The Touran
The Touran. The family car that ticks all the boxes.

Versatile, spacious and packed with features, the Touran is the family MPV that ticks every box. The latest engine technology, driver assistance systems and over 50 innovations make driving easier and more enjoyable than ever. Large windows and a panoramic sunroof enhance the sense of spaciousness, and the sloping roofline gives a confident, dynamic look. Despite its compact, sporty appearance, it’s a true seven-seater, with ample head and legroom in every row, while the fold-down seating arrangement provides all the space for your family’s activities.

03. LED premium headlights provide optimum road illumination by producing a light that is brighter than conventional halogen headlights. Also featured with this option is projection technology, LED daytime running lights and rear tail lights, dynamic cornering lighting and an adaptive headlight system for models and above. Model shown features optional metallic paint.

Model shown features optional metallic paint.
A virtual world and multimedia experience at your fingertips.

Thanks to Car-Net connectivity you can enjoy a wide range of online services while you travel, helping to make your journey easier, more comfortable and ultimately more informed. As well as enjoying up-to-the-minute information, you can also access many of your favourite apps from your smartphone, all conveniently displayed on the infotainment system’s touch-screen display.

01 Car-Net ‘Security & Service’
as your personal assistant supporting you in every driving situation and providing you with all the key information you need regarding your mobility. An integrated SIM-card provides continuous connectivity between the car, vehicle and Volkswagen Car-Net server in case of an accident. Should the driver activate the ‘eCall’ button or the vehicle’s airbags are deployed triggering the ‘eCall’ service, Volkswagen’s Emergency Centre will be contacted directly. Key information such as the condition and location of the vehicle will be sent for emergency response units. In the event of minor accidents, the ‘Automatic accident notification’ can send location and vehicle details to the Volkswagen Emergency Centre should the driver wish. Additional data is also shared including details of Car broken down, vehicle health report and Service schedule ensuring your vehicle’s information is always up to date – 10-year validity. The Emergency Call Service is already activated when the vehicle is delivered, without registration being required. Availability of Car-Net ‘Security & Service’ is governed in a separate Contract concluded online with Volkswagen. The customer has 90 days after vehicle handover to register the vehicle at www.volkswagen.com/car-net. This will enable the customer to use Services for the full period of validity. Services may vary depending on the country in question. The services described are only operable in conjunction with a ‘MirrorLink’™ compatible smartphone. Please note, image shown is for illustrative purpose only.

02 Car-Net ‘App-Connect’
combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™, allowing you to mirror apps from your smartphone with the infotainment touch-screen via USB connection. It cleverly allows display and operation of certified apps including audio and voice control, if supported by the app. Please note, usage of certified apps is only driving. Standard on all SE and R-Line and optional on all other models. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD infotainment system.

03 Car-Net ‘Cam-Connect’
only operable in conjunction with compatible tablets and smartphones (e.g. iPhone 5 and above). Display and operation of certified apps including audio and voice control (if supported by the app). Usage of certified apps is only driving. Standard on SE Family and optional on all other models as part of the Family pack.

04 Volkswagen Media Control
standard on SE Family and optional on all other models. Combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™, allowing you to operate the infotainment system’s functions from the rear seats. Standard on all models.

05 A unique feature on the Touran is the media box. Located on the passenger’s side of the dashboard, it gives you access to a high tech world, mainly housing the single CD player and 4x40 watt stereo. Standard on all models.

06 Electronic voice amplification
First shown at the Touran in the media box. Located on the passenger’s side of the dashboard, it gives you access to a high tech world, mainly housing the single CD player and 4x40 watt stereo. Standard on all models.

07 Volkswagen Media Control
First shown on the Touran, available as an option on standard with the Discover Navigation Pro navigation/DVD infotainment system. It enables you to operate the infotainment system’s functions from the rear seats. Standard on SE Family, SEL and R-Line and optional on all other models.
The climate control – 3Zone electronic air conditioning system allows the driver, front passenger and those seated in the 2nd row to set their own desired temperature, independently of one another. This advanced air conditioning system also features a ‘gentle’ climate option, making steamed-up windows a thing of the past, while the biogenic filter keeps out pollens and allergens, ensuring consistent air quality throughout the passenger compartment. Standard on SEL and R-Line and optional on all other models.

Interior shown is Touran SEL with optional panoramic sunroof, luggage restraint/net partition and metallic paint.

The panoramic sunroof adds a new dimension of fresh air and light to every trip. At 1.4m², it offers a stunning view of the skies above from every seat, enabling occupants to count clouds and stargaze to their heart’s content. Electrically operated, the panoramic sunroof is fitted with an integrated roller blind and wind deflector. Day or night, driving’s never been more fun.

