THE NEW GOLF ESTATE
Impressive torque delivers real power, ensuring great driving enjoyment, while efficient engine technology and a reduced body weight provide exceptional economy, giving you plenty to smile about. In fact, the only one who’s not laughing is the petrol station owner.

This shows a new Golf Estate GT 1.4 litre TSI with optional 18" 'Durban' alloy wheels and metallic paint.

Children laugh up to 400 times a day. Adults laugh only 15 times.

With up to 320 NM of torque at your fingertips, the new Golf Estate has the power to put the fun back into life.
With its characteristic silhouette and striking C pillar, it’s unmistakably a Golf. But at 307mm longer than the Golf, the new Golf Estate is immensely practical, with sculpted bodylines and a third side window that flows into the D pillar creating a sporty, elegant look. Stylish, dynamic and elegant, the design speaks volumes, however lost for words you may be.

ON AVERAGE, WOMEN USE AROUND 20,000 WORDS A DAY, AND MEN AROUND 7,000. BOTH WILL BE SPEECHLESS AT FIRST SIGHT OF THE NEW GOLF ESTATE.

Model shown is new Golf Estate GT 1.4 litre TSI with optional Bi-xenon headlights, 18" 'Durban' alloy wheels and metallic paint.
Thanks to 605 litres of boot space, the new Golf Estate is incredibly versatile. Offering a full 1,620 litres of space with the back seats folded down, it won’t just carry your shopping, it can take skis, a surfboard or a pushchair with the greatest of ease, while its flexible layout allows you to accommodate any combination of loads, luggage and passengers you choose. What better excuse do you need to go shopping?
As well as smooth, effortless power, the new Golf estate offers front sports seats with height and lumbar adjustment, ambient lighting and the latest entertainment and communication systems, ensuring total luxury and relaxation on every trip, however short. Which begs one question. Why walk?

As well as smooth, effortless power, the new Golf Estate offers front sports seats with height and lumbar adjustment, ambient lighting and the latest entertainment and communication systems, ensuring total luxury and relaxation on every trip, however short. Which begs one question. Why walk?

There’s a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you’re looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and ultra-efficient BlueMotion Polo, there’s a Volkswagen for everyone. If you’re thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there’s bound to be at least one that catches your eye.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it’s space you’re after, then you might also like to consider the Tiguan, Golf Plus, Golf Estate, Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement. For more fun with the top down, why not consider Beetle Cabriolet, Golf Cabriolet or Eos.

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé. All the luxury you need can also be found in the top of the range Phaeton, and executive comfort in the Passat Saloon and Jetta.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology. WATCH: an standard for optimum road grip, stability and control. Go anywhere, do anything in our four wheel drive alternatives: Tiguan and Passat Alltrack.

Sporty

Scirocco: As exciting to drive as it is to look at. Style, performance and power. You will also find our sporty gene in the iconic Golf GTI and Golf GTD. Or for something more refined and elegant, there’s the Eos too.

Efficient

Our BlueMotion models benefit from innovative energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, accompanied with advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf or Passat.

However, BlueMotion technology can be found across our range where automatic Start/Stop technology and brake energy recuperation is standard on the majority of our engines, helping you to save more money by being more efficient.

City run around

up!: The ideal city car. Efficient, fun and surprisingly spacious, with that trademark Volkswagen solidity.

If you’re looking for something slightly more spacious, then why not consider the up!’s bigger sibling, the Polo. City run around efficiency with more versatility and even more space can be found on the iconic Golf – winner of ‘World Car of the Year 2013’.

To see these models and configure your ideal Volkswagen, visit www.volkswagen.co.uk

TECHNOLOGY

Transmission
- Electronic differential lock, combined with a hydraulically operated single plate dry clutch with automatic free-running in six or seven-speed automatic DSG gears
- Front wheel drive through automatic single plate dry clutch, hydraulically clutched mechanism
- Five or six speed manual, six or seven-speed automatic DSG gears, with double clutch halves (see clutch figures for six-speed manual and six-speed automatic DSG gearboxes)

Braking system
- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Axle Correction Support) and Countersteer Support
- Front suspension with gas pressure shock absorbers and separate springs
- Torsion beam rear axle (1.2 litre TSI 85 PS, 1.2 litre TSI 105 PS, 1.6 litre TDI 90 PS, 1.6 litre TDI 105 PS)
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- XDS electronic differential lock, combined with a hydraulically operated single plate dry clutch in six or seven-speed automatic DSG gearboxes

Steering
- Electro-mechanical steering rack
- Calf-hugger, height and length adjustable, safety version

Brakes
- Electronically controlled Anti-lock Braking System (ABS) withble EDL (Electronic Differential Lock) and ESP (electronic stability control) with four valves per cylinder, fitted with a turbocharger and a DPF (diesel particulate filter)
- Available with a five speed manual transmission or a seven-speed automatic DSG transmission

