The new Passat. Full of advanced features and bright ideas.

Model shown is new Passat Saloon Sport with optional Bi-Xenon headlights and metallic paint. Please note, 18" 'Kansas' alloy wheels shown are available to order from early Spring 2011. Please consult your Volkswagen retailer for full details.

## Elegance redefined.

New Passat

From whichever angle you view the new Passat, the design is unmistakably and unequivocally Volkswagen: stylish, innovative and elegant.

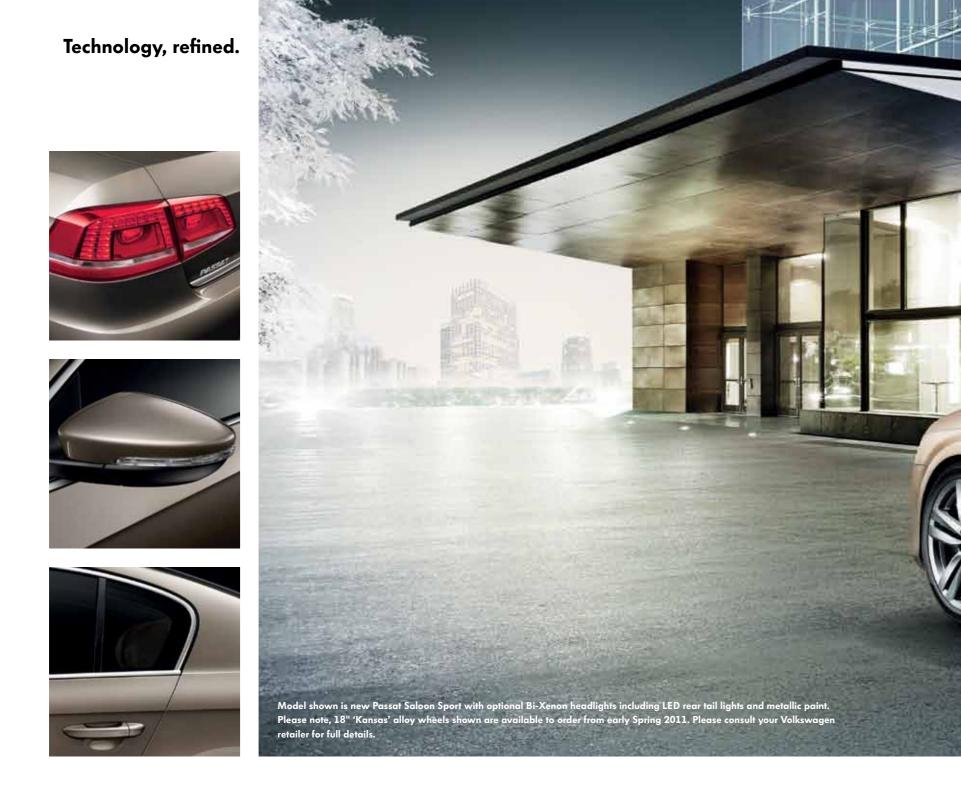

**01** The **chrome louvres** of the restyled radiator grille and chrome front bumper strips, add a touch of refinement and elegance to the front design.

02 The strong, prominent C pillar provides a dynamic transition to the distinctive rear design.
03 Optional Bi-Xenon headlights are equipped with LED daytime running lights, giving the Passat a contemporary, stylish look. The rear is also enhanced with dynamic LED rear tail lights adding to the rear exterior styling.
04 Optional 17 inch 'Sao Paolo' alloy wheels give a distinctly sporty look to SE and Sport models.

Legendary build quality, sleek contours and contemporary styling.

Contemporary styling at its best.

New Passat

## Pure charisma.

01 The RCD 310 radio/MP3 compatible CD player features eight speakers with an output of 4 x 20 watts. It also features an MDI (Multi Device Interface) and an AUX-in socket for connection to an external multimedia source (e.g. iPod or MP3 player). 02 16 inch 'Barcelona' alloy wheels with 215/55 R16 low rolling resistance tyres enhance the look of the Passat S with their

03 The 'Climatic' semi-automatic air conditioning system is extremely user-friendly, providing your required cabin temperature quickly and efficiently, while maintaining your selected temperature. **04** The **chrome rear strip on the boot lid** shows a real touch of opulence and leaves a lasting impression.

