The Passat and Passat Estate

Model shown is Passat GTE Estate with optional LED premium headlights and premium signature paint.

Model shown is Passat GTE with optional panoramic sunroof, LED premium headlights, Area view and premium signature paint.
Charismatic and sophisticated, the Passat and Passat Estate just exudes confidence. Making its appearance as the eighth generation of a best-selling car that has sold nearly 22 million models since 1973, the Passat features advanced technologies and sophisticated assistance systems, providing new levels of comfort, luxury and performance than its predecessors. And that's not all: With its cutting-edge design, technologies and engines, the Passat and Passat Estate are as versatile, progressive and sophisticated as you could wish for.

The Passat. Refined, advanced, elegant.
The Passat and Passat Estate – Design

Engineering and design are raised to a new level in the latest generation Passat and Passat Estate. Sharp styling includes a longer wheelbase, shorter body overhangs and a dynamic silhouette with distinctive tornado line, accented by trapezoidal headlights and rear lights, creating an imposing road presence. The redesigned interior complements the sophisticated exterior, with a host of equipment and advanced features providing sublime levels of comfort and convenience. Inside and out, this is functionality at its most stunning: sleek, stylish and dynamic.

The shape of success.
However long or short your journey, you’ll always sit comfortably in the Passat. Stylish, durable and ergonomically designed to provide optimum comfort and support, seats are available in a range of contemporary upholsteries and leathers. Standard front seats provide manual height and lumbar adjustment, while SE Business models and above feature ergoComfort front seat for the driver, providing lumbar support, seat cushion tilt adjustment, thigh support and electric backrest adjustment, enabling you to find the most comfortable position for your spine easily and quickly. With the spacious interior providing more head and legroom than ever before in a Passat model, there’s plenty of room for family, friends and equipment, especially in the Passat Estate. School run, weekend away or driving to work, driving is so easy and relaxed.

Sitting comfortably? Then your journey can begin.

Interior shown is Passat Estate 6T DSG with optional Discover Navigation Pro touch-screen navigation, DAB radio, steering wheel and sport pedals and metallic paint.
More space.  
More versatility.  
More possibilities.

Whether you’re taking a business trip or going on a major shopping expedition, the Passat and Passat Estate are designed to meet your everyday needs. The variable boot floor on the Passat Estate, is height adjustable and removable, providing plenty of room for your equipment or purchases. While the optional keyless entry includes hands-free boot or tailgate opening, which opens the boot or tailgate remotely, ideal if your hands are full.

In the Passat Estate, the load volume increases to a massive 1,780 litres$ with the back seats folded down, providing a surprising amount of load space. Versatile, flexible and more spacious than ever before, you can rely on the Passat to help keep you organised.

1. Please see page 70 for full details of dimensions.

01. **Integrated child seats** are convenient, practical and easy to use, available for children weighing 15 – 36 kg and up to 1.5 m tall. Designed to provide optimal side support, they provide a bespoke solution for carrying small occupants. Optional on all models except GTE and GTE Advance, image shown features optional ‘Nappa’ leather.

02 – 04. To extend the boot space, simply release the rear seat backrest either from the boot or the rear seat. The variable boot floor helps facilitate loading and unloading, while the optional cargo management system$ or optional luggage compartment divider pack$ helps keep luggage secure in transit. Cargo management system and luggage compartment divider pack are optional on all estate models except GTE and GTE Advance.

2. Integrated child seats are only available on optional Titan Black upholstery or optional Titan Black leather upholstery.

3. Luggage compartment divider pack and cargo management system are not available in conjunction with each other.

3. Optional on all models except GTE and GTE Advance.
Bring the outside in.

Enjoy the sky above like never before thanks to the Passat’s panoramic sunroof. Creating a well-lit, airy passenger compartment, it lets in fresh air and natural light, and in the Passat Estate, an additional panoramic sunroof to the rear provides even more light and space. What better way to enjoy a starry night or sunlit day?

Panoramic sunroof is standard on GT, R-Line and GTE Advance and optional on all other models.

Interior shown is Passat Estate GT with optional net partition and metallic paint.
The intelligent way to drive.

With numerous driving assistants to help share the workload, the Passat provides on-board help should you need it. Smart, intelligent and capable, this is a car made for sophisticated drivers who delight in innovative technology.

**Predictive Pedestrian Protection**, part of the optional Driver's Assistance Pack and Driver's Assistance Pack Plus, warns you if it detects any pedestrians on the edge of the road or on the carriageway in advance, acoustic and optical signals as well as a gentle jolt of the brakes. It even performs an emergency stop should the distance become critical, helping to protect you not only from front-end collisions, but potential accidents. Optional on SE, Estate and Estate Business models and standard on R-Line, R-Line Business and R-Line Business models.

**Traffic Jam Assist** including Park Assist. Anyone who has tried to manoeuvre a vehicle with a trailer attached understands how complicated this can be. The world's first Trailer Assist helps you reverse with a trailer attached more easily and accurately. Optional on SE Business models and above. Only in conjunction with the optional swivelling towbar. Model shown features optional metallic paint.

**Head-Up Display**. The world's first Head-Up Display can display the data on the dash, conveniently placed directly within the driver's optimum field of vision. Standard on GT, R-Line and GTI models and optional on SE Business, GTE and Alltrack models.

**Area view.** Four cameras located in the boot lid/tailgate, door mirrors and panoramic roof, each with an aperture angle of over 180 degrees, provides a 360-degree view around the Passat helping you manoeuvre in confidence in any direction. From the display menu, the driver can select the camera view(s), front, rear, side or bird's-eye view, or叫声 fall an online screen, displayed on the Passat's infotainment system. Standard on GTI Business and optional on R-Line, R-Line Business and R-Line Business models.

**Active Info Display**, part of the optional Driver's Assistance Pack and Driver's Assistance Pack Plus, offers you a 12-inch display, in addition to the vehicle, any pedestrians on the edge of the road or on the carriageway in advance, as well as a gentle jolt of the brakes. It even performs an emergency stop should the distance become critical, helping to protect you not only from front-end collisions, but potential accidents. Optional on SE, Estate and Estate Business models and standard on R-Line, R-Line Business and R-Line Business models.

Advanced acoustics.

State-of-the-art navigation.

01 The Composition Media system is equipped with a 8.0 inch colour touch-screen with proximity sensor that recognises in advance your intention to touch the screen and automatically deactivates the display mode. Features also include SD digital audio review, single CD player, MP3/WMA device interface, an USB connection for the compatible products and SD and aux. The media system also includes Bluetooth telephony and audio connect for compatible devices, simultaneous pairing of 2 compatible mobile devices, SRS functionality – allowing you to read, compose and send SMS messages using the touch-screen display. The Composition Media system also offers the Media Display, which facilitates seamless playback from MP3, WMA and AAC files and also allows you to easily manage not only your music, but also navigation data and a broad range of vehicle information. The system offers Volkswagen Media Control 1, which allows remote control of the infotainment system via a smartphone or tablet, preloaded European navigation data, 2D/3D map view, three calculated route choices (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest and Speed Limit Display. The use of ‘Guide and Inform’ services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net ‘Guide and Inform’ services.

