The new Arteon
The new Arteon is eye-catching from any angle, with its elongated contours and low, aerodynamic silhouette. The wrap-around bonnet and frameless side windows exude quality and elegance, reflecting the style of a classic fastback saloon, beautifully complemented by the striking rear design. The R-Line offers exclusive styling that creates a more sportier feel to the exterior, including uniquely styled bumpers, 19 inch ‘Montevideo Black’ alloys, unique ‘C’ signature ‘Gloss Black’ front air intakes, chrome detailing and the characteristic ‘R-Line’ logo in the radiator grille and below the bonnet line on the front wings. No wonder the new Arteon is exceeding all expectations.

Model shown is new Arteon R-Line 2.0 ltr BiTDI SCR 4MOTION with optional 20” ‘Rosario Dark Graphite’ alloy wheels and metallic paint.

A new era of Volkswagen design.

The distinctive rear design of the new Arteon R-Line is characterised by the sculpted tailgate with Arteon lettering, ‘Gloss Black’ rear tailgate spoiler and chrome-effect trapezoid trim around the exhaust outlets. Wide, athletic, shoulders pay homage to classic sports car styling. Model shown is new Arteon R-Line 2.0 ltr BiTDI SCR 4MOTION with optional 20” ‘Rosario Dark Graphite’ alloy wheels and metallic paint.
The new Arteon – Elegance

The epitome of elegance.

The sleek bodyline of the new Arteon Elegance is flowing, dynamic and inviting. Every detail is expressive and precise, such as the continuous chrome trim on the lower bodywork, radiator grille louvres, headlights and side window surrounds, with matt-chrome effect top and matt black lower door mirrors, 18 inch ‘Muscat Black’ alloy wheels, stylish dual LED headlights with separate LED daytime running lights and stylish ‘Elegance’ badging on the side panels. This is Volkswagen design at its very best.

Model shown is new Arteon Elegance 2.0 ltr BiTDI SCR 4MOTION with optional 19” ‘Chennai’ alloy wheels and Oryx White premium signature paint.
A new level of elegance and comfort.

Sit back and enjoy the exquisite interior of the new Arteon Elegance. The greater choice of contemporary interior upholsteries and stylish decorative inserts, as well as exceptional levels of comfort and convenience combine to create a premium interior feel. The seats are upholstered in luxurious ‘Nappa’ leather, shown here in Mistral Grey/Raven Grey, with the driver’s ergoComfort seat featuring electric 6-way adjustment including lumbar support. Generous head and legroom in both the front and rear gives a real sense of spaciousness, ensuring total relaxation on every trip.

The new Arteon – Elegance.

The stylish and sporty 18 inch ‘Muscat Black’ alloy wheels add a further touch of refinement to the exterior of the Arteon Elegance.
A sensory experience.

The interior of the new Arteon R-Line provides a sensory experience thanks to the wealth of advanced design features and exclusive materials. The stylish aluminium horizontal air vents stretch the width of the dashboard framing the analogue clock, and ambient lighting in all doors and across the dash with a choice of three colour options creates a soothing and eloquent feel. The interior ambience continues with sumptuous Black ‘Nappa’ leather seats with ‘Carbon Optic’ side bolsters, complemented by contrast stitching and embroidered ‘R-Line’ logo. The ergoComfort driver’s seat has electric 6-way adjustment and can also be specified with 14-way adjustment, comfort entry/exit, memory and massage functions should you choose. The multifunction leather trimmed steering wheel features the distinctive ‘R-Line’ logo and decorative stitching, and the interior is complemented by the ‘Titan Black’ rooflining and stylish ‘Silver Rise’ decorative inserts in the dash and door panels.
An exceptional view from any perspective.

The new Arteon is equipped throughout with sophisticated design features. The stylish optional panoramic sunroof fills the interior with fresh air and natural light, providing an exceptional field of vision. Along with the ambient interior lighting, it ensures a pleasant, relaxing driving experience. The Active Info display with 12.3” high resolution colour display and customisable menu enables you to keep an eye on all vehicle functions easily and safely, while the ‘Air Care Climatronic’ 3Zone electronic air conditioning, heated ‘Nappa’ leather seats with three pre-set temperature settings and Driver Personalisation profile ensure comfort is of a premium. Outside, the tinted rear and side windows enhance privacy, as well as creating a further impressive exterior.

01 The optional panoramic tilting/sliding sunroof operates at the touch of a button, providing fabulous views and flooding the interior with light creating a generous sense of space. Optional on all models. Interior shown is new Arteon R-Line.