The sky’s the limit on every trip.
Taking the family on the road has never been easier.

Everything about the Touran is designed to try and help make family life easier, more enjoyable and more fun. Whether you’re taking a long trip, stuck in traffic or performing a tricky parking manoeuvre, a host of intelligent and innovative features provide high levels of comfort, convenience and occupant protection.

For example, all five rear seats have Isofix child seat preparation, there are seven airbags and a range of assistance systems, depending on which trim level you choose, that include Adaptive Cruise Control (ACC), Front Assist with City emergency braking and Driver Alert system that help to provide peace of mind on every journey.

01 Ambient lighting in the front footwell and door trim inserts creates a warm welcome when getting in and out and can be adjusted to provide your preferred level of illumination. Standard on SEL and R-Line and optional on SE and SE Family models.

02 The comprehensive airbag system includes front seat side impact airbags, driver’s and front passenger’s airbags with passenger’s airbag deactivation switch, curtain airbag system for front and 2nd row passengers, and a knee airbag for the driver. Standard on all models. Also available as an option for all models are side airbags for the 2nd row seats.

03 Side scan and Lane Assist help you change lanes confidently. A radar sensor controlled system warns you via lights in the door mirror housing if it detects road users in your blind spot while a camera controlled warning system alerts you if your car suddenly deviates from its chosen lane. Optional on SE models and above, must be ordered in conjunction with Mirror pack on SE and SE Family models.

Images shown are for illustration purposes only and may not necessarily reflect UK specification. Models shown have optional metallic paint.
Flexibility and family life
go hand in hand.

Thanks to the flexible folding seat arrangement, the Touran can be as versatile as you wish. Simply flick the catch on the top of the rear seats and they fold down to create a completely flat floor, increasing your boot space as required. With all seats upright there’s a generous 137 litres of space. This increases to 1,857 litres when the second and third row seats are folded flat. Guerrilla cargo space is increased even further by dropping the front passenger seat. 2.7m of load length is an impressive 1.89m, and with the front passenger seat folded flat, it offers even more load length of 2.7m. Please see page 24 for full details of dimensions. Images shown are for illustration purposes only and may not necessarily reflect UK specification.
The Touran – R-Line

Model shown is Touran R-Line with optional LED premium headlights and Pure White non-metallic paint.

Stand out from the crowd. The R-Line.

Add a touch of luxury to family life with the dynamic R-Line. Eye-catching looks combine with the stylish interior to give a sporty feel, taking family motoring to a whole new level.

01. Externally, the charismatic R-Line exudes confidence and style. The dynamic ‘R-Line’ styling pack comprises uniquely shaped, body-coloured front and rear bumpers, body-coloured side skirts and a chrome-trimmed front air intake grille. Silver-anodised roof rails enhance the bodylines, while stylish 18-inch ‘Marseille’ alloy wheels complete the picture.

02. Unique ‘R-Line’ badging on the radiator grille and door sills add an extra touch of style, highlighting the athletic appeal. Image shown features optional LED premium headlights.

03. Inside, the R-Line offers an exceptional level of specification. Front seats feature ‘Race’ upholstery centre sections and ‘San Remo’ microfibre side bolsters, ensuring comfortable support on every trip, and the exclusive ‘R-Line’ logo on the front seat backrest completes the look.

Models shown features optional Pure White non-metallic paint.
02 The leather trimmed three-spoke multifunction steering wheel is finished with colour-coordinated grey stitching, aluminium inserts and the R-Line logo, while stainless steel pedals, black surround and ‘Black Lead Grey’ look decorative inserts in the dash, centre console and front doors add elegance and exclusivity, creating a truly luxurious feel. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD infotainment system.

03 The rear bumper with diffuser look effect and chrome twin exhaust tailpipe emphasise the sporty style, while rear tinted glass from B-pillar backwards, approximately 65% tinted, gives the R-Line real road presence.

Model shown features optional Pure White non-metallic paint.
Wheels.

**01** 6½J x 16” steel wheels with 205/60 R16 tyres and full size wheel trim. Standard on S models.

**02** ‘Trondheim’ 6½J x 16” alloy wheels with 205/60 R16 tyres and anti-theft wheel bolts. Standard on SE and SE Family and optional on S models.

**03** ‘Stockholm’ 6½J x 17” alloy wheels with 215/55 R17 mobility tyres and anti-theft wheel bolts. Standard on SEL and optional on SE and SE Family models.

