## VOLKSWAGEN SERVICE PLAN – RETAIL SALES ONLY

For vehicles under 1 year old set to the Fixed Service regime that has not had its first service, comprising first two manufacturer's scheduled services:

- 'Oil service' including oil filter change
- 'Oil service' including oil filter change and 'Inspection service' plus a pollen filter replacement (if required)

Excludes electric vehicles. Service plan covers first two consecutive services, limited to 1x 'Oil service' and 1x 'Oil and Inspection service'. T&Cs apply: All vehicles must be set to the Fixed Service regime by the retailer. Maximum age of car is 12 months (Service plan must be taken out before first service is due). Additional work, including wear and tear is excluded. Servicing must be carried out in line with the requirement of the Service Schedule. All work must be carried out by an Authorised Volkswagen Repairer. Offers may be varied or withdrawn at any time. Plan validity is dependent on required payments received. Administered by Volkswagen Financial Services. Retail sales only. For pricing and further details, please consult your authorised Volkswagen retailer or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

Front cover model shown is Touran R-Line with optional LED premium headlights, panoramic sunroof and Pure White non-metallic paint.

1 Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. There is a new test used for fuel consumption and CO<sub>2</sub> figures (known as WLTP). The CO<sub>2</sub> figures shown however, are based on a calculation designed to be equivalent to the outgoing (NEDC) test cycle and will be used to calculate vehicle tax on first registration. For more information, please see [volkswagen.co.uk/owners/wltp](http://volkswagen.co.uk/owners/wltp) or consult your authorised Volkswagen retailer.

2 For full details of 'First year rate' VED (Vehicle Excise Duty), delivery to retailer, number plates and vehicle first registration fee included in the recommended 'On the road' retail price, please see page 24.  
3 P11D value = Total recommended retail price + delivery to retailer £509.17, + number plates £20, + VAT £105.83 (calculated by reference to total of delivery to retailer + number plates). P11D value is based on standard specification model with no factory-fitted options or other accessories.

4 The BIK % figure quoted includes the 4% diesel supplement, where applicable.

5 The ABI insurance group is the recommended insurance rating set by the Association of British Insurers. Please note that insurance group ratings are purely advisory. They are used by insurers (ABI members and Lloyd's syndicates) as one of the factors in calculating premiums. Insurers are not required to follow the advisory group ratings and they may depart from them if they so wish.

† These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. More information is available at [www.volkswagen.co.uk/owners/wltp](http://www.volkswagen.co.uk/owners/wltp).

SCR (Selective Catalytic Reduction) requires AdBlue<sup>®</sup>, please see page 30 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

RDE2 refers to Real Driving Emissions Step 2.

*Prices, specifications, features, technical and other information (including fuel consumption, CO<sub>2</sub> emissions and range) are updated regularly and are subject to change without notice (this may include changes between order and delivery). Usage of certified apps only while driving. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check smartphone compatibility.
- 4 Car-Net 'Guide and Inform' services are accessed via a compatible mobile device. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of 'Guide and Inform' services.
- 5 Use of Car-Net 'Security & Service' is governed in a separate Contract concluded online with Volkswagen. To use the free Car-Net app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using Car-Net abroad. For more information on Car-Net Security & Service, go to [www.volkswagen.com/car-net](http://www.volkswagen.com/car-net) or contact your Volkswagen retailer.

*Choosing larger alloy wheels than standard, as an option, may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently increased Vehicle Excise Duty (VED) band, and BIK rates paid by company car drivers may increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. Please see page 28 for full details.*

Choosing larger alloy wheels than standard, may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently increased Vehicle Excise Duty (VED) band, and BIK rates paid for company car drivers may increase. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. Please see page 28 for full details. In addition, larger alloy wheels than standard size will require the purchase of tyres. Prices shown do not include the transfer of tyres. <sup>1</sup> Price per wheel excludes tyre.

**Accessory prices are the manufacturer's Recommended Retail Prices (RRP), shown exclusive and inclusive of fitting where applicable, inclusive of appropriate VAT, and are charged in addition to recommended 'On the road' retail price paid for the vehicle. For full details, please contact your authorised Volkswagen retailer.**

**Volkswagen UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Volkswagen retailer.**

# VOLKSWAGEN SERVICE PLAN

## AN ADDITIONAL WAY TO KEEP YOUR PERFECT CAR, PERFECT FOR LONGER

Exclusions and terms apply, please see page 34 for more details. For pricing and further details of the Volkswagen Service Plan, please consult your authorised Volkswagen retailer or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

### VOLKSWAGEN SERVICE PLAN – RETAIL SALES ONLY

We offer Volkswagen Service Plans to cover all new models for their first two consecutive services in line with the Fixed Service schedule required on the vehicle. Your car will be in the hands of Volkswagen trained technicians who use specialist Volkswagen tools, technology and Volkswagen original parts, and all parts and labour are guaranteed for two years. What's more, the Volkswagen Service Plan will remain with the vehicle should you decide to sell your car.