02 The leather trimmed three-spoke multifunction steering wheel allows you to control all relevant information during the journey without taking your hands from the wheel. The Active Info Display features a large 12.3” high resolution TFT display showing information and graphics about fuel consumption, efficiency, navigation and drive assistance systems, all centrally located at the heart of the dashboard displayed in your direct line of vision. As you wish, you can customise the display to suit your preferred individual needs. Standard on all models.

03 The boot provides an impressive 563 litres of luggage space, extremely generous by fastback standards. Thanks to the ‘Easy Open’ electric tailgate operation, providing you have the key on you, it simply takes a flick of the foot under the rear of the vehicle to open the electric tailgate. The time-delay electric closing function allows you to clear the tailgate at the touch of a button, leaving you free to load and unload at your leisure. Optional on all models. Model shown is new Arteon R-Line 2.0 ltr BiTDI SCR 4MOTION DSG with optional 20” ‘Rosario Dark Graphite’ alloy wheels and metallic paint.

04 The optional ‘Air Care Climatronic’ 3Zone electronic air conditioning system with air intensity control and automatic air recirculation allows the driver and front and passenger to set the temperature they are comfortable with independently of each other. If they require, the driver can also select a different temperature for the rear seat passengers via the Arteon’s infotainment system. Standard on all models.

05 Please note, use of polarised lenses may impair the visibility of the Head-up Display.
Advanced connectivity at your fingertips.

Not only does the design of the new Arteon break new ground, it also raises the benchmark in terms of communication, connectivity and navigation, while the optional exceptional ‘Dynaudio Confidence’ sound system delivers near concert level acoustics.

01 The Discover Navigation touch-screen navigation/radio system with 8.0 inch colour touch-screen display provides navigational functionality, dynamic navigation based on TMC+, branded points of interest, personalized European navigation, ‘App-Connect’, ‘MirrorLink’™ and ‘Car-Net’, which allows remote control of the infotainment system via smartphone. It comes with a 6-speed DQ200 DSG automatic transmission. To connect your smartphone to the system, simply download the ‘Car-Net’ app from your favorite app provider, e.g. the Apple App Store or the Google Play Store, and then complete the registration process via the app.

02 Car-Net ‘App-Connect’ allows your new Arteon to connect with current Apple and Android smartphones through three innovative technologies: ‘MirrorLink’™, Apple ‘CarPlay’ and Google ‘Android Auto’ . This enables you to display your smartphone’s most important functions, such as phone contacts, news and music, on the touch-screen of your infotainment system, enabling you to operate them simply and safely during your journey. Image shown features the display of the phone contacts of three smartphones on the touch-screen of the infotainment system. For further information, please visit www.volkswagen.com/car-net.

03 Car-Net ‘Guide and Inform’ provides continual interaction between the driver, the vehicle and Volkswagen via integrated SIM card connectivity. Highlights include ‘Automatic Accident Notification’ and ‘Breakdown Call’, allowing you to contact the Volkswagen Emergency Call Centre for your infotainment system in the event of an accident or breakdown, and then arrange repair and/or medical attention. It automatically sends vehicle data and location to the emergency services. ‘Service Scheduling’ allows you to make maintenance appointments with your preferred Volkswagen retailer, ‘Speed Alert’ activates when a certain speed is exceeded and ‘Area Alert’ allows you to receive information about potential traffic jams in your area.

04 The optional ‘Dynaudio Confidence’ soundpack produces phenomenal acoustics, a 16 channel digital amplifier delivering 700 watt output via 11 speakers, including a central speaker and a subwoofer which optimises sound, giving you and your passengers an amazing audio experience. Standard on all models.

05 Use of Car-Net ‘Security & Service’ is governed in a separate Contract concluded online with Volkswagen. The customer is responsible for the full period of validity. The Emergency Call Service is already activated when the vehicle is delivered, without any subscription or activation. The Services can only be used if the vehicle is connected to the internet. The warranty period of the connected vehicle also applies to the duration of the agreement. Not all models of the new Arteon have the Car-Net ‘Security & Service’ function. To use the free Car-Net app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. You will also need an agreed contractual period and may be subject to amendments during the duration of the contract. To download the free Car-Net app, visit the Volkswagen website at www.volkswagen.com/car-net. For further information on Car-Net, please visit www.volkswagen.com/car-net.