**05** The **front centre armrest** provides additional comfort for the driver, benefit from two rear air vents and two cup holders.

The new Passat S.

The new Passat SE offers an impressive level of comfort and luxury, with many impressive features fitted as standard, including front comfort seats with height and lumbar adjustment on the passengers seat, electric 6-way adjustable driver's seat with lumbar support, DAB digital receiver and Bluetooth telephone preparation for HFP (Hands Free Profile) enabled phones. **01 Cruise control** also includes a Fatigue Detection system, which detects when the driver is becoming tired and recommends taking a break, this is achieved by monitoring driving behaviour and alerting the driver via a visual and audible warning.

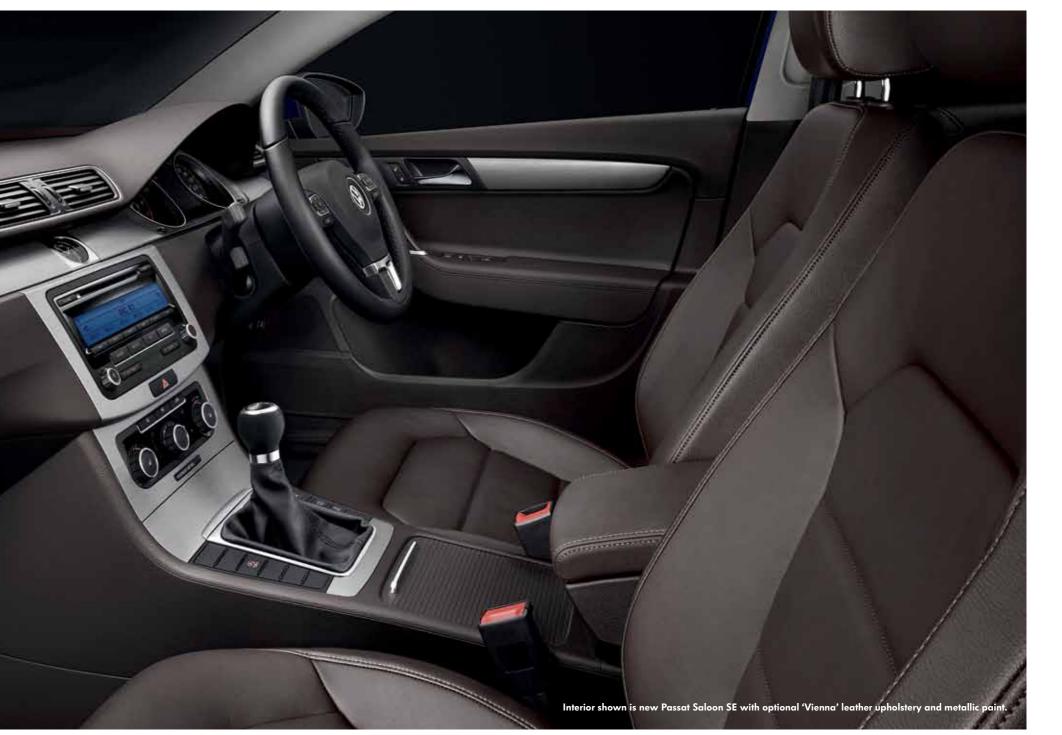

**02** In the event of a change in air pressure, the **flat tyre indicator symbol** appears in the multifunction display, advising the driver to check the tyre pressure.

03 The automatic dimming interior rear-view mirror which darkens when a following car's headlights are too high, and rain sensor, which automatically activates and controls the windscreen wipers when it detects moisture on the windscreen, provide extra safety and comfort.
04 Chrome detailing forms an elegant frame for the windows, giving greater definition to the roof and door lines. Front, side and rear bumper strips, and front fog light surrounds also feature chrome. Please note, front fog lights are optional on SE models.