#### Volkswagen Service Plan – retail sales only

For vehicles under 1 year old set to the Fixed Service regime that has not had its first service, comprising first two manufacturer's scheduled services:

- 'Oil service' including oil filter change
- 'Oil service' including oil filter change and 'Inspection service' plus a pollen filter replacement (if required)

Excludes electric vehicles. Service plan covers first two consecutive services, limited to 1x 'Oil service' and 1x 'Oil and Inspection service'. T&Cs apply: All vehicles must be set to the Fixed Service regime by the retailer. Maximum age of car is 12 months (Service plan must be taken out before first service is due). Additional work, including wear and tear is excluded. Servicing must be carried out in line with the requirement of the Service Schedule. All work must be carried out by an Authorised Volkswagen Repairer. Offers may be varied or withdrawn at any time. Plan validity is dependent on required payments received. Administered by Volkswagen Financial Services. Retail sales only. For pricing and further details, please consult your authorised Volkswagen retailer or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

Solutions PCP

# THE MAGIC OF MORE CAR FOR YOUR MONEY

## So what's the big deal?

Solutions from Volkswagen Financial Services offers you flexible competitive rates and a finance plan that's completely built around you. Because it allows you to leave paying for some of the car's value to the very end, you can lower your monthly repayments... allowing you to get more car for your money. At the end of the agreement you also get three options to suit you. Solutions. Not smoke and mirrors, just brilliant, flexible finance. (There, the secret's out!)

## The nitty-gritty

1. Choose a repayment period and annual mileage.
2. Pay your deposit, which can be made up of cash or a part-exchange.
3. Defer an agreed amount until the end of your agreement.

**Setting the deposit and repayment term helps create the right combination for a monthly payment budget.**

## In the end... the choice is yours

1. Part-exchange your existing car for a new Volkswagen on a Solutions (PCP) contract (subject to status).
2. Pay the option to purchase fee and the optional final payment and keep your Volkswagen.
3. Hand the car back (subject to terms and conditions).

### Cost of your vehicle

Deposit	Monthly payments	Optional final payment
As little as one monthly payment	Spread across 18 to 48 months	You have three choices at the end of your agreement

## 'STANDARD RATE' VED

'Standard rate' VED based on fuel type

Fuel type	CO <sub>2</sub> emissions (g/km)	'Standard rate' 12 months VED £
Electric/Other	0	0.00
Petrol/Diesel	1 - Over 255	145.00
Alternative	1 - Over 255	135.00

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £145 a year, and alternative fuel vehicles will pay a standard rate of £135 a year.

## 'STANDARD RATE' – OVER £40,000 RRP

'Standard rate' VED for vehicles over £40,000 list price – five year annual rate

Fuel type	'Standard rate' 12 months VED £	Additional rate £	Total annual payment £
Electric	0.00	320.00	320.00
Petrol/Diesel	145.00	320.00	465.00
Alternative	135.00	320.00	455.00

Petrol or diesel vehicles with a list price over £40,000 at first registration pay £465 a year after the 'First year rate' for a period of five years. Alternative fuel vehicles over £40,000 at first registration – hybrids, bi-ethanol or LPG, pay £455 a year after the 'First year rate' for a period of five years. Electric or vehicles producing zero emissions over £40,000 at first registration pay £320 a year after the 'First year rate' for a period of five years. After five years, vehicles will revert to their 'Standard rate' tax depending on fuel type.

## ADDITIONAL 'OTR' COSTS

Additional 'On the road' costs

Delivery to retailer	509.17
Number plates	20.00
VAT	105.83
Vehicle first registration fee	55.00
Total	690.00

The total 'On the road' costs above for petrol, diesel, electric and alternative fuel vehicles include the applicable 'First year rate' VED charge plus the 'On the road' costs as detailed above:

The way VED (Vehicle Excise Duty) vehicle tax is calculated will change for vehicles that are first registered with the DVLA on, or after, 1 April 2018. All new diesel vehicles registered after 1 April 2018 that do not meet the RDE2 standard will be charged a supplement on their 'First year rate' to the effect of moving up by one VED (Vehicle Excise Duty) band.