06 Only operable in conjunction with compatible smartphones including iPhone 5, 6 and 7. Display and operation of certified apps including audio and voice control (if supported by the app).

07 The Discover Navigation Pro touch-screen navigation/DVD radio system provides exceptional, 3D and radar functions on a plasma-covered 9.2 inch colour touch-screen, giving the touch and feel of a premium tablet. Thanks to innovative gesture control, you can control all functions, such as changing radio stations, with a simple swiping movement of the hand. It also comes with a premium 9.2-inch Discover Navigation Pro touch-screen navigation/DVD radio system. Standard on all models.

08 The new Arteon – Infotainment and Connectivity

The new Arteon – Infotainment and Connectivity

09 Connect for Bluetooth telephone and audio compatible devices are available, along with simultaneous pairing of two compatible mobile devices and SMS functionality – allowing you to read, reply and compose and send SMS messages using the touch-screen display when the vehicle is stationary (compatible Android smartphones only). Standard on all models.

10 Of particular note is the new Arteon’s ability to provide continual interaction between the driver, the vehicle and Volkswagen via integrated SIM card connectivity. Highlights include ‘Automatic Accident Notification’ and ‘Breakdown Call’, allowing you to contact the Volkswagen Emergency Call Centre for your infotainment system in the event of an accident or breakdown, and then arrange repair and/or medical attention. It automatically sends vehicle data and location to the emergency services. ‘Service Scheduling’ allows you to make maintenance appointments with your preferred Volkswagen retailer, ‘Speed Alert’ activates when a certain speed is exceeded and ‘Area Alert’ allows you to receive information about potential traffic jams in your area.

11 Art display and SD card reader. Connection for Bluetooth telephone and audio compatible devices are available, along with simultaneous pairing of two compatible mobile devices and SMS functionality – allowing you to read, reply and compose and send SMS messages using the touch-screen display when the vehicle is stationary (compatible Android smartphones only). Standard on all models.
An intelligent driving experience.

The latest driver assistance systems provide state-of-the-art intelligence, enhancing your journey and driving experience, and providing notification and assistance for you on every journey.

01 The Lane Assist function helps to prevent accidents by using a camera-controlled warning system to monitor the vehicle’s position in relation to road markings. At 40 mph or above, should Lane Assist detect your vehicle drift out of its lane, the system will take corrective action. If the maximum corrective action is not enough to keep your vehicle in its lane, or the speed drops below 40 mph, the system vibrates the steering wheel to alert the driver to correct the vehicle, helping to make driving safer and more comfortable especially on motorways. Standard on all models.

02 Area View and rear-view camera provides a 360-degree display of your new Arteon in the infotainment display, transmitting information via four cameras to the front, the sides and the rear, enabling you to view areas that are difficult to see from the driver’s seat – very useful when there is limited space to manoeuvre. Optional on all models.

03 Intelligent LED self-levelling headlights with separate LED daytime running lights and Dynamic Light Assist. The Dynamic Light Assist ensures greatest visibility on the road automatically controlling the nose beam by partially masking the beam so it doesn’t dazzle oncoming road users, but allows nose beam to remain on Standard on all models.

04 Adaptive Cruise Control (ACC) with predictive cruise control is a radar sensor-controlled distance monitoring system that activates a front mounted camera set a distance to the vehicle in front and standard on a variable speed cruise control. Automatically accelerating and braking as necessary Speed Assist sets a predetermined speed in conjunction with the front camera, monitoring vehicle speed and the speed of the car in front, the navigation data for ‘set’ changing speed limits, as well as parts of lanes, roundabouts and handbrakes, and automatically adapts the vehicle’s speed accordingly.

Front Assist monitors the traffic in front of your car, warning the car in time for providing visual and audible warnings when you get too close and even applying the brakes. If necessary, it decelerates the vehicle. City Emergency Braking Function is active in traffic speeds up to 30 mph. Should the system detect a possible collision, it will boost brake pressure if required to avoid it. Adaptive Brake function allows you to set a maximum speed limit for your vehicle. Traffic jam assist is beneficial in slow-moving and stop-start traffic. It detects if traffic is stopping and slows your vehicle to a standstill if necessary. Once the car in front pulls away, the system recognises this and sets the vehicle in motion. Standard on all models.