02 The Discover Navigation Pro touch-screen navigation/DVD radio system with integrated voice activation, Car-Net ‘Guide and Inform Plus’ and Car-Net ‘App-Connect’ can be operated intuitively via the 9.2 inch colour touch-screen, enabling you to manage music and navigation data. Gesture control for use with voice-activated functions allows you to control the system via voice commands, which can be deactivated if required. Eight powerful speakers deliver great acoustics and the system is compatible with MP3 and WMA files. It also offers a dual USB hard drive, two USB and aux, photo display from JPEG and WMA files, voice control and a full-colour connection. The Discover Navigation Pro features ‘Guide and Inform Plus’ providing online access to a range of useful information such as traffic, fuel, parking, weather and news feeds. The system also supports Direct-Call and Google App-Engine via the system display, enabling you to call destinations using the system display and even control if supported by the app. Usage of certified apps only while driving. Only operable in conjunction with compatible smartphones including iPhone 5, 6 and 7. Please see www.volkswagen.co.uk to check smartphone compatibility.

03 The Discover Navigation Pro touch-screen navigation/DVD radio system with Car-Net ‘Guide and Inform’ 2 features the impressive Composition Media system, but with additional features enabling you to easily manage not only your music, but also navigation data and a broad range of vehicle information. The system offers Volkswagen Media Control, which allows remote control of the infotainment system via a smartphone or tablet, preloaded European navigation data, 2018 map view, three calculated route choices (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest and Speed Limit Display. The service also includes information for fuel location and pricing, parking space availability, weather and news feeds. Standard on S and BlueMotion models.
The Passat and Passat Estate – Radio and navigation systems

Concert hall sound. Living room comfort.

01 The multifunction leather-trimmed steering wheel enables you to operate the radio and phone without taking your hands off the wheel, and GT models and above are equipped with automatic DSG transmissions, featuring paddle shift. A heated multifunction steering wheel is optionally available on SE Business. Climate control – silicon electronic air conditioning with automatic air recirculation ensures precise interior temperature to suit the individual preference of driver, front and rear seat passengers. Optional and above. Model shown is Passat GT with optional Discover Navigation Pro touch screen navigation DVD radio system. 1 Must be ordered in conjunction with Winter pack or leather upholstery.

02 The ‘Dynaudio Confidence’ sound system provides enhanced acoustics via a sixteen channel digital amplifier, delivering 700 watts output through a subwoofer and ten speakers optimally located around the cabin to ensure unique sound quality for every occupant. Optional on SE Business, GT and R-Line models. Specify the ‘Dynaudio Confidence’ sound system on GTE and GTE Advance models and the acoustics are delivered through ten channel digital amplifier, delivering 700 watts output, via ten optimally positioned speakers.
The Passat and Passat Estate – Radio and navigation systems

01 With Car-Net ‘Guide and Inform’ your Passat becomes a mobile network using your smartphone’s WiFi hotspot. You can access up-to-the-minute information directly from the internet, enabling you to benefit from continually updated information while you travel, such as online traffic information, time-of-use pricing, parking space availability, weather and news feeds. Car-Net ‘Guide and Inform’ includes online navigation software updates, enabling you to download the latest map data. Standard on GTE Advance and optional on all other models. For full details, please contact your authorised Volkswagen retailer.

Opting for the Discover Navigation Pro touch-screen navigation/DVD radio system means that you can benefit from even more features such as ‘Gesture Control’ and more with ‘Guide and Inform Plus’. Standard on GTE Advance and optional on all Business, GTE Advance, R-Line and GTE models.

1 Car-Net ‘Guide and Inform’ and ‘Guide and Inform Plus’ services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of all ‘Guide and Inform’ services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of all ‘Guide and Inform’ services.

Voice activation allows you to control everything by spoken command. Available commands are shown on the screen, and your chosen text is highlighted in red. After activation, a red symbol indicates that the instruction has been accepted.

Standard on GTE Advance and optional on all other models. Voice activation is standard on Discover Navigation Pro touch-screen navigation/DVD radio systems.

02 Whether you are using a phone, radio or radio/navigation system, Car-Net ‘App-Connect’ combines functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink™ allowing ‘mirroring’ of a smartphone display on the entertainment touch-screen via USB connection. Only operable in conjunction with compatible smartphones including iPhone 5, 6 and 7. Volkswagen apps such as ‘Think Blue. Trainer.’, ‘Think Blue. Driver’ or ‘My Guide’ can help to make your journey more pleasant and interesting, providing useful tips about aspects of your vehicle’s eco-friendly performance and available services. Volkswagen apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Usage of certified apps only while driving. Standard on GTE Advance and optional on all other models. Car-Net ‘App-Connect’ is included with the optional Discover Navigation Pro touch-screen navigation/DVD radio system. Discover Navigation Pro radio system is standard on GTE Advance models.

03 The Car-Net ‘App-Connect’ feature means that your smartphone can be connected to your vehicle’s touch-screen display, and important vehicle data can be monitored remotely. For example, you can see the level of fuel remaining in your fuel tank and the current weather conditions at your destination. You can also receive notifications when your vehicle is available for use, when a service is required or when other important events occur. Volkswagen apps such as ‘Think Blue. Trainer.’, ‘Think Blue. Driver’ or ‘My Guide’ can help to make your journey more pleasant and interesting, providing useful tips about aspects of your vehicle’s eco-friendly performance and available services. Volkswagen apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Usage of certified apps only while driving. Standard on GTE Advance and optional on all other models. Car-Net ‘App-Connect’ is included with the optional Discover Navigation Pro touch-screen navigation/DVD radio system. Discover Navigation Pro radio system is standard on GTE Advance models.
Versatile and adaptable, the Passat and Passat Estate has room for your passengers, luggage and more. Depending on your requirements, eight models are available: the S, BlueMotion, SE Business, GT, Alltrack, R-Line, GTE and GTE Advance, each offering varying levels of trim, ranging from practical and elegant to luxurious and sporty. Whichever you select, you’ll benefit from a host of advanced features and refinements.
Passat and Passat Estate S.