05 The driver's seat offers electric 6-way adjustment including lumbar support, while head restraints can be adjusted vertically and horizontally, ensuring the optimum position for your spine. Image shown features optional climate seats with perforated 'Vienna' leather\* upholstery.
06 17 inch 'Fontana' alloy wheels with 235/45 R17 tyres give a sporty look to the exterior of the SE.

\* Only available in black. Some parts of leather interior will contain artificial leather.

## The new Passat SE.

or MP3 player.

## The new Passat Sport.

**01** The **RNS 315 touch-screen navigation/radio system with MP3 compatible CD player** features a 5 inch colour display with clearly arranged map navigation, as well as an SD card reader and practical AUX-in socket for connecting external audio devices such as an iPod or MP3 player.

**02** The **electronic tyre pressure monitoring system** informs you via the multifunction display of any loss in tyre pressure. Not only does permanent monitoring ensure a high degree of safety, but correct tyre pressure also extends the life of the tyres and reduces fuel consumption. Image shown features optional multifunction colour display.

**03** The **2Zone electronic climate control with automatic air recirculation**, courtesy of an air quality sensor, provides temperature controls that can be individually adjusted by the driver and front passenger, enabling them to set their own desired temperature. The system ensures all passengers enjoy a comfortable journey and the temperature selected is displayed accurately, within half a degree Celsius.

**04 17 inch 'Minneapolis' alloy wheels with 235/45 R17 tyres** add a great look, while lowered sports suspension ensures safe and assured handling.

05 Front fog lights with static cornering function have chrome trimmed surrounds adding a touch of elegance to the distinctive front design. Chrome-plated roof rails are a handy and practical addition to the exterior of the new Passat Estate Sport. Image shown features 18" 'Kansas' alloy wheels which are available to order from early Spring 2011.

\* Adaptive Chassis Control on 2.0 litre TSI 210 PS models only.

**01** Behind the elegant passenger compartment of the new Passat Estate lies a **flexible loading space** that can be extended to provide a massive 1,731 litres of stowage capacity when the rear seats are folded down. Image shown includes optional **sliding load bed**, as part of the **Cargo management system**.

**02** The optional **electric glass panoramic sunroof** adds a new dimension of light and space to your new Passat Estate, letting in three times more light than a conventional sunroof. The result is a beautifully light, airy passenger compartment with an uninterrupted view of the sky above. And at night, what could be better than looking up to a starlit sky? Optional on all models.

