

# The new Golf GTD

**Few words are needed to describe the new Golf GTD.  
Do you speak its language?**

Model shown is new Golf GTD with optional metallic paint.

**Powerful, sporty, fuel efficient\* and luxurious.**

\* The new Golf GTD is one of the most fuel efficient performance hatchbacks in its class.

Model shown is new Golf GTD with optional metallic paint.

## Equipment

You want a sporty car, but no compromise on comfort? One that is fuel efficient\*, yet still has an astounding ride and exceptional handling? A car with a stunning design, but still offers the highest levels of build quality? Then climb in. You've found it.

\* The new Golf GTD is one of the most fuel efficient performance hatchbacks in its class.

The optional Adaptive Chassis Control (ACC) adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. At the touch of a button, you decide how firm or comfortable you wish to set the suspension, with a choice of three settings: Sport, Comfort or Normal. In Normal mode, the principal advantage of the system is that the dampers are constantly adjusted to the road and the driving conditions. In Sport mode, the dampers are considerably stiffer and the steering becomes more responsive. A direct contrast is Comfort mode where the suspension is adjusted to maximise passenger comfort, particularly when travelling on poor road surfaces or long motorway journeys.

Image shown is for illustration purposes only and may not necessarily reflect UK specification.

The distinctive **twin exhaust tailpipe** is eye-catching and gives off a purposeful sound on the road.

The surrounds of the elegant 17 inch 'Seattle Shadow' alloy wheel spokes are painted black, and complete with sports suspension, lowered by approx. 15 mm, combine to create a stylish and sporty exterior and an exceptional driving experience.

The **honeycomb design of the front grille** on the new Golf GTD is perfectly complemented by stylish chrome louvre inserts and the pronounced Volkswagen roundel, so you know from your very first glimpse there is something special underneath.

The **dual clutch Direct Shift Gearbox – DSG** represents a milestone in the development of the latest gearbox technology. This innovative automatic transmission shifts smoothly and imperceptibly into the pre-selected next gear within a split second – such extremely short reaction times and direct response behaviour make sporty accelerating even more fun. Not only is the six speed gearbox very dynamic, its level of efficiency is almost as economical as its manual counterpart.

Interior shown features optional 'Vienna' leather upholstery.

The interior of the new Golf GTD offers all the excitement of a sporty driving experience without having to compromise on comfort and functional features. From the sports seats in unique 'Jacara Mono' cloth and black headlining, to the grey decorative stitching on the GTD specific flat bottomed multifunction leather trimmed steering wheel, handbrake grip and gear lever knob, the cockpit exudes individuality. Your comfort is also paramount, with 2Zone electronic climate control including automatic air recirculation and a front centre armrest which houses a MDI (Multi Device Interface). The RCD 310 radio/MP3 compatible CD player includes an AUX-in socket for connection to an external multimedia source (e.g. iPod and MP3 player) and is also fitted with eight speakers fitted as standard.

Interior shown is new Golf GTD DSG with optional metallic paint.

The GTD's 2.0 litre TDI 170 PS diesel engine with common rail technology provides incredible torque and power, whilst still returning highly efficient fuel economy.

The GTD logo sits proudly on the sporty flat-bottomed multifunction steering wheel as a constant reminder that you are travelling in pure style.

The newly designed 2Zone electronic climate control with automatic air recirculation system features dual zone temperature control for the driver and front passenger, enabling each to select their individually preferred temperature.

Interior shown features optional RCD 510 touch-screen radio system and Winter pack.

	Emission class	EURO 5	EURO 5
Noise, dB	73.0	69.0	

**Notes.**

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly.
- 03) With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of RME and FAME (bio diesel) is not possible.
- 05) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 06) The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.

† Please note, from December 2009 the insurance industry will switch from the current rating system of groups 1 - 20 to a new 1 - 50 insurance scale.