The Passat S models are equipped with a whole range of innovation assistance systems fitted as standard, helping to ensure the highest levels of comfort, practicality and convenience. Inside, the comfort is fitted with stylish ‘Hampshire’ cloth upholstery, front seats with lumbar adjustment, a leather trimmed three-spoke multifunction steering wheel and gear knob, ‘Brushed chrome’ decorative inserts in the dash, centre console and door panels. Chrome-plated instrument and air vent surrounds, interior lighting with a delay and dimming function create a pleasant ambience, while the 60:40 split folding rear seat backrests (40:20:40 on Estate models) offer greater flexibility when carrying luggage or loads, especially in the Passat Estate.

01. Automatic Post-Collision Braking System starts the brake operation after an initial impact, and brakes for as long as necessary to reduce the speed of the vehicle to help prevent or minimise further collisions. Image shown is for illustration purposes only and may not necessarily reflect UK specification.

02. Press and drive (Keyless start) enables you to start the engine using button in the centre console, without taking the key from your pocket.

03. 16 inch ‘Aragon’ alloy wheels with 215/60 R16 low rolling resistance tyres add a touch of refinement to the exterior of the Passat S.

04. The Composition Media system with 8.0 inch colour touch-screen display, DAB digital radio, Bluetooth telephone and audio connection, MFD (Multi Function Display) and a compatible device, SD card reader, single CD player and ‘Think Blue. Trainer.’ with driver tips and journey analysis.

1 Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.
The Passat and Passat Estate BlueMotion models are equipped with lowered sports suspension lowering the body by approximately 15mm. Along with the modified radiator grill with blue strip, air resistance is reduced which improves the aerodynamics of the BlueMotion models and hence improves fuel economy. The improved aerodynamics, increased front downforce and reformulated transmissions with longer gear ratios and features such as the Start/Stop function that saves fuel when the vehicle is stationary, battery regeneration (recuperation – energy recovery during braking), and visual gear change recommendation also help to make the BlueMotion the most efficient model in the Passat range.

The BlueMotion models return 74.4 mpg under the Combined Cycle with CO₂ emissions of 95g/km1, and performance is not compromised either. The Saloon model accelerates from 0 to 62mph in just 10.8 seconds on its way to a top speed of 130mph where the law permits, while Estate models boast a respectable 0-62mph in 11.0 seconds and a top speed of 129mph where the law permits.

As well as the performance, the Passat and Estate BlueMotion offer great levels of comfort and refinement. Features including 17 inch 'Soho' alloy wheels, uniquely shaped BlueMotion front and rear bumpers, a chrome trimmed front air intake and radiator grille with blue strip, lowered sports suspension and distinctive BlueMotion badging, create an exterior that is more aerodynamic than other Passat models, yet still sporty and exciting.

1 Fuel consumption figures in mpg per 100km; Urban (65.7/4.3); Extra Urban (85.6/3.3); Combined (76.3/3.7) and CO₂ emissions 95g/km are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in ‘real world’ driving conditions. Please see page 56 for full details.

More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca.
The well-appointed Passat SE Business models build on the S level specification with impressive levels of comfort and practicality and many advanced features. The refined interior is beautifully equipped with 'Kensington' cloth upholstery, an ergoComfort driver's seat with electric backrest and seat cushion tilt adjustment and front passenger's seat with height and lumbar adjustment. Front and rear carpet mats, 'Diamond Silver' decorative inserts in the dash, centre console and door panels, and LED entrance/warning lights in the front doors add further elegance, while two covered cup holders in the front and load-through provision provide practical extra touches. The latest version of the Driver profile selection takes the Passats to a new level of comfort and relaxation. This driver assistance system brings together numerous settings, allowing you to set the perfect and optimal position, and personalise settings for items such as wing mirrors, map and route settings, radio stations, air conditioning, central locking, windows and interior lighting.

The exterior of the Passat SE Business models are equipped with six new higher levels of specifications, such as front fog lights, rear tinted glass from the B-pillar backwards, approximately 65% tinted and remote electrically foldable door mirrors, door mirror puddle lights and reverse activated kerb-view adjustment on the passenger's side. While inside, the latest Discover Navigation system with 3 years Car-Net ‘Guide and Inform’ internet access provides a range of information, including traffic, fuel pricing, parking space availability, weather and news feeds.}

01 The Discover Navigation touch-screen navigation/radio system with Car-Net ‘Guide and Inform’ services offers Volkswagen Media Control2, allowing remote control of the infotainment system via a smartphone or tablet, preloaded European navigation data, 2D/3D map view, three calculated route options (Fast, Short and Eco), dynamic navigation based on TMC, booked points of interest and speed limit display. It offers a £480 ‘frame’ and access to many public and personal points of interest to the navigation system. The service also includes information on fuel pricing, parking space availability, weather and news feeds.

02 Adaptive Cruise Control (ACC), including Front Assist sensor controlled distance monitoring system, City Emergency braking system, cruise control and speed limiter offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to try to reduce the severity of a collision or possibly even prevent the collision entirely. Image shown is for illustration purposes only and may not necessarily reflect UK specification.

03 ‘Guide and Inform’ services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of ‘Guide and Inform’ services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net ‘Guide and Inform’ services.

04 Only operable in conjunction with compatible tablets and smartphones including iPhone 5, 6 and 7. Please see www.volkswagen.co.uk to check compatibility.

05 Speed limit display only shows the current speed limit displayed on speed limit signs and the maximum speed limit of the road if the speed limit sign is not visible. As such, it may not always reflect the legal speed limit. It can be used as an additional tool to help you stay within the limits of the speed limit.

The Passat and Passat Estate GT models exude exclusivity, which is shown in the attention to detail and craftsmanship. Inside, luxurious seats feature Alcantara seat centre section and ‘Vienna’ leather side bolsters, while brushed aluminium decorative inserts in the dash and door panels, ‘Piano Black’ decorative inserts in the centre console and ambient lighting create elegance and style. Other luxurious features include climate control – 3-zone electronic air conditioning with automatic air recirculation, Discover NAVIGATION system with 3 years’ access to Car-Net ‘Guide and Inform’, panoramic sunroof, remote electrically foldable door mirrors, door mirror puddle lights and reverse activated kerb-view adjustment on the passenger’s side and heated windscreen washer jets.

The innovative Active Info Display ingeniously displays all instrumentation in a fully interactive virtual format, with high quality graphics on a large 12.3 inch screen. As required, important data relating to driving can be pulled up directly within the driver’s field of view and configured in an individually selected display. This includes 2D and 3D navigation information, driving automation and details from the entertainment system, such as phone contacts or in-car Beats sound system. For example, in ‘navigation’ mode, the speedometer and rev counter can be relocated in the instrument panel and heading, and navigation information can be displayed next to the relevant data field. For a more detailed overview of the navigation data, the display can be expanded to display full-screen navigation maps.