05 The second generation of Emergency Assist including emergency lane change assist can help even further should a driver medical emergency situation arise. In conjunction with the 360-degree cameras, the system recognises an incapacity of the driver and not only slows the car down within the system’s limits, but now also shows it onto the slant lane – traffic behind permitting. This is all the system cannot detect any steering, braking or acceleration activity, it elects the driver. The drive remains passive, it automatically activates the hazard warning lights alert all other road users. The ACC system initiates automatically braking at all the same time owns the vehicle into the side of the road to the driver whilst maintaining the surrounding traffic. When the system is added it also enables Rear Proactive Occupant Protection which continuously monitors the rear and if there is the possibility of a collision, the system reacts accordingly. Optional on all models. Only in conjunction with 360-degree cameras must be ordered in conjunction with Park Assist and rear-view camera.

Please note: The intelligent technology of Adaptive Cruise Control (ACC) with predictive cruise control cannot overcome the laws of physics and functions only within the limits of the system. It is the driver’s responsibility to have full concentration and control of the vehicle, as well as ensuring appropriate speeds by observing the maximum speed limits and road positioning of the car at all times.
01 The LED headlights with Dynamic light assist provides better visibility with dual LED projector running lights. Predictive dynamic cornering lights provide additional light steering. The front camera and radar information from the navigation system determine the vehicle’s position to enable the cornering lights to illuminate bends before you start to turn the wheel, allowing you to see and be seen, much better on winding roads. In rain, fog or snow the Light mode for poor weather provides specific illumination for poor weather, as well as having both cornering lights activated. In this mode Dynamic light assist is deactivated. The headlight washer system ensures your headlights remain free from dirt. Standard on all models.

02 Dynamic Chassis Control (DCC) provides a choice of Eco, Normal, Comfort or Sport modes. With the touch of a button, it adapts the damping control and shock absorption rate to the road conditions and driving style you require within milliseconds. An extension of DCC is an Individual mode that allows up to 43 selectable stages of personalised adjustments for further comfort or an increased sportier drive. Standard on all non-4MOTION models, optional on all 4MOTION models.

03 The new Arteon – Safety and Driver’s Assistance systems

04 Pedestrian monitoring is a camera and radar sensor controlled warning system. This alerts you should it detect any pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals as well as a gentle tap of the brakes. Standard on all models.

05 Traffic Lane Assist. As part of the Adaptive Cruise Control (ACC) with predictive cruise control system, Traffic, lane assist will automatically stop and start your vehicle in slow moving or stationary traffic. Sensors will detect when the vehicle in front is stopping and will brake or gently flex the air bag and seat belts to warn the driver. Standard on all models.

06 The Park Assist system not only makes parallel parking easier, but also helps you reverse into a space at 90 degrees to the kerb. Using ultrasonic sensors, the back of the vehicle is scanned, the Park Assist system detects an appropriate space large enough for the Arteon. Once the sensor is activated it is possible to completely switch control over to the system. Standard on all models.
Alloy wheels.

01 ‘Muscat Black’ 8 x 18” alloy wheels with 265/40 R18 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
02 ‘Montevideo Black’ 8J x 19” alloy wheels with 265/40 R19 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
03 ‘Almere Black’ 8J x 18” alloy wheels with 265/45 R18 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
04 ‘Almere Adamantium’ 8J x 18” alloy wheels with 245/45 R18 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
05 ‘Muscat Atlantic Blue’ 8J x 18” alloy wheels with 265/45 R18 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
06 ‘Chennai’ 8J x 19” alloy wheels with 245/40 R19 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
07 ‘Chennai Adamantium’ 8J x 19” alloy wheels with 265/40 R19 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
08 ‘Rosario’ 8J x 20” alloy wheels with 245/35 R20 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.
09 ‘Rosario Dark Graphite’ 8J x 20” alloy wheels with 265/35 R20 self-sealing ‘AirStop’ tyres and anti-theft wheel bolts.

Protection and car care.

Protection and car care. Make a statement and further enhance your new Arteon by choosing from our wealth of stylish, innovative and sporty Volkswagen accessories. Choose from the high-quality carrier systems to the latest in-car safety technology and select the accessories to perfectly match your lifestyle.

Accessories.