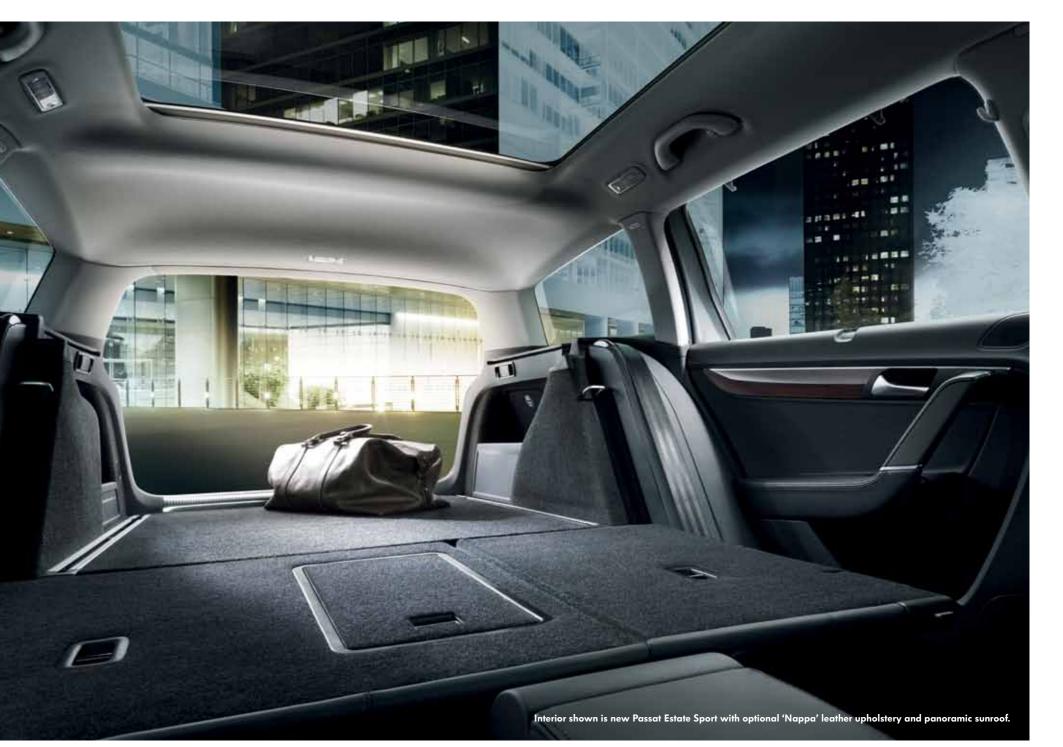

**03 Black roof rails** are a handy and practical addition to the exterior of the new Passat Estate S and SE, and can be fitted with various carrier systems for transporting bulky items.

**04** Choose a new Passat Estate Sport and you get **chrome-plated roof rails**, adding even more style to the exterior. Chrome-plated roof rails are available as an option on S and SE models.

## Estate highlights.

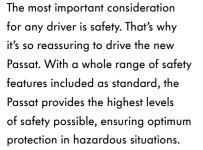

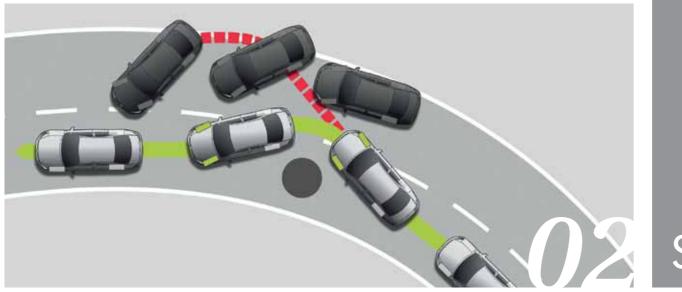

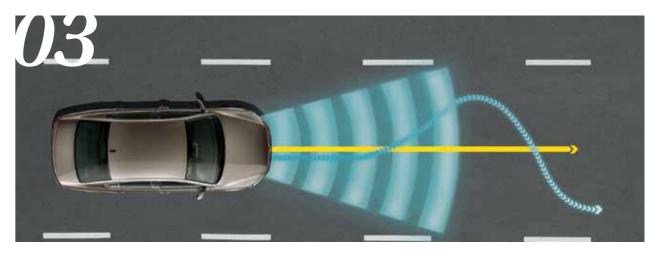

**01** Driver fatigue is a major cause of road accidents, accounting for up to 20% of serious accidents on monotonous roads, such as motorways, in Great Britain. Fatigue related crashes are often more severe than others because the driver's reaction times are delayed or they have failed to make nas developed the new **Fatigue Detection system** which gives an early varning of when you need to take a break on long and tiring journeys, naking motorway driving safer. The system works by monitoring driver behaviour closely, noting any erratic steering wheel movements and lane deviations. If the system detects an erratic or unusual driving pattern, it will alert you with a visual display on the dashboard and an audible warning sound, and if you haven't taken a break within 15 minutes, it will repeat the warnings. The Fatigue Detection system is just one of a number of Volkswagen's innovative driver assistance systems, designed to make driving easier, more comfortable and, above all, safer. Standard on SE and Sport and optional on S models as part of cruise control. 02 The Electronic Stabilisation Programme (ESP) recognises critical driving situations and reacts in milliseconds by targeting brake and management systems, controlling the speed of individual wheels and helping to bring the vehicle under control. As a result the vehicle achieves maximum directional stability.

Safety.

**03 Lane Assist** is a camera controlled lane tracking aid that countersteers your vehicle if it drifts from your chosen lane and also gives an audible warning should you remove your hands from the steering wheel. Optional on all models. Please note, Lane Assist can only be fitted in lieu of Fatigue Detection system.