The Passat GT 2.0 litre TSI 220 PS and 2.0 litre BiTDI 240 PS 4MOTION models feature a number of refinements, including Dynamic Chassis Control (DCC) providing a choice of Sport, Comfort and Normal settings and XDS electronic differential lock for improved traction and handling. LED premium headlights with projection technology look sensational and include signature dual ‘U-shaped’ LED daytime running lights, 12 separate LEDs performing the indicator function, dynamic curve lighting and headlight washers to help keep them clean. Stylish trapezoid exhaust tailpipes left and right, complete the look to the rear. Model shown features optional metallic paint.

Heated front seats add luxury and comfort in the cold weather, giving the interior an especially warm and welcoming feel in winter.

18 inch ‘Oxford Anthracite’ alloy wheels with 235/45 R18 self-sealing tyres are eye-catching and sporty.

1 Some parts of leather interior will contain artificial leather.
2 Car-Net ‘Guide and Inform’ services are accessed via a compatible mobile device. Please see www.volkswagen.co.uk for more information. The use of ‘Guide and Inform’ services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net ‘Guide and Inform’ services.
3 Please note: When the navigation map is displayed in the Active Info Display in conjunction with the Discover NAVIGATION system, the navigation map cannot be displayed on the Discover NAVIGATION’s 8.0” infotainment touch-screen.

The Passat and Passat Estate GT.
The Passat Alltrack is designed to take you off the beaten track. Great off-road performance provides all-terrain capability, from smooth and inclined to rough and rugged, allowing every day to become an adventure should you choose. Its 4MOTION four-wheel drive combines high ground clearance compared to standard models and an “off-road” setting with hill-descent assist to deliver true off-road driving characteristics.

Externally, the ‘Alltrack’ styling package is designed to impress with uniquely shaped off-road front and rear bumpers, chrome trimmed off-road front air inlets, chrome chrome-effect door mirrors, pronounced off-road corner, off-road side-air intake, chrome-effect off-road rear air intake, side air intake and a chrome-effect front grille. The ramps and the chrome-effect and anthracite side sills, satin-chrome effect door mirror(i) and roof rail(i) complete the look, delivering the ultimate in off-road style.

A wealth of interior refinements will help you travel in comfort and style, whatever the terrain. Reflecting the Passat Alltrack’s off-road character are such details as stylish ‘Tracks’ decorative inserts in the dash, centre console and door panels, brushed stainless steel pedals and door sill protectors with the unique ‘Alltrack’ logo.

01 18 inch ‘Kalamata’ alloy wheels, anthracite wheel arch protection and raised off-road suspension providing increased ground clearance adds to its off-road driving capability. Model shown features optional metallic paint.

02 The interior of the Passat Alltrack is upholstered in stylish ‘Summit’ cloth upholstery in Titan Black featuring the ‘Alltrack’ logo in the centre section.
Sporty, stylish and dynamic, the Passat R-Line models have an equally impressive specification with enhanced body styling and a number of additional features, delivering great levels of functionality, comfort and performance. The exterior of the R-Line is unmistakable with its distinctive R-Line styling pack consisting of front and rear bumpers, radiator grille and side skirts. Front fog lights with static cornering function and chrome decorative trim and 18 inch ‘Monterrey’ alloy wheels complete the elegant, agile look. For those seeking the ultimate R-Line experience, the R-Line 2.0 litre TSI 220 PS and 2.0 litre BiTDI 240 PS 4MOTION models offer improved performance and driving dynamics, delivering power exactly when and where you need it. Consider that with a number of additional refinements, including: Dynamic Chassis Control (DCC) providing a choice of Sport, Comfort and Normal settings; 100 premium headlights with projection technology; dual ‘U’ shaped LED daytime running lights; 12 separate LEDs which perform the indicator function; dynamic curve lighting; headlight washers; and XDS electronic differential lock for improved traction and handling and you can’t fail to be impressed.

Elegant and eye-catching, the Passat R-Line is designed to be different. The driver’s ergoComfort seat and passenger’s front seat feature ‘Race’ seat centre sections and ‘Vienna’ leather side bolsters, creating a luxurious and inviting interior, with the distinctive ‘R-Line’ logo on the backrests, echoing the ‘R-Line’ logo displayed on the leather trimmed three-spoke multifunction steering wheel with aluminium inserts, stainless steel pedals and stainless steel-trimmed footwell. Finally, the electric panoramic sunroof with integrated roller blind adds a new dimension of fresh air and light to every trip, offering stunning views of the skies above from every seat. Driving has never been more fun.

Model shown is Passat Estate R-Line 2.0 BiTDI 240 PS 4MOTION with optional 19” ‘Verona’ alloy wheels and Pure White non-metallic paint.

Interior shown is Passat R-Line DSG 2.0 BiTDI 240 PS 4MOTION with optional Discover Navigation Pro touch-screen navigation/DVD radio system with integrated voice activation and Pure White non-metallic paint.

1 LED premium headlights with projection technology include signature dual ‘U’ shaped LED daytime running lights and 12 separate LEDs perform the indicator function. Standard on R-Line models with the 2.0 litre TSI 220 PS or 2.0 litre BiTDI 240 PS 4MOTION engines and optional on R-Line models with all other engines.

2 18 inch ‘Monterrey’ alloy wheels with 235/45 R18 self-sealing tyres give the exterior of the R-Line its unique identity.

3 The innovative Active Info Display impressively displays all instrumentation or a fully interactive entertainment, with high quality graphics on a large 12.3 inch screen.

4 Some parts of leather interior will contain artificial leather.
Passat and Passat Estate GTE.

Sleek, stylish and responsive, the Passat and Passat Estate GTE are plug-in hybrids that offer the best of both worlds, combining a TSI petrol engine and electric motor to deliver a whole new driving experience. With front wheel drive and a specially developed ten-speed automatic DSG transmission (as standard), GTE mode has the capability to accommodate linear modes.

Externally, the Passat GTE displays its own inimitable style with a blue strip extending across the radiator grille into the range adjustable LED headlights and finishing neatly above the LED indicators. The front three icons on the GTE’s grille, front side panels and rear tailgate, while the sporty bumper features distinctive fins and characteristic C-signature LED daytime running lights that distinguish these models from the rest of the Passat range. 18 inch ‘Oxford Anthracite’ alloy wheels with striking ‘Blue’ brake callipers give real road presence, while the distinctive rear deep features (optional) exhaust (left and right), LED rear lights clusters with dynamic lighting effect and rear number plate lights also incorporating LED technology.

Model shown is Passat GTE with optional LED premium headlights, panoramic sunroof and premium signature paint.