If a new vehicle is registered on or after 1 April 2018, after the 'First year rate' VED the majority of vehicles move to the 'Standard rate' of vehicle tax which is £145 a year.

The 'First year rate' will be based on the CO<sub>2</sub> emissions, fuel type and the list price of the vehicle supplied by the Manufacturer or Retailer as applicable on the day before the vehicle is first registered and taxed.

After the 'First year rate', all vehicles with zero emissions will be exempt from the 'Standard rate' of vehicle tax. All petrol and diesel vehicles will pay a standard rate of £145 a year, and alternative fuel vehicles will pay a standard rate of £135 a year.

Petrol or diesel vehicles with a list price over £40,000 at first registration will pay £465 a year, after the first 'First year rate' vehicle tax, for a period of five years. This comprises the £145 'Standard rate' and £320 additional rate. After five years the vehicle tax will revert to the 'Standard rate' of £145 per year.

Alternative fuel vehicles – hybrids, bi-ethanol or LPG, with a list price over £40,000 at first registration will pay £455 a year after the 'First year rate' vehicle tax for a period of five years. This comprises the £135 'Standard rate' and £320 additional rate which reverts to £135 'Standard rate' after five years.

Vehicles with a list price exceeding £40,000 with zero emissions (including electric) will pay the additional rate of £320 a year for a further five year period, after the 'First year rate' tax. After the five year period these vehicles will pay zero VED tax.

There is no provision for 6 month's 'First year rate' VED.

Interior shown is Touran SE Family with optional Discover Navigation Pro touch-screen navigation/DVD infotainment system with integrated voice activation, 3Zone electronic air conditioning, Driver Alert system and metallic paint.

# CO<sub>2</sub> EMISSIONS, BIK% AND VED BANDS WITH OPTIONAL WHEELS – 2020 MODEL YEAR †

## EFFECT OF WHEEL SIZE ON CO<sub>2</sub> EMISSIONS, BIK% AND VED BANDS

Choosing larger alloy wheels than standard as an option, may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently increased Vehicle Excise Duty (VED) band and BIK rates paid by company car drivers may increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may increase as a result of the increased VED rate. The chart below shows CO<sub>2</sub> emissions and the related VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the increased cost payable due to a change in VED band.

These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. There is a new test used for fuel consumption and CO<sub>2</sub> figures (known as WLTP). The CO<sub>2</sub> figures shown however, are based on a calculation designed to be equivalent to the outgoing (NEDC) test cycle and will be used to calculate vehicle tax on first registration. For more information, please see [volkswagen.co.uk/owners/wltp](http://volkswagen.co.uk/owners/wltp) or consult your authorised Volkswagen retailer.

2. The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please note: the increase in VED and BIK rate that is payable is in addition to the cost of the optional alloy wheels. Please consult your Volkswagen retailer for full details.

‡ These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. More information is available at [www.volkswagen.co.uk/owners/wltp](http://www.volkswagen.co.uk/owners/wltp).

SCR (Selective Catalytic Reduction) requires AdBlue<sup>®</sup>, please see page 30 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

RDE2 refers to Real Driving Emissions Step 2.

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet EURO 6 exhaust gas regulations.

#### How does the system work?

AdBlue<sup>®</sup>, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle's exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue<sup>®</sup> you will use.

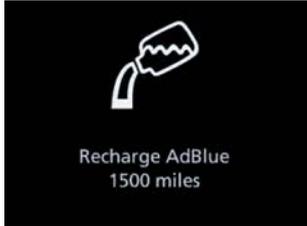

The size of the AdBlue<sup>®</sup> tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue<sup>®</sup> is consumed. A passenger car can consume approximately 1.5 litres of AdBlue<sup>®</sup> every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue<sup>®</sup> tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue <sup>®</sup> tank filler location	Initial warning of low AdBlue <sup>®</sup> (2,400km/1,500 miles to go) can be expected to occur at:
Touran	11 litres	Next to fuel filler nozzle	3,000 to 4,000 miles or sooner*

\* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

## How will I know if the system needs topping-up?

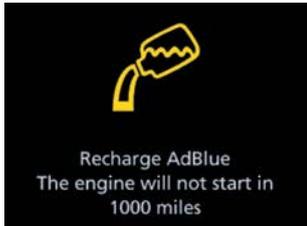

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

## Why should I use a Volkswagen Authorised repairer for top-ups?

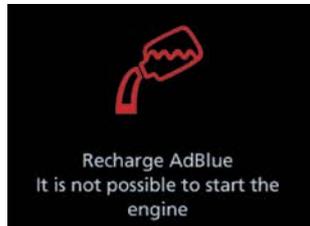

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers.