01 New bumper protection film – transparent
Protect your rear bumper from scratches and marks with this easy to fit transparent film. It’s subtle, practical and protects your paintwork when loading and unloading. Fully fitted. Part number: 3G8 061 197

03 Mudflaps – front – black
Tailored for the vehicle, these highly durable mudflaps protect the underbody, sills, doors, bumper and the rear of your vehicle from dirt. They also significantly reduce the impact of dangerous road chippings and water spray. Fully fitted. Part number: 3G8 075 111

04 Mudflaps – rear
Part number: 3G8 075 101

05 Rubber floor mats – front – black
These black/silver sill protectors enhance the appearance of the vehicle. They also protect the sills against scratches from shoes and heels. Fully fitted. Part number: 3G8 071 161 ZMD

06 Rubber floor mats – rear – Black
Protecting your vehicle interior against dirt and moisture, rubber mats are manufactured to perfectly fit, are easy to clean and have a non-slip underside. Part number: 3G8 061 162 ZMD

07 Flexible loadliner
This light, flexible and washable custom-made loadliner fits perfectly to the vehicle’s boot contours, protecting it from moisture and dirt. The moulded styling prevents movement of goods in the boot. If not required, it can be neatly rolled up to save space. Part number: 3G8 061 367

08 Semi-rigid loadliner
Keep your boot clean with this washable non-slip liner. Its high perimeter edge stops dirt and liquids from escaping, and its precision dimensions keep everything covered. Part number: 3G8 061 161

01 Flexible loadliner

There’s a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you’re looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there’s a Volkswagen for everyone.

If you’re thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there’s bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

**SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 34 or visit www.volkswagen.co.uk/technology/adblue for more details.**
**Transmission**

- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with two turbochargers and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). BiTurbo second turbocharger or supercharger.
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/280 PS (01) (206 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a seven speed automatic DSG transmission.
- Front transverse-installed engine
- Electro-mechanical steering rack
- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control), EDTC (Engine Drag Torque Control) and Countersteer Support with trailer stabilisation function
- Four wheel drive, 4MOTION: Seven speed automatic DSG gearbox 2.0 ltr TSI 280 PS and – 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- Rear suspension with gas pressure shock absorbers and separate springs
- Front suspension with gas pressure shock absorbers and separate springs
- XDS electronic differential lock
- Front and rear anti-roll bar
- Front transverse-installed engine
- Electro-mechanical steering rack
- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control), EDTC (Engine Drag Torque Control) and Countersteer Support with trailer stabilisation function
- Four wheel drive, 4MOTION: Seven speed automatic DSG gearbox 2.0 ltr TSI 280 PS and – 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- Rear suspension with gas pressure shock absorbers and separate springs
- Front suspension with gas pressure shock absorbers and separate springs

Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- Rear suspension with gas pressure shock absorbers and separate springs
- Front suspension with gas pressure shock absorbers and separate springs
- XDS electronic differential lock
- Front and rear anti-roll bar
- SCi (Selective Catalytic Reductuion) requires AdBlue®, please see page 31 or visit www.volkswagen.co.uk technology/adblue for more details.

---

**Technology.**

**Technical specification notes**

- 01) Fuel consumption and CO2 figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in ‘real world’ driving conditions. More information is available on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and factory-fitted options may emit higher levels of CO2. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO2 emissions and subsequently an increased VED rate. CO2 is the main greenhouse gas responsible for global warming. The result of the increased VED rate. CO2 is the main greenhouse gas responsible for global warming. The result of the increased VED rate.

- 06) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.

- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.

- 03) With rear seats upright 563 method using 200 x 100 x 50mm blocks

**Transmission**

- Electronic differential lock, combined with a hydraulically operated single plate dry clutch with adjustable free play in the on-off control system and an automatic self adjuster.
- Four wheel drive with an on-off control system and an automatic self adjuster.
- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch mechanism.
- Semi automatic with seven speed automatic gearbox with paddle gear shift.
- Four wheel drive, 4MOTION: Seven speed automatic DSG gearbox 2.0 ltr TSI (92 PS) and 2.0 ltr TDI (104 PS) and 2.0 ltr TDI (140 PS) and 2.0 ltr TDI (177 PS) and 2.0 ltr TDI (204 PS) and 2.0 ltr TDI (231 PS) and 2.0 ltr TDI (240 PS) and 2.0 ltr TDI (272 PS) and 2.0 ltr TDI (280 PS) and 2.0 ltr TDI (286 PS). Front wheel drive through asbestos-free single-plate dry clutch.

**Brakes**

- Electronically controlled Anti-lock Braking System (ABS) with Hydraulic Brake Assist (HBA).
- Dual circuit and proportioning valve braking system with ventilated front disc brakes and rear disc brakes.
- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD).
- Dual circuit and proportioning valve braking system with ventilated front disc brakes and rear disc brakes.
- – HBA (Hydraulic Brake Assist)
- – Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes
- – Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- – XDS electronic differential lock
- – Front and rear anti-roll bar
- – Four wheel drive, 4MOTION: Seven speed automatic DSG gearbox 2.0 ltr TSI 280 PS and – 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

How does the system work?