As a plug-in hybrid, the Passat GTE could not be easier to use, with a petrol cap on the side and a charging point inlet cleverly positioned on the radiator grille. It offers five driving modes, including e-mode, hybrid, battery charge, battery hold and ‘GTE’ mode. The operating mode selected, along with the energy flow and load condition of the lithium-ion battery are clearly displayed on the infotainment touch-screen display, with kinetic energy normally lost during braking converted to electricity by regenerative braking and fed directly to the battery where it is stored. Image shown is for illustration purposes only.

Passat GTE models are equipped with two charging cables with different plugs: one to charge up from a domestic mains socket, and one for a charging station or wallbox. A wallbox provides you with higher charging performance and consequently shorter charging times than a domestic mains socket. Using the standard mains charging cable, the Passat GTE recharges the high-voltage battery from household socket in approximately 4 hours 15 minutes. Charging via an additional charging cable it’s even faster, taking approximately 2 hours 30 minutes.

For information on wallbox purchase and installation, local infrastructure check, servicing and customer helpline, please refer to your authorised Volkswagen retailer at point of sale. Wallbox is not included. Wallbox shown is for illustration purposes only.

To find out more about the benefits of owning an ultra low emission vehicle, including the Government’s grants for vehicles and chargepoints, visit www.GoUltraLow.com

Volkswagen’s Car-Net e-remote mobile services app allows you to access many vehicle functions remotely via your compatible smartphone. For example, you can activate your Passat and Passat Estate GTE’s air conditioning before your journey begins, ensuring a pleasant interior cabin temperature when you set off. You can control charging from a distance, starting and stopping remotely, when you wish, with both the charging level and remaining range displayed on your compatible smartphone. You can also view information about your driving characteristics and journey, including average speed and journey time, and the app will even inform you whether the lights are still on and if the doors are locked, along with your last parking position, all from the comfort of your home or office. In addition, all functions can be easily controlled via the web portal at www.volkswagen-car-net.com.
Inside, the Passat and Passat Estate GTE are every inch the sports performers, with the characteristic blue theme symbolising Volkswagen’s e-mobility and setting the scene. Standard features include blue painted lighting, a leather trimmed multifunction steering wheel and 3-spoke, gear with blue contrast stitching, and branded floor mats.

Interior shown is Passat GTE DSG with optional Discover Navigation Pro touch-screen navigation/DVD radio system with integrated voice activation, Side scan and premium signature paint.

01 18 inch ‘Oxford Anthracite’ alloy wheels with 235/45 R18 self-sealing tyres also feature ‘Blue’ brake callipers, co-ordinating perfectly with the unique ‘GTE’ radiator grille with blue strip and unique ‘GTE’ badging.

02 The Driver profile selection includes ‘GTE’ mode, which activates its sportier side. At the touch of the GTE button, the electric and petrol motors combine to deliver 218 PS and a top speed of 140mph where the law permits. The steering wheel also becomes more responsive and the chassis firms up, the DSG gearbox changes gear quicker, keeping in the lower gears ready to accelerate on demand.

03 At the press of a button next to the gear lever, the driver can select e-mode. All-electric e-mode is ideal for urban driving, providing near silent, emission-free operation when driving in town or residential areas up to a distance of 31 miles. The Passat GTE will automatically start in ‘e-mode’ for greater efficiency, but should the battery have insufficient charge, or in cases of extreme low temperature, the GTE’s TSI petrol engine will slowly take over.

04 The Driver profile selection includes ‘GTE’ mode, which activates its sportier side. At the touch of the GTE button, the electric and petrol motors combine to deliver 218 PS and a top speed of 140mph where the law permits. The steering wheel also becomes more responsive and the chassis firms up, the DSG gearbox changes gear quicker, keeping in the lower gears ready to accelerate on demand.

Extra touches include silicone electronic air conditioning, an automatically dimming interior rear view mirror, coming/leaving home lighting function, illuminated vanity mirrors, rain sensor and heated and dimming exterior mirrors. Stone assistance systems include Adaptive Cruise Control (ACC) with Front assist distance monitoring and City emergency braking which continue to provide reassurance and make every journey just that little bit easier.

Standard features include blue ambient lighting, a leather trimmed multifunction steering wheel and 3-spoke, gear with blue contrast stitching, and branded floor mats.

1 Some parts of leather interior will contain artificial leather.
2 Please see page 68 for CO2 emissions and fuel consumption figures. Figures based on a fully charged battery at the start of the journey and dependent on outdoor temperature and driving style.

01 02 03
01 The innovative Active Info Display ingeniously displays all instrumentation in a fully interactive virtual format, with high quality graphics on a 12.3 inch screen. As required, important data relating to driving can be pulled up directly within the driver’s field of view and configured in an individually selected display. This includes 2D and 3D navigation information, driver assistance systems, driving information and details from the infotainment system, such as phone contacts or music album covers. For example, in ‘navigation’ mode, the speedometer and rev counter can be relocated to the sides to make more room for the map display.

02 Car-Net ‘App-Connect’ combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™ allowing ‘mirroring’ of a compatible smartphone display on the infotainment touch-screen via USB connection. Volkswagen apps such as ‘Think Blue. Trainer.’, ‘Shared Audio’, ‘Drive & Track’ or ‘My Guide’ can help to make your journey more pleasant and interesting, providing useful tips about handling your car, parking opportunities and even where to find the closest café. Please note, there is usage of only certified apps while driving.

03 Area view provides a 360-degree view around your Passat GTE Advance helping you manoeuvre easily in any direction. From the display menu, the driver can select the camera views; front, rear, side or bird’s-eye view, on either full or split-screen, displayed on the car’s infotainment system. Please refer to your Volkswagen owner’s manual for information on system parameters and official guidance on use and operation of all our technology. Image shown is for illustration purposes only.

04 The Discover Navigation Pro touch-screen navigation/DVD radio system can be operated intuitively via the 9.2 inch colour touch-screen, enabling you to manage music and navigation data. Selection controls for use with gesture control for use with various different menus, responds to a sideways swiping gesture and confirms a successful swipe with a sound effect, which can be deactivated if required. Eight speakers deliver system accents and DVD system compatibility includes MP3, WMA and AAC files. It also offers a DVD video player, two USB inputs, media player, Bluetooth® capability, an online service and an FM/AM radio. The Discover Navigation Pro also features 3-years ‘Guide and Inform’ providing online access to a range of useful information such as traffic, fuel pricing, car park and parking space availability, weather and news feeds. In addition, Car Net ‘App-Connect’ combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™ allowing ‘mirroring’ of smartphone display on the infotainment touch-screen via USB connection. It cleverly allows display and operation of certified apps including audio and voice control, if supported by the app. Please read the usage conditions of any app before driving. This also applies when using functions remotely by downloading the Volkswagen Car-Net app.