**04** Optional **Bi-Xenon headlights** incorporate a variety of functions, designed to provide a clearer, brighter light and give you a better view of the road ahead. Automatic range adjustment, for example, provides wider or longer beams of light depending on your speed, while dynamic curve lighting ensures the headlights follows your steering movement, providing better illumination on bends. Headlight washers help keep your headlights free from dirt, ensuring maximum visibility, and daytime running lights not only give your new Passat its characteristic elegant look, but also ensure your vehicle is more visible during the day. Optional on all models. **05** The **standard airbag system** consists of driver's and front passenger's airbags with front passenger's airbag deactivation switch, curtain airbags for front and rear occupants, and seat side impact airbags in the front. Together with seat belts, airbags reduce the risk of serious head and chest injuries: as soon as the crash sensors register a collision, a gas generator cushion the head and upper part of the body, distributing the impact of the collision over as wide an area as possible and ensuring less forward movement of the neck, significantly reducing risk of whiplash and injury.

A range of powerful engines deliver optimum performance along with exceptional economy and lower emissions.

For years, the Passat and Passat Estate have been renowned for delivering the ultimate in reliability, practicality and comfort. Now, Volkswagen are building on this established reputation with a range of highly innovative, technological advancements, designed to meet your every expectation, and make a real difference in terms of quality, refinement and luxury. The latest TDI engines, for example, are equipped with common rail technology, ensuring high torque along with low fuel consumption. TSI petrol engines follow the downsizing principle, using low capacity, highly sophisticated turbocharging and precise direct injection to deliver maximum power and exceptional fuel economy. When utilised with BlueMotion Technologies such as the Start/Stop function\*, which momentarily switches off the engine when the vehicle is stationary and in neutral and starts it again as you depress the clutch or accelerator, and battery regeneration, which recuperates energy under braking and acceleration to boost the alternator – both fuel consumption and CO<sub>2</sub> emissions are further reduced dramatically.

01 TDI are three letters that have acquired legendary significance, symbolising high torque, low consumption and quiet performance. TDI diesel engines utilise common rail technology and are fitted with a Diesel Particulate Filter (DPF) which filters out exhaust elements that are harmful to the environment, significantly reducing diesel emissions as a result.

02 Volkswagen's technologically advanced TSI engines combine excellent driveability with impressive fuel economy. The combination of direct fuel injection and intelligent turbocharging technology allows petrol engines with TSI technology to work particularly efficiently, offering such advantages as high performance, high torque and reduced fuel consumption.

03 Externally, Volkswagen's 'BlueMotion Technology' badging identifies the cleanest, most energy-efficient cars in our range. So when you see this badge you'll know we're talking about ways to cut emissions and the cost of your motoring.

## Engines.

SF models.

01 The RCD 510 touch-screen radio/dash-mounted MP3 compatible six CD autochanger features a large Optional on S and SE models.

02 The RNS 315 touch-screen navigation/radio system with MP3 compatible CD player features a 5 inch

04 Optional Bi-Xenon headlights and automatic range adjustment console, without taking the key out of providing better illumination of the road ahead, on bends and when turning. LED daytime running lights are a striking feature, ensuring your vehicle is more visible during the day, and as an added convenience, headlight washers keep your headlights free from dirt at all times. 05 Volkswagen's Park Assist system has long made parallel parking

significantly easier. However, this new system combines conventional Park Assist with the added functionality of reverse parking into a space at 90° to the kerb. The driver activates the system by pressing a button on the centre console. Using ultrasonic parking sensors, Park Assist will detect a large enough parking space for either reverse or parallel parking and the assisted parking process can begin. Having put the vehicle into reverse, all the driver has to do is brake, while keeping a good lookout.