Engines
- 1.6 litre/110 PS (01) (85 kW) petrol engine: four cylinder in-line import fuel injection engine, two valves per cylinder and turbocharger module with electronic boost pressure regulation
- Available with a five speed manual transmission or a seven-speed automatic DSG transmission
- 1.6 litre/112 PS (01) (85 kW) petrol engine: four cylinder in-line import fuel injection engine, four valves per cylinder and turbocharger module with electronic boost pressure regulation
- Available with a six speed manual or a seven-speed automatic DSG transmission
- 1.4 litre/122 PS (01) (90 kW) petrol engine: four cylinder in-line import fuel injection engine, four valves per cylinder and turbocharger module with electronic boost pressure regulation
- Available with a six speed manual transmission or a seven-speed automatic DSG transmission
- 1.6 litre/110 PS (01) (85 kW) petrol engine: four cylinder in-line import fuel injection engine, two valves per cylinder and turbocharger module with electronic boost pressure regulation
- Available with a five speed manual transmission or a seven-speed automatic DSG transmission

Exterior dimensions
- Length, mm 4492
- Width, mm 1756
- Height, mm 1479
- Wheelbase, mm 2646
- Curb weight, kg 1270
- Turning circle, m 11.9

Interior dimensions
- Effective headroom – front, mm 981 (972)
- Effective headroom – rear, mm 981 (972)
- Shoulder width, front, mm 1398
- Shoulder width, rear, mm 1368

Maximum luggage capacity, litre, VDA measuring method using 120 x 120 x 50mm blocks
- With rear seats upright 605
- With rear seats folded 1250

Technical specification notes
(01) The maximum power output figures are specified in PS (or Pferdestärke, which is the metric equivalent of horsepower), to convert from metric to imperial horsepower divide the PS figure by 1.341.
(02) Figures are calculated in accordance with the manufacturer’s specifications. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The individual unladen weight and payload both include the fuel tank 90% full, oil (50%), and luggage (in-line with EU directive 96/58). Unladen weight shown refers to 3-door models. The unladen weight of 0.5 tonne models will increase by 30%.
(03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
(04) The use of 100% RME and DME (bio-diesel) is not permitted. Forecast diesel fuel with up to 70% less diesel content, adhering to standard EN 590, can be used in diesel engines. The use of biocetane in forecast petrol meeting EN 228 is allowable.
(05) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower).

Transmission
- Electronic differential lock, combined with a hydraulically operated single plate dry clutch with automatic free-running in six or seven-speed automatic DSG gears
- Front wheel drive through automatic single plate dry clutch, hydraulically clutched mechanism
- Five or six speed manual, six or seven-speed automatic DSG gears, with double clutch halves (see clutch figures for six-speed manual and six-speed automatic DSG gearboxes)

Braking system
- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Axle Correction Support) and Countersteer Support
- Front suspension with gas pressure shock absorbers and separate springs
- Torsion beam rear axle (1.2 litre TDI 85 PS, 1.4 litre TDI 90 PS, 1.4 litre TDI 105 PS)
- Multi-link rear axle (6.5 litre TDI 125 PS, 6.5 litre TDI 140 PS, 6.5 litre TDI 150 PS)

Steering
- Electro-mechanical steering rack
- Calf-hugger, height and length adjustable, safety version

Brakes
- Electronically controlled Anti-lock Braking System (ABS) withble EDL (Electronic Differential Lock) and ESP (electronic stability control) with four valves per cylinder, fitted with a turbocharger and a DPF (diesel particulate filter)
- Available with a five speed manual transmission or a seven-speed automatic DSG transmission

VOLKSWAGEN SERVICE

The Volkswagen Warranty
Three-year Warranty
All Volkswagen passenger cars come with a three-year/60,000 miles warranty. If the car you want to purchase is a new car, our financial advisers will be able to check the warranty for you. If you are dealing with an independent or used car dealer, you will need to check the warranty on your own. Full details of the three-year warranty are available in your authorised Volkswagen retailer or repairer.

For full details, please contact your authorised Volkswagen retailer or repairer.

For full details, please contact your authorised Volkswagen retailer or repairer.

Three-year Warranty
The protection of the Golf is extensive against manufacturing defects for a period of three years. However, the warranty must be on your service book to be valid. Full details of the three-year warranty are available in your authorised Volkswagen retailer or repairer.

One-year/10,000 Miles Warranty
For full details, please contact your authorised Volkswagen retailer or repairer.

One-year/10,000 Miles Warranty
The warranty periods are three years or 60,000 miles from the date the vehicle was first registered or one year from the date of the vehicle's first sale. Warranty work must be completed by an authorised Volkswagen retailer or repairer.

100% Volkswagen engineered with the latest technology and materials, the warranty period for all Volkswagen passenger cars is three years or 60,000 miles (whichever is sooner). Volkswagen Warranty FAQs. Should the mileage exceed 60,000 miles within the first three years, the manufacturer’s two-year warranty will still be valid. Full details of the three-year warranty are available in your authorised Volkswagen retailer or repairer.

For full details, please contact your authorised Volkswagen retailer or repairer.
