent turbocharging technology ensures the GTI's **2.0 litre TSI 220 PS petrol engine** delivers high performance and torque.

Multimedia.

01 The Composition Media system is equipped with a 6.5 inch colour touch-screen that displays the DAB digital radio information, Think Blue. Trainer. – driver tips and journey analysis, car information display, title and cover art display and, for compatible Android smartphones, the SMS functionality which allows you to read, compose and send SMS messages using the touch-screen display while the vehicle is stationary. Bluetooth telephone and audio connection now allows simultaneous pairing of two compatible mobile devices¹, while the MDI (Multi Device Interface) via USB connection for compatible products, SD card reader and single CD player allows music playback from MP3, WMA and AAC files through 8 speakers with 4 x 20 watt output. Standard on S and SE models.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.
² Only operable in conjunction with compatible smartphones including iPhone 5 and 6. Please see www.volkswagen.co.uk to check smartphone compatibility.

02 Car-Net 'App-Connect'² allows you to integrate a smartphone with your car by allowing 'mirroring' of the display on the infotainment touch-screen via USB connection. It uses the combined functionality of Apple 'CarPlay', Google 'Android Auto' and 'MirrorLink'™ to replicate the smartphone display, allowing operation of certified apps including audio and voice control (if supported by the app). Please note, there is usage of only certified apps while driving. Optional on all models.

03 The 'Dynaudio Excite' soundpack provides enhanced acoustics via a Digital Signal Processor (DSP), subwoofer and 8 channel digital amplifier, delivering 400 watts output through 8 speakers optimally located around the cabin to ensure unique sound quality for every occupant. Optional on SE, GT and GTI models.

Image shown feature optional premium signature metallic paint.

04 The Discover Navigation touch-screen navigation/radio system with Car-Net 'Guide and Inform'³ builds upon the impressive Composition Media system, but with additional features enabling you to easily manage not only your music, but also navigation data, and a broad range of vehicle information. The system offers preloaded European navigation data, branded points of interest, dynamic navigation based on TMC+, three route options (Fast, Short, Eco), Speed Limit Display⁴, 2D/3D map view and 3-years Car-Net 'Guide and Inform' access³ providing online access to a range of useful information such as traffic, fuel pricing, parking space availability, weather and news feeds will guide you to your chosen destination with ease. Along with the Composition Media system, both systems are also equipped with a proximity sensor that recognises in advance your intention to touch the screen and automatically adjusts the display mode. Standard on GT and GTI and optional on SE models.

³ Car-Net 'Guide and Inform' services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of 'Guide and Inform' services.
⁴ Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates.

BlueMotion Technologies*

BlueMotion

E-Mobility

Start/Stop technology
saves fuel by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system
makes use of energy that's usually lost when you brake.

Turbocharged engines
deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres
reduce the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars
include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance.

Electric vehicles
comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts.

*BlueMotion Technologies are available on all Volkswagens and vary between models.

Alloy wheels.

01 'Dover' 6½J x 16 alloy wheels with 205/55 R16 tyres and anti-theft wheel bolts. Standard on S models. Model shown features optional metallic paint.

02 'Porto' 7J x 17 alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Standard on SE models. Model shown features optional metallic paint.

03 'Charleston' 7½J x 18 alloy wheels with 225/40 R18 tyres and anti-theft wheel bolts. Standard on GT. Model shown features optional metallic paint.

04 'Austin' 7½J x 18 alloy wheels with 225/40 R18 tyres and anti-theft wheel bolts. Standard on GTI models. Model shown features optional premium signature paint.

Upholstery.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD and Golf R.

Spacious family cars

New Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, new Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet or the Golf Cabriolet.

City run around

up!: The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around practicality with more versatility and even more space can be found on the iconic Golf.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the Jetta, and executive comfort in the Passat and Passat Estate – winner of 'European Car of the Year 2015'.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it, with four wheel drive technology, '4MOTION' as standard.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Technology

Technical specification notes

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt petrol meeting BS EN 228 is allowable.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

- Collapsible, height and lengthways adjustable safety steering column

Brakes

- ABS (Electronically controlled Anti-lock Braking System) with EBD (Electronic Brake-pressure Distribution)
- Diagonal twin-circuit brake system with front disc brakes (ventilated) and rear disc brakes
- Asbestos-free brake pads
- HBA (Hydraulic Brake Assist)

Volkswagen service

Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

The Volkswagen Warranty

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Golf Cabriolet are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended Warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Golf Cabriolet then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can. Call free on 0330 303 6930 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired by a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

Fuel consumption and CO₂ Emissions

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca.

The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer. Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.

² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

⁴ Volkswagen Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ('VWFS UK'). Registered in England and Wales number: 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK.