## Technology

### Engines

- Front transverse-installed engine
- 2.0 litre/170 PS (01) (125 kW) common rail diesel engine. EU4 emissions standard (EU5 compliant), four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

### Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Six speed manual or six speed automatic DSG gearbox with double joint half axles
- Six speed manual: 2.0 litre TDI 170 PS
- Six speed automatic DSG: 2.0 litre TDI 170 PS

### Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

### Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with front and rear disc brakes (front ventilated)
- Asbestos-free brake pads
- Hydraulic Brake Assist (HBA)

### Running gear

- Electronic Stabilisation Programme (ESP) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

## Dimensions

<b>Maximum luggage capacity, litres VDA measuring method using 200 x 100 x 50 mm blocks <sup>(01)</sup></b>	With rear seat upright	350
	With rear seat folded	1305

	Width – excluding door mirrors, mm	1786
	Width – opened front doors – 3 door/5 door, mm	4055/3631
	Height, mm	1501
	Height – opened bonnet/floor, mm	1704
	Height – opened tailgate/floor, mm	2005
	Wheelbase, mm	2578
<b>Interior dimensions <sup>(01)</sup></b>	Turning circle, mm	10900
	Effective headroom – front, mm (with sunroof)	987 (965)
	Effective headroom – rear, mm (with sunroof)	979 (978)
	Elbow width, front – 3 door/5 door, mm	1447/1447
	Elbow width, rear – 3 door/5 door, mm	1452/1420

### Dimensions note

01) Please note these figures are provisional and are subject to change.

## Volkswagen service

### The Volkswagen Warranty.

#### Three-year Warranty.

All Volkswagen new Golf GTDs come with a three-year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen retailer or repairer; however, this additional warranty must be purchased before the mileage reaches 60,000\*. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

\* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

#### Three-year Paint Warranty.

The paintwork of the new Golf GTD is covered against manufacturing defects for a period of three years. Naturally, the new Golf GTD must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

#### 12-year Body Protection Warranty.

The internal body sections and panels of the new Golf GTD are covered against rusting through from the inside for 12 years. Naturally, the new Golf GTD must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

#### Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

### Service Intervals.

Volkswagen are pleased to offer you a choice on how your new Golf GTD is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Time and Distance Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Time and Distance Service are as follows:

- Oil change service  
Every 10,000 miles/1 year (whichever is soonest).
- Interval service  
Every 20,000 miles/2 years (whichever is soonest).
- Inspection service  
Every 40,000 miles/3 years (whichever is soonest).

The LongLife Service is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

With the LongLife Service the vehicle can cover anywhere between 10,000<sup>†</sup> and a maximum of 18,000<sup>†</sup> miles or 24 months (whichever is soonest) between oil changes. Inspection service is typically in the third year of ownership and thereafter every second year, for vehicles with an approximate annual mileage of 10,000 miles.

<sup>†</sup> Please note that mileages are approximate as the service indicator system uses kilometres as the distance measurement. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

### Extended Warranty.

You may purchase additional protection from your authorised Volkswagen retailer or repairer, or contact 0870 9000 115.

### Volkswagen Finance<sup>‡</sup>.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs.

No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

<sup>‡</sup> Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

### Volkswagen Insurance<sup>±</sup>.

Competitive and comprehensive motor insurance designed especially for Volkswagen drivers. All new and Approved Used Volkswagens come with complimentary seven-day cover upon request – we'll e-mail a cover note straight to your retailer, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out annual cover is easy and it can start when the seven-day cover expires. For more information contact your local Volkswagen retailer or call 0800 051 3136.

<sup>±</sup> Volkswagen Insurance is underwritten and administered by Zurich Insurance plc. Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited which is an appointed representative of Volkswagen Financial Services (UK) Limited. Zurich Insurance plc and Volkswagen Financial Services (UK) Limited are both authorised and regulated by the Financial Services Authority.

### Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year. This provides vehicle home and roadside recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer or repairer.

### Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

### CO<sub>2</sub> Emission.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO<sub>2</sub> emissions produced.

The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

### Please Note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.