05 Area view provides a 360-degree view around your Passat GTE Advance helping you manoeuvre easily in any direction. From the display menu, the driver can select the camera views; front, rear, side or bird’s-eye view, on either full or split-screen, displayed on the car’s infotainment system. Please refer to your Volkswagen owner’s manual for information on system parameters and official guidance on use and operation of all our technology. Image shown is for illustration purposes only.

06 The Discover Navigation Pro touch-screen navigation/DVD radio system includes integrated voice activation, Car Net ‘Guide and Inform Plus’ and Car Net ‘App-Connect’. The Discover Navigation Pro touch-screen navigation/DVD radio system offers full integration of your compatible smartphone. Please refer to your Volkswagen owner’s manual for information on system parameters and official guidance on use and operation of all our technology. Image shown is for illustration purposes only.

07 The Discover Navigation Pro touch-screen navigation/DVD radio system offers full integration of your compatible smartphone. Please refer to your Volkswagen owner’s manual for information on system parameters and official guidance on use and operation of all our technology. Image shown is for illustration purposes only.

08 The innovative Active Info Display ingeniously displays all instrumentation in a fully interactive virtual format, with high quality graphics on a 12.3 inch screen. As required, important data relating to driving can be pulled up directly within the driver’s field of view and configured in an individually selected display. This includes 2D and 3D navigation information, driver assistance systems, driving information and details from the infotainment system, such as phone contacts or music album covers. For example, in ‘navigation’ mode, the speedometer and rev counter can be relocated to the sides to make more room for the map display.

09 Car Net ‘App-Connect’ combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™ allowing ‘mirroring’ of a compatible smartphone display on the infotainment touch-screen via USB connection. Volkswagen apps such as ‘Think Blue. Trainer.’, ‘Sorted Audio’, ‘Drive & Track’ or ‘My Guide’ can help to make your journey more pleasant and interesting, providing useful tips about handling your car, parking opportunities and even where to find the closest café. Please read the usage conditions of any app before driving. This also applies when using functions remotely by downloading the Volkswagen Car-Net app.

Alloy wheels.

Stylish alloy wheels contribute to the charismatic road presence of the Passat and Passat Estate, with a choice of elegant, classic or sporty designs adding a touch of individuality.

01 ‘Aragon’ 6½J x 16” alloy wheels with 215/60 R16 low rolling resistance tyres and anti-theft wheel bolts. Standard on S models.

02 ‘Soho’ 7J x 17” alloy wheels with 215/55 R17 tyres and anti-theft wheel bolts. Standard on BlueMotion models. Optional on SE Business models.

05 ‘Kalamata’ 7J x 18” alloy wheels with 245/45 R18 self-sealing tyres and anti-theft wheel bolts. Standard on Alltrack models.

07 ‘Istanbul’ 7J x 17” alloy wheels with 215/55 R17 tyres and anti-theft wheel bolts. Optional on BlueMotion models.

08 ‘Sepang’ 6½J x 16” alloy wheels with 215/60 R16 tyres and anti-theft wheel bolts. No cost option on SE Business models.

09 ‘Nivelles Anthracite’ 7J x 17” alloy wheels with 215/55 R17 tyres and anti-theft wheel bolts. Optional on SE Business models.

10 ‘Marseille Anthracite’ 8J x 18” alloy wheels with 235/45 R18 tyres and anti-theft wheel bolts. Optional on SE Business, SE, GT, and GTE Advance models.

11 ‘Verona’ 8J x 19” alloy wheels with 235/40 R19 tyres and anti-theft wheel bolts. Optional on GT and R-Line models.

12 ‘Albertville’ 8J x 19” alloy wheels with 245/40 R19 tyres and anti-theft wheel bolts. Optional on Alltrack models.

Please note, the addition of larger optional wheels may result in a higher CO2 emission figure and change in VED band, and subsequently an increase in the Manufacturer’s Recommended ‘On the road’ Retail price. Please see pages 72-75 for full details.

There’s a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you’re looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there’s a Volkswagen for everyone.

If you’re thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there’s bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Spotty
Golf: As exciting to drive as it is to look at. Style, performance and power. You will also find our sporty gene in the iconic Golf GTD, Golf GTI and Golf R.

Executive
Volkswagen Passat: Perfectly turned out high-tech, executive saloon. A cutting-edge, stylish and innovative Saloon – winner of “European Car of the Year 2015”

All the luxury you need can also be found in the Jetta, as well as the spacious, stylish and practical Passat Estate.

Style
Beetle: The original icon. And still the most unique way to make a fashion statement. For more fun with the top down, why not consider the Beetle Cabriolet.

City run around
up!: The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

If you’re looking for something slightly more spacious, then why not consider the up’s bigger sibling, the Polo. City run around practicality with more versatility and even more space can be found on the iconic Golf.

Spacious family cars
Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it’s space you’re after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate.

4x4
Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it, with four wheel drive technology, ’4MOTION’ as standard.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

Sports
Golf: Nippy city run around? Luxurious executive saloon? Whatever it is you’re looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there’s a Volkswagen for everyone.

If you’re thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there’s bound to be at least one that catches your eye.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.
The powerful 2.0 litre BiTDI 240 PS 4MOTION with 7 speed automatic DSG gearbox produces 500Nm of torque, accelerating the Passat Saloon from 0-62mph in just 6.1 seconds and the Passat Estate model in a respectable 6.3 seconds. Those seeking a petrol engined performance Passat should look no further than the 2.0 litre TSI 220 PS featuring a 6 speed automatic DSG gearbox. This powerful petrol unit is capable of delivering 220 PS and an equally impressive 350Nm of torque, helping to accelerate the Saloon model from 0-62mph in 6.7 seconds on its way to a top speed of 153mph where the law permits, while Estate models can reach 62mph in 6.9 seconds from standstill and achieve a top speed of 152mph where the law permits. Whatever your preference, you’re spoilt for choice when it comes to the Passat performance models. As well as featuring XDS electronic differential lock and Dynamic Chassis Control (DCC), both the 2.0 litre TSI 220 PS and 2.0 litre BiTDI 240 PS 4MOTION models feature trapezoid tailpipes left and right and LED premium headlights to ensure that it looks just as good as it drives.

  - Fuel grade, minimum
  - Fuel tank capacity, galls/ltrs
  - Official fuel consumption, mpg/ltr per 100km
  - Official CO2 emission, g/km
  - Noise, dB

**Technical details**

- SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 76 in used cars volkswagen.co.uk/technology/adblue for more details.