**04** ‘Marseille’ 7J x 18” alloy wheels with 225/45 R18 mobility tyres and anti-theft wheel bolts. Standard on R-Line models.

**05** ‘Brighton’ 6½J x 16” alloy wheels with 205/60 R16 tyres and anti-theft wheel bolts. Optional on S models.

**06** ‘Vallelunga’ 6½J x 17” alloy wheels with 215/55 R17 mobility tyres and anti-theft wheel bolts. Optional on SE, SE Family and SEL models.

Please note, mobility tyres in lieu of tyre mobility kit.

---

Accessories.

**Protection.**

**02** Rear sill cover – transparent
Help protect your rear bumper from scratches and scuffs with these transparent film. It’s weather resistant and protects your paintwork when loading and unloading.
Part number: 5QA 061 197

**03** Front mudflaps – set of two
Prevent muck from messing up your vehicle’s underbody, bumpers, sills and doors with Volkswagen mudflaps. They’re long-lasting and durable, protecting your vehicle against excessive mud and reducing the chance of road chip damage.
Part number: 5TA 075 111

---

Please note, the addition of larger optional wheels may result in higher CO2 emission figures and change in VED band, and subsequently an increase in the Manufacturer’s Recommended ‘On the road’ Retail price. Please see www.volkswagen.co.uk for full details.

Models shown feature optional metallic paint.
**Upper partition grille**
Keep your best friend happily in the back with the partition grille, separating the luggage compartment from the rear passenger space. Made of a black powder-coated tubular frame with wire mesh, it's easily installed behind the rear seat.

Part number: 5QA 017 221

**Rear sill cover – transparent**
Help protect your rear bumper from scratches and scuffs with this transparent film. It's subtle, practical and protects your paintwork when loading and unloading.

Part number: 5QA 061 197

**Boot liner – 5-seater**
The luggage compartment liner is light, flexible and perfectly shaped to fit the contours of your vehicle. The edge provides adequate protection against moisture and dirt. Goods are effectively prevented from slipping. If the luggage compartment liner is not required, it can simply be rolled up so that it takes up less storage space.

Part number: 5QA 061 160

**Protective strip – chrome**
A dazzling finish, the chrome-look strip for the lower edge of the rear tailgate gives the vehicle a refined and elegant look and also serves as a sill protector.

Part number: 5QA 071 360

**Door sill trims – aluminium**
An eye-catcher when getting into your vehicle, the high-quality aluminium sill panel trims protect the entry areas of your vehicle and give them an individual look. Each set consists of two sill panel trims with vehicle lettering for the front entry area.

Part number: 5QA 071 303

**Rear sill cover – brushed stainless steel look**
Perfect protection with an elegant look, the brushed stainless steel effect loading sill protection fits your vehicle perfectly and protects the bumper against scratches when loading and unloading the luggage compartment, without impeding the vehicle appearance.

Part number: 5QA 061 195

AdBlue®

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet EURO 6 exhaust gas regulations.

How does the system work?

AdBlue®, a water-based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle’s exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), changing them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary as well. Changes such as engine, journey type, driving style and environmental conditions can have an impact on how much AdBlue® is consumed. A passenger car can consume approximately 0.5 litres of AdBlue® every 200 miles (0.5-1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® use and location.

How will I know if the system needs topping up?

A series of warnings will be given via the drive display system, accompanied by audible signals.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 60 miles, or if the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 60 miles prior to reaching the after topping up distance. If you exceed the after topping up distance, the warning turns red and indicates AdBlue® is no longer available.

Why should I use a Volkswagen Authorised repairer for top-ups?

− AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
− Authorised repairer staff are trained to handle AdBlue®
− AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
− Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzle to fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers.

Important information

− AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
− If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
− Fuel only AdBlue® in the AdBlue® tank. Do not fill any other liquids
− Prevent anything from contaminating AdBlue®
− If small quantities of AdBlue® come into contact with the vehicle’s paintwork, for example, wipe them off and if necessary clean the area with water
Body Protection Warranty

A two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Retailer Warranty

1. Should the mileage exceed 60,000 miles within the first two years, the manufacturer’s warranty would no longer be valid.

Volkswagen Warranty

• Two-year warranty for vehicles with less than 18,000 miles or 12 months of their time is to be used in the following way:

Volkswagen Service

Servicing

• Predominantly urban driving, short journeys with frequent cold starts.

Retailer Warranty

• 2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.

Retailer Warranty

• 3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.

Retailer Warranty

• 4 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