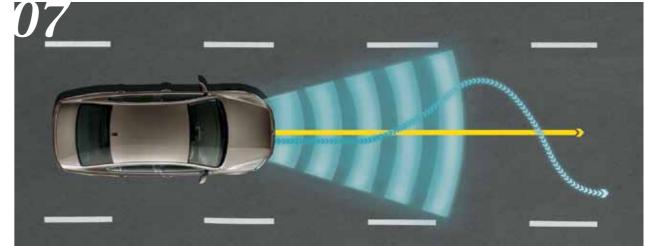

the steering into its chosen space. Assist can now parallel park in particularly small spaces only 1.1 m longer than the vehicle. Optional on all models. **06** The large **electric glass** panoramic sunroof allows in Estate than a conventional sunroof, providing an extra dimension of light and space. A tilting only sunroof is also available for Saloon models (not shown). Optional on all models.

#### **Technical specification notes**

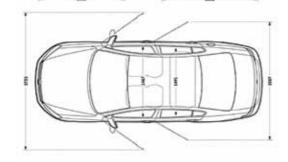

- (01) The maximum power output figures are guoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- (02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68 kg) and luggage (7 kg) in line with EU directive 95/48.
- (03) With increasing altitude the engine performance diminishes. From 1,000 m above sea level and for every 1,000 m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- (04) Thanks to the knock control, unleaded four star (at least 95 RON) can be used instead of unleaded Super plus. In order to achieve maximum fuel consumption benefits on the TSI engine, Ultra Low Sulphur Petrol (ULSP) must be used.
- (05) The use of RME and FAME (bio diesel) is not possible.
- (06) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- (07) The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.

# Engines

2.0 litre/140 PS (01) (103 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

2.0 litre/170 PS<sup>(01)</sup> (125 kW) common rail diesel engine. EU4 emissions standard (EU5 compliant), four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

1.4 litre/122 PS (01) (90 kW) petrol engine: CAXA TSI engine with homogeneous mode (Lambda 1), stratified high-pressure start, double injection catalytic converter heating, turbocharger with waste gate, air-to-liguid charge-air cooling, maintenance-free timing chain, plastic intake manifold with integrated intercooler, continuous inlet camshaft timing adjustment, grey cast iron cylinder block, steel crankshaft, duo-centric oil pump, dual-circuit cooling system. Fuel system regulated according to requirements using high pressure fuel pump with integrated pressure limiting valve

1.8 litre/160 PS<sup>(01)</sup> (118 kW) petrol engine: four cylinder in-line engine, four valves per cylinder, four-stroke turbocharged petrol engine, cast iron cylinder crankcase with balancer shafts, steel crankshaft and internal oil pump – chain driven by the crankshaft, timing agar chain and chain driven mass balancer at the front end of the engine, four valve cylinder head, one intake camshaft adjuster, intake manifold with tumble flap, demand controlled fuel supply on low and high pressure ends, multi-port high pressure injector, MED 17 engine control unit, hot-film digital air mass meter with integral temperature sensor, throttle valve with contactless sensor, map-controlled ignition with cylinder selective, digital knock control and single spark ignition coils, integral exhaust turbocharger, charge-air cooler, boost pressure control with overpressure and electrical wastegate valve, single chamber exhaust system with close-coupled pre-catalyst, no 'continuous' pre-catalyst oxygen sensor in the EU4, direct injection, homogeneous combustion process

2.0 litre/210 PS<sup>(01)</sup> (155 kW) petrol engine: four cylinder in-line engine, aluminium cylinder head, four valves per cylinder with roller rocker finger valve drive, electronic direct injection, variable inlet valve timing, programmed ignition with cylinder-selective anti-knock control, four single spark ignition coils, longlife spark plugs, exhaust gas turbocharger, three-way close-coupled pre-catalyst and underbody catalyst, lambda control

1.6 litre/105 PS<sup>(01)</sup> (77 kW) common rail diesel engine: EU5 emissions standard, four cylinder in-line engine, four valves per cylinder, aluminium-silicon alloy cylinder head, reduced piston crown volume (improves swirl generation in the cylinder), toothed backlash compensator, intake manifold with electric continual tumble flap control, electronically controlled common rail direct injection fuel system with Bosch high pressure pump (up to 1800 bar) and 8-hole piezo injector units, pre-supply electronic fuel pump, oil cooler, intercooler, low temperature exhaust gas recirculation, additional coolant pump, turbocharger with variable turbine geometry, catalytic converter and Diesel Particulate Filter (DPF)

#### Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch mechanism. Six speed manual or six/seven speed auto DSG gearbox with double joint half axles
- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six speed auto DSG gearbox
- Six speed manual: 1.4 litre TSI 122 PS, 1.8 litre TSI 160 PS, 2.0 litre TSI 210 PS, 1.6 litre TDI 105 PS. 2.0 litre TDI 140 PS. 2.0 litre TDI 170 PS
- Six speed auto DSG: 2.0 litre TSI 210 PS, 2.0 litre TDI 140 PS, 2.0 litre TDI 170 PS
- Seven speed auto DSG: 1.4 litre TSI 122 PS, 1.8 litre TSI 160 PS

#### **Running gear**

- Electronic Stabilisation Programme (ESP) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension Front and rear anti-roll bar

#### Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

#### Brakes

- Electronically controlled Anti-lock Braking System (ABS) includes BAS (Brake Assist System) and Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pads
- Electronic parking brake with auto hold function
- Battery regeneration (recuperation energy recovery during braking)

The new Passat. Latest generation intelligent driving.

## Volkswagen service for your peace of mind.

#### The Volkswagen Warranty.

#### Three-year Warranty.

All Volkswagen new Passats come with a three-year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen retailer or repairer; however, this additional warranty must be purchased before the mileage reaches 60,000\*. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

\* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

#### Three-vear Paint Warranty.

The paintwork of the new Passat is covered against manufacturing defects for a period of three years. Naturally, the new Passat must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

#### 12-year Body Protection Warranty.

The internal body sections and panels of the new Passat are covered against rusting through from the inside for 12 years. Naturally, the new Passat must be cared for in compliance with the operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

#### Approved Accessories.

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

#### **Extended Warranty.**

You may purchase additional protection from your authorised Volkswagen retailer or repairer, or contact 0870 9000 115.

#### Tax Free Sales.

For full details, please contact your authorised Volkswagen retailer.

#### Service Intervals.

Volkswagen are pleased to offer you a choice on how your new Passat is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Time and Distance Service is recommended for vehicles that will cover less than 10.000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Time and Distance Service are as follows:

- Oil change service
- Every 10,000 miles/1 year (whichever is soonest).
- Interval service
- Every 20,000 miles/2 years (whichever is soonest).
- Inspection service

Every 40,000 miles/3 years (whichever is soonest).

The LongLife Service is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

With the LongLife Service the vehicle can cover anywhere between 10.000<sup>+</sup> and a maximum of 18.000<sup>+</sup> miles or 24 months (whichever is soonest) between oil changes. Inspection service is typically in the third year of ownership and thereafter every second year, for vehicles with an approximate annual mileage of 10,000 miles.

<sup>†</sup> Please note that mileages are approximate as the service indicator system uses kilometres as the distance measurement. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

#### Volkswagen Insurance<sup>‡</sup>.

We want you to start enjoying your new car from day one and thanks to Volkswagen Insurance complimentary seven day cover, you can. Call free on 0800 316 7892 (lines are open Monday to Friday 8 am - 9 pm and Saturday 9 am - 5 pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away. Visit www.insurewithvolkswagen.co.uk for details of the full range of insurance products available. Here you can also get a guote for your annual car insurance and buy it online too. All of our insurance products are designed to ease the pain of making a claim.

<sup>‡</sup> Volkswagen Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Volkswagen Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate aroup.

#### Volkswagen Finance<sup>±</sup>.

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs.

No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

±Volkswagen Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

#### Volkswagen Roadside Assistance.

Every new car is registered for Volkswagen Roadside Assistance for one year This provides vehicle home and roadside recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer or repairer.

#### CO, Emissions.

Increased weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of fuel consumption and CO<sub>2</sub> emissions produced

The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

#### Please Note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK.

The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering.

Note: We would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and guality assurance processes. All our monitoring and recording processes meet Oftel regulations.