- Model shown is Passat Alltrack with optional 19" 'Albertville' alloy wheels, panoramic sunroof, LED premium headlights and metallic paint.
## Technical specification notes

1. The maximum power output figures are quoted in Ps (Ps) and at the power input speed of 5000 rpm (Rpm). Due to the varying engine efficiency between the EU and US (CNG) market, there is a slight variation in brake power and torque values.
2. The fuel consumption and CO2 figures are obtained under standardised EU test conditions (Directive 93/116/EEC). The figures may vary depending on the specification of the vehicle, this then reduces the possible plug-in accessories. The weight and emissions quoted both include thePassat 330 TDI, with every 1,000m thereafter 10% of the vehicle weight (trailer weight + gross vehicle weight) must be deducted.
3. The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
4. Petrol meeting BS EN 228 is allowable. Content, adhering to standard BS EN 590, can be used in diesel engines. The use of ethanol in forecourt dispensers is not recommended.

## Transmission

<table>

### Transmission

- Automatic electronic differential lock, combined with a hydraulically operated single-stage dry clutch with adhesion-free lining in six manual and six and seven speed automatic DSG gearboxes.
- Front wheel drive through adhesion-free single stage dry clutch, hydraulic clutch mechanism. Six speed manual, six or seven speed automatic DSG gearboxes with double clutch six speed automatic.
- Four wheel drive, 4Motion 4x4 [2.0 TDI SCR 159 PS], six speed automatic.
- Two-speed automatic 0.8 0.8 TSI 200 PS.
- Two-speed automatic 0.8 TSI 0.8 TFR 199 PS.
- Seven-speed DSG 0.8 TSI 207 PS DSG 200 PS.

### Brakes

- Electrically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD).
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes.
- Airbag-free brake pad.
- HBA (Hydraulic Brake Assist).

### Airbags

- SIR (Side Impact Restraint) reduced engines Audi/A4 Plus, please see page 76 or visit www.volkswagen.co.uk or technology/airbag for more details.

### Engines

- Front transverse-mounted engine
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder. Fitted with a turbocharger and a DiTurbo second turbocharger or supercharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/240 PS (01) (176 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder. Fitted with a turbocharger and a DiTurbo second turbocharger or supercharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 2.0 litre/190 PS (01) (140 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 2.0 litre/150 PS (01) (110 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/240 PS (01) (176 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder. Fitted with a turbocharger and a DiTurbo second turbocharger or supercharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 2.0 litre/190 PS (01) (140 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 2.0 litre/150 PS (01) (110 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 1.6 litre/120 PS (01) (88 kW) common rail diesel engine | Available with a six speed manual or a six speed automatic DSG transmission. |
- 2.0 litre/190 PS (01) (140 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
- 2.0 litre/150 PS (01) (110 kW) | Common rail diesel engine: EU6 emissions standard, four-cylinder in-line direct injection turbocharged engine with four valves per cylinder and a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission. |
Technical specification – Passat GTE and GTE Advance.

Engine

- Engine type: 1.4 litre/156 PS (01) (115 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged petrol engine
- Gearbox: Automatic DSG transmission
- Tyres: 205/55 R16

Safeties

- ABS (Electronic Brakeforce Distribution)
- ASR (Traction Control)
- ESC (Electronic Stability Control)
- EDL (Electronic Differential Lock)
- EDTC (Engine Drag Torque Control)
- Countersteer Support with trailer stabilisation function

Steering

- Multilink rear axle
- Rear suspension with gas pressure shock absorbers and separate springs
- Rear through four-link suspension with independent wheel suspension
- Wheel control: rear through four-link suspension with independent wheel suspension
- Wheel control: front through chassis legs and (lower) triangular wishbones
- Electro-mechanical steering rack

Transmission

- Electronically controlled brake system (BSE) with Electronic Brake-pressure Distribution
- Electronic Brakeforce Distribution
- Automatic DSG transmission
- Brake assist holds automatic DSG

Technology.

(01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of 'horses') to correspond to the 'horsepower' system of measurement. Inside the figure brackets (e.g. (01)) the metric equivalent is stated where applicable.
(02) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
(03) Fuel consumption and CO2 figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption and CO2 emissions of the vehicle in real world driving situations. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will affect fuel consumption and CO2 emissions, as will vehicles with higher levels of specification and additional load. Extra equipment and accessories (add-on parts, tyres etc.) can change relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and with weather and traffic conditions, thus affecting fuel consumption and performance values. Extra equipment and accessories can affect the increased VED rate. The specifications contained in this brochure are for information purposes only and some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the prescribed 'on the road' retail price for a vehicle may increase as a result of the increased VED rate.
(04) The 'combined/weighted' fuel consumption/CO2 figures are calculated from two test results: one when the battery is fully charged and another when the battery is discharged. The two results are a weighted average, taking into account range on battery power only, providing a figure in a variety of driving situations. Low fuel consumption figures are achievable when using mains electricity via the grid. Autonomous charging achieved by a 5.0 kWh partner energy provider facility. Fuel consumption and CO2 emissions figures are stated for comparison purposes only and are subject to change. The specified charging times are based on charging at a 2500 W charge point using the 11-16A charging socket. The charging time of 2.3h is based on 80% state of charge. The charging time of 4.2h is based on 10% state of charge. The charging time of 8.6h is based on 100% state of charge.
(05) Efficiency classes assess vehicles according to CO2 emissions, taking into account the vehicle's unladen weight, for comparison purposes, such as weight, rolling resistance and aerodynamics, and with weather and traffic conditions, thus affecting fuel consumption and performance values. Vehicles that are worse than the average are graded E, F or G.
(06) This allows direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will affect fuel consumption and CO2 emissions, as will vehicles with higher levels of specification and additional load. Extra equipment and accessories (add-on parts, tyres etc.) can change relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and with weather and traffic conditions, thus affecting fuel consumption and performance values. Extra equipment and accessories can affect the increased VED rate. The specifications contained in this brochure are for information purposes only and some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the prescribed 'on the road' retail price for a vehicle may increase as a result of the increased VED rate.
(07) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight (08) 1722 kgs (e-mode, hybrid, battery charge, battery hold or 'GTE' mode) and terrain.
(08) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight (08) 1722 kgs (e-mode, hybrid, battery charge, battery hold or 'GTE' mode) and terrain.
(09) The fuel consumption and CO2 emissions figures are obtained under standardised EU test conditions (Directive 93/116/EEC). ### Exterior dimensions

**Passat Saloon**
- Length, mm: 4767
- Width – including door mirrors, mm: 2083
- Height, mm: 1476
- Height – opened tailgate/floor, mm: 1747
- Wheelbase, mm: 2786
- Turning circle, m: 11.7

**Passat Estate**
- Length, mm: 4767
- Width – including door mirrors, mm: 2083
- Height, mm: 1516
- Height – opened tailgate/floor, mm: 2047
- Wheelbase, mm: 2786
- Turning circle, m: 11.7