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations. This system uses a technique called AdBlue® to keep the emissions in your car below the limit set by law.

What is AdBlue®?

AdBlue® is a liquid that helps reduce the emissions of your car. It is a mixture of urea and water, which is injected into the exhaust system to reduce nitrogen oxides before they are released into the atmosphere.

How much AdBlue® do I need?

The amount of AdBlue® you need depends on how much your car is driven. Your car’s computer will tell you when you need to top up AdBlue®. You can find more information about AdBlue® in your vehicle handbook.

How do I know if I need to top up AdBlue®?

A series of warnings will be given via the driver information system, accompanied by advice/messages. If you receive a warning, you should check the AdBlue® tank to see if it needs topping up.

Where is the AdBlue® tank located?

The AdBlue® tank is located under the rear bumper, close to the fuel filler nozzle. You can find more information in the vehicle handbook.

Can I fill AdBlue® myself?

It is recommended that you only fill AdBlue® at an authorised repairer, as they are trained to handle it safely. If you fill it yourself, you risk damaging your car and risking the environment. Always consult your vehicle handbook for more information.

Can I use any diesel fuel?

No, you should only use diesel fuel that is approved for use with AdBlue®. Always check the fuel pump for any AdBlue® signs.

What happens if I run out of AdBlue®?

If you run out of AdBlue®, your car will not restart once the ignition is turned off. This is not a fault, but a required safety feature. AdBlue® tank size and location details are in the vehicle handbook.

How far can I drive on AdBlue®?

AdBlue® can last for 620 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated when AdBlue® is running low.

What can I use to top up AdBlue®?

AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre. Further information is available in the vehicle handbook.

Effect of wheel size on CO2 emissions and VED bands

Choosing larger alloy wheels where standard is an option, may result in increased fuel consumptions as well as higher CO2 emissions and subsequently increased Vehicle Excise Duty (VED) and IR rates paid by company car drivers may increase. This is partly due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended VEd rate may increase for the vehicle as a result of the increased VED rate. The chart below shows the CO2 emissions and the related VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the increased cost payable due to a change in VED band.

Please consult your Volkswagen retailer for full details.
Approved Accessories

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, please consult your authorised Volkswagen retailer or repairer for full warranty details.

12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer’s operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Retailer Warranty 1. Should the mileage exceed 60,000 miles within the first two years, the manufacturer’s warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) comes into effect. The vehicle will be covered for a further one year/60,000 miles (whichever is soonest).

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the cost of any manufacturing defects. Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details please contact your authorised Volkswagen retailer or visit www.volkswagen.co.uk.

Volkswagen Insurance

Exemptions and terms and conditions apply to all warranties and plans listed. For pricing and further details of all Volkswagen Motor Insurance and Finance Plans, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

The Volkswagen Warranty

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the cost of any manufacturing defects. This covers your new car’s manufacturer’s warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest).

Retailer Warranty

1. Should the mileage exceed 60,000 miles within the first two years, the manufacturer’s warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) comes into effect. The vehicle will be covered for a further one year/60,000 miles (whichever is soonest).

Volkswagen’s accident and repair cover which does exactly that. It works alongside your main comprehensive insurance and provides cover for the vehicle’s repairs. If you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn’t you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts and paints. It can make sure you get the quality repair you and your vehicle need and want.

The specifications contained in this brochure are for information purposes only and are subject to change. Please consult your authorised Volkswagen retailer prior to ordering.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service, but this may cause the vehicle to exceed the General Insurance Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details please contact your authorised Volkswagen retailer or visit www.volkswagen.co.uk.

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle security and home recovery in the unlikely event of a breakdown in the UK and Eu and subject to ownership. Volkswagen Roadside Assistance does not include the following: non-UK-based breakdowns and breakdowns due to mechanical failure, caravans, trailers, motorbikes, limousines and private hire vehicles.

Vehicle insurance

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can.

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can.

Finance is available to 18s and over, subject to status. Terms and conditions apply. Volkswagen Finance.

Volkswagen Motor Insurance from VWFS UK is sold and administered by Ageas Retail Limited, registered in England and Wales number: 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Annual insurance credit is provided by Ageas Retail Limited.

Volkswagen Assurance

For full details, please contact your authorised Volkswagen retailer.