## Important information

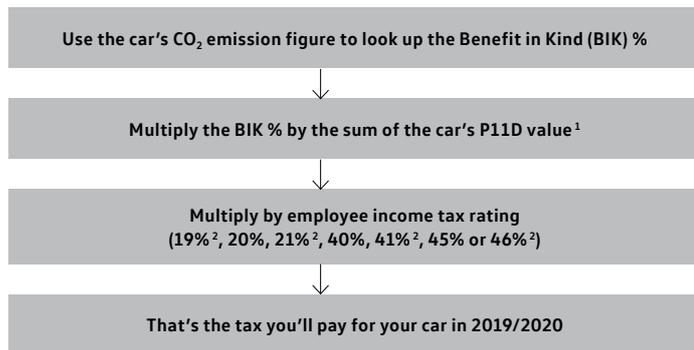

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle's paintwork, for example, wipe them off and if necessary rinse the area with water

AdBlue® warning lights.

# COMPANY CAR TAXATION CHART – TAX YEAR 2019/20

## HOW TO CALCULATE YOUR COMPANY CAR INCOME TAX LIABILITY – EFFECTIVE 6.4.2019

The government is retaining the diesel supplement in company car tax until 2021, when EU-wide testing procedures will ensure new diesel cars meet air quality standards even under strict 'real world' driving conditions. From 6 April 2018 drivers must add 4% to their appropriate percentage if the car is propelled solely by diesel (up to a maximum of 37%).

From 2020/21, the BIK percentages for zero emission cars will reduce from 16% to 2%, whilst BEV/PHEV cars with CO<sub>2</sub> emissions between 1-50g/km will vary between 2% and 14%, depending on the electric range (miles).

For further details of company car tax, please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk/fleet/company-tax](http://www.volkswagen.co.uk/fleet/company-tax)

1 P11D values given in this price list are based on standard specification models with no factory-fitted options or other accessories. If your car includes factory-fitted options or other accessories, you may need to adjust the P11D value to take this into account.

2 From 6 April 2018, new income tax rates have been introduced for Scottish Taxpayers, these figures reflect the new Scottish rates. For full details of Scottish BIK tax liability, please refer to the Benefit In Kind for Scottish Residents section on page 35.

# THE VOLKSWAGEN SERVICE, FOR YOUR PEACE OF MIND

## THE VOLKSWAGEN WARRANTY

Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)

### THREE-YEAR WARRANTY

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty<sup>1</sup>. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

### BODY PROTECTION WARRANTY

The internal body sections and panels of the Touran are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

### THREE-YEAR PAINTWORK WARRANTY

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

### APPROVED ACCESSORIES

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

### ADBLUE®

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue® which must be kept topped up. Please see [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

### SERVICE INTERVALS

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000<sup>3</sup> and a maximum of 20,000<sup>3</sup> miles or 24 months (whichever is soonest) between oil changes.

### SERVICE INTERVALS (CONTINUED)

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

## PRICES AND SPECIFICATIONS

The prices and specifications contained in this price list are for information purposes only as our products are continually updated and changes may be made to the prices and specifications at any time. If you require any specific feature, please consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Prices and specifications are subject to change without notice.

Following the announcement of a price increase, any vehicle order which can be accepted into the factory production system before the effective date of the price increase will be supplied at the current price, even if built and delivered after the date on which the increase became effective.

*Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.*

## BENEFIT IN KIND (BIK) FOR SCOTTISH RESIDENTS

Effective as of April 6 2018, the Scottish Government introduced their own BIK taxation structure. This is only applicable to Company Car Drivers that are resident Scottish taxpayers. HMRC will continue to be responsible for the collection and management of taxes and will determine whether or not an individual is a Scottish taxpayer based on where their primary place of residence is.

Scottish Income Tax rates and Bands 2018/19

Starter rate 19% – over £11,850 – £13,850

Basic rate of 20% – over £13,850 – £24,000

Intermediate rate 21% – over £24,000 – £44,273

Higher rate 41% – over £44,273 – £150,000

Top rate 46% – above £150,000

- 1 All warranty work must be completed by an authorised Volkswagen retailer or repairer.
- 2 The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
- 3 The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
- 4 Volkswagen Car Insurance is underwritten by U K Insurance Limited. Registered Office: The Wharf, Neville Street, Leeds LS1 4AZ. Registered in England and Wales number: 1179980.