**Passat Alltrack**
- Length, mm: 4777
- Width – including door mirrors, mm: 2083
- Height, mm: 1530
- Height – opened tailgate/floor, mm: 2076
- Wheelbase, mm: 2789
- Turning circle, m: 11.7

### Interior dimensions

**Effective headroom – front, mm (with sunroof)**
- Passat Saloon: 1034
- Passat Estate: 1031
- Passat Alltrack: 1031

**Effective headroom – rear, mm (with sunroof)**
- Passat Saloon: 964
- Passat Estate: 1007
- Passat Alltrack: 1007

**Elbow width, mm**
- Front: 1506
- Rear: 1506

**Maximum luggage capacity, litres**
- VDA measuring method using 200 x 100 x 50mm blocks
  - With rear seats upright: Passat Saloon 586
  - With rear seats folded: Passat Saloon 1152
  - Passat Estate 650
  - Passat Alltrack 639

**Figures shown are for standard specification models. The addition of certain factory-fitted options and/or accessories may affect some of the dimensions shown.**

### On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.
**CO₂ emissions and VED bands with optional wheels – Passat Saloon.**

Choosing larger alloy wheels than standard as an option may result in increased fuel consumption as well as higher CO₂ emissions and subsequently increased Vehicle Excise Duty (VED) band. The Benefit in Kind (BIK) rates paid by company car drivers may also increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its assigned VED band when fitted with standard size wheels. In some cases, the recommended ‘for the road value’ price for the vehicle may increase as result of the increased VED. The chart below shows CO₂ emissions and the related VED bands for vehicles with both standard wheels and larger optional alloy wheels.

CO2 emissions and VED bands with optional wheels – Passat Estate.

Effect of wheel size on CO2 emissions and VED bands:

Choosing larger alloy wheels than standard can increase CO2 consumption as well as higher CO2 emissions and subsequently increased Vehicle Equipment Declaration (VED) band. The VED bands paid by car owners may also increase. This is due to the fact that larger wheels have more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the recommended ‘On the road’ retail price paid for the vehicle may increase as a result of the increased VED tax. The chart below shows CO2 emissions and the related VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels.

### VED bands with optional wheels – Passat Estate

*Fuel consumption and CO 2 figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This method is used in all manufacturers’ models but may not represent the actual fuel consumption achieved in ‘real world’ driving conditions.

**Note:** The table above shows the CO2 emissions and VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels. The CO2 emissions and VED bands for vehicles with standard-fit wheels are not included in this table.

**Passat and Passat Estate – CO2 emissions and VED bands with optional wheels**
Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle’s exhaust. This begins a chemical reaction which converts the polluting oxides of nitrogen (NOx) into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

<table>
<thead>
<tr>
<th>Model ( SCR derivatives only)</th>
<th>Tank size (Approximately)</th>
<th>AdBlue® tank filler location</th>
<th>Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Passat and Passat Estate</td>
<td>13 litres</td>
<td>Next to fuel filler nozzle</td>
<td>4,000 to 6,500 miles or sooner*</td>
</tr>
</tbody>
</table>

*Distances are approximate and the warning light may come on sooner depending on driving style, journey type, environmental conditions and local conditions.

How will I know if the system needs topping up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If the warnings are not acted upon, the warning turns red and the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be re-started. Further information is available in the vehicle handbook.

Why should I use a Volkswagen Authorised Repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors so fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised Repairers.

Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Do not use AdBlue® in the AdBlue® tank, do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle’s paintwork, for example, wash them off and if necessary rinse the area with water

Volkswagen service.

Volkswagen's two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles against the failure of most technical and electrical components due to manufacturing defects. This is the first stage of the two-stage Volkswagen Warranty and Service Plans, please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Three-year Warranty
All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This warranty is for your vehicle’s manufacturer’s warranty with unlimited mileage plus a further one-year/60,000 miles against the failure of most technical and electrical components due to manufacturing defects. This is the first stage of the two-stage Volkswagen Warranty and Service Plans, please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Body Protection Warranty
The surface finish of the paintwork of your Passat and Passat Estate is only available with the Fixed Service schedule. Please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Three-year Paintwork Warranty
This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on the car’s paintwork. Naturally, the warranty period will be as long as the car is used regularly, handled or maintained as described in the owner’s manual. This applies in particular to maintenance carried out as described in the owner’s manual. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge. This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, the warranty period will be as long as the car is used regularly, handled or maintained as described in the owner’s manual. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

• Warranty term: A guarantee for eight years or 99,360 miles/160,000km (whichever is soonest), on all material or manufacturing defects.
• Warranty coverage: 100% Volkswagen Warranty.

• Volkswagen Battery Warranty
The battery warranty covers defects in the battery itself and provides you with cover for up to five years or 90,000 miles, whichever is soonest. Please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

• Volkswagen Electrical Components Warranty
This warranty covers all electrical components and all electrical components not normally associated with the manufacturer’s operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge. This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, the warranty period will be as long as the car is used regularly, handled or maintained as described in the owner’s manual. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

One-year Battery Warranty (plug-in hybrid models only)
The battery warranty covers defects in the battery itself and provides you with cover for up to five years or 90,000 miles, whichever is soonest. Please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Warning: If you enter the Volkswagen Extended Warranty as an option when buying your new Passat then you will run the risk of the free vehicle warranty being excluded if the vehicle is not driven properly. This is because the free vehicle warranty is being extended and you may not have paid for the full cost of the extended warranty. Volkswagen does not recommend that you extend the warranty period unless you have paid for the full cost of the extended warranty. If you do extend the warranty period, you may not be able to get a warranty claim paid unless you have paid for the full cost of the extended warranty. Volkswagen does not recommend that you extend the warranty period unless you have paid for the full cost of the extended warranty. If you do extend the warranty period, you may not be able to get a warranty claim paid unless you have paid for the full cost of the extended warranty.

Insurance
Volkswagen offers a comprehensive range of insurance options that will cover you from day one. Naturally, the warranty period will be as long as the car is used regularly, handled or maintained as described in the owner’s manual. If you already have insurance, you can extend your free 5 day insurance cover with your new insurance provider. Please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Finance
Volkswagen Finance offers finance options to suit your needs, you can choose from a range of funding options:
- Personal Contract Plan
- Lease purchase
- Contract hire
- Lease purchase
- Contract hire
- Lease purchase
- Contract hire

With Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your future maintenance costs. Whatever finance product your chosen finance plan will provide you with peace of mind and will enable you to get the most out of your vehicle. Please consult your authorized Volkswagen retailer or repairer, or visit www.volkswagen.co.uk.

Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorized Volkswagen retailer, or visit www.volkswagen.co.uk.
