The Passat and Passat Estate
The Passat and Passat Estate

Models shown are Passat Estate GT 2.0 BiTDI 240 PS 4MOTION and Passat GT 2.0 BiTDI 240 PS 4MOTION with optional 19" 'Verona' alloy wheels and metallic paint.
Confident, charismatic and sophisticated, everything about the Passat and Passat Estate exudes confidence. Making its appearance as the eighth generation of a best-selling car that has sold nearly 22 million models since 1973, the Passat features advanced technologies and sophisticated assistance systems, providing new levels of comfort, luxury and performance. And that’s not all. The innovative lightweight design combined with sustainable engine technology reduces emissions, operating costs and fuel consumption to new low levels, benefiting both the environment and your pocket.

With its cutting-edge design, technologies and engines, the Passat and Passat Estate are as versatile, progressive and sophisticated as you could wish for.
Engineering and design sets a new benchmark in the Passat and Passat Estate. Sharp styling includes a longer wheelbase, shorter body overhangs and a dynamic silhouette with distinctive tornado line, accented by trapezoidal headlights and rear lights, creating an imposing road presence. The redesigned interior complements the sophisticated exterior, with a host equipment and advanced features providing sublime levels of comfort, convenience and luxury. Inside and out, this is functionality at its most stunning: sleek, stylish and dynamic.
However long or short your journey, you’ll always sit comfortably in the Passat. Stylish, durable and ergonomically designed to provide maximum comfort and support, seats are available in a range of contemporary upholsteries and leathers. Standard front seats provide manual height and lumbar adjustment, while SE models and above feature the awarded ergoComfort front seat for the driver, providing lumbar support, seat cushion tilt adjustment, thigh support and electric backrest adjustment, enabling you to find the optimum position for your spine easily and quickly. With the spacious interior providing more head and legroom than ever before, there’s plenty of room for family, friends and equipment, especially in the Passat Estate. School run, weekend away or driving to work, driving has never been so easy or relaxed.

Sitting comfortably? Then your journey can begin.

Interior shown is Passat Estate GT with optional smoking pack, net partition and metallic paint.
More space.
More versatility.
More possibilities.

Whether you’re taking a business trip or going on a major shopping expedition, the Passat and Passat Estate are designed to meet your every need. Optional keyless entry includes hands free boot or tailgate opening, which opens the boot or tailgate remotely, ideal if your hands are full, while the variable boot floor is height adjustable and removable, providing plenty of room for all your equipment or purchases. In the Passat Estate, the load volume increases to a massive 1,780 litres with the back seats folded down, providing all the space you could ask for. Versatile, flexible and more spacious than ever, you can rely on the Passat to keep you organised.

01 Integrated child seats* are convenient, practical and easy to use, available for children weighing 15 – 36kg and up to 1.5m tall. Designed to provide optimal side support, they help ensure the safety of small occupants. Optional on all models. Image shown features optional ‘Nappa’ leather.

02 – 04 To extend the boot space, simply release the rear seat backrest either from the boot or the rear seat. The variable boot floor helps facilitate loading and unloading, while the optional cargo management system or optional luggage compartment divider pack keeps luggage secure. Cargo management system and luggage compartment divider pack are optional on all estate models.

* Integrated child seats are only available on standard Titan Black upholstery or optional Titan Black leather upholstery.
Bring the outside in.

Enjoy the sky above like never before thanks to the Passat’s optional panoramic sunroof. Creating a well-lit, airy passenger compartment, it lets in three times more light than a conventional sunroof, and in the Passat Estate, an additional panoramic sunroof to the rear provides even more light and space. What better way to enjoy a starry night or sunlit day? Optional on all models.
The intelligent way to drive.

With numerous driving assistants to help share the workload, the Passat provides all the on-board help you could need. Smart, intelligent and capable, this is a car made for sophisticated drivers who delight in innovative technology.

01 Predictive Pedestrian Protection, part of the optional Driver’s Assistance Pack and Driver’s Assistance Pack Plus, warns you if it detects, in addition to vehicles, any pedestrians at the edge of the road or on the footpath or even on the carriageway via acoustic and optical signals as well as a gentle jolt of the brakes. It even performs an emergency stop should the distance become critical, protecting not only you but other road users from potential accidents. Optional on SE models and above.

02 Trailer Assist (including Park Assist) Anyone who has tried to manoeuvre a vehicle with a trailer attached understands how complicated this can be. The world’s first Trailer Assist helps you reverse with a trailer attached, easily, accurately and safely. The optical display indicates actual and possible steering angles in the instrument cluster. Reverse steering is automatic, with direction controlled to the reverse mirror adjustment switch which acts as a joystick, while the driver controls the accelerator and brake and keeps a good look out. Optional on SE models and above. Only in conjunction with the optional swivelling towbar.

03 Traffic Jam Assist takes the stress out of driving in congested traffic by maintaining a constant distance from the vehicle in front preventing you from having to continually stop and start to drive moving traffic. The camera and radar sensor controlled system accelerates, brakes and even steer the vehicle in order to keep your vehicle within the allowed lane or even to keep a safe lane position relative to other vehicles. The system is available in conjunction with optional LED premium headlights. Traffic Jam Assist is part of the optional Driver’s Assistance Pack Plus. Must be ordered in conjunction with optional LED premium headlights.

04 Area view. Four cameras located in the boot lid, door mirrors and radiator grille, each with an aperture angle of over 180 degrees, provides a 360-degree view around the Passat helping you manoeuvre safely in any direction. From the display menu, the driver can select the camera views; front, rear, side or bird’s-eye view, on either full or split-screen, displayed on the Passat’s infotainment system. Optional on SE models and above.

Please refer to your Volkswagen owner’s manual for information on system parameters and official guidance on use and operation of all of our technology.
Advanced acoustics.
State-of-the-art navigation.

01 The Composition Media system is equipped with a 6.5 inch colour touch-screen with proximity sensor that recognizes your intention to touch the screen and automatically magnifies the display mode. Features also include DAB digital radio receiver, CD player, MP3 (Music Protocol Device Interface) USB connections for compatible products and 3G card readers. The media system also includes Bluetooth hands-free and audio connections for compatible devices, standardisation setting of 2 compatible mobile devices, SMS functionality allowing you to read, interpret and send SMS messages using the touch-screen display. Suitable for music playback from MP3, SD card and AUX. Voice-activated control and advanced functions enhance your driving experience. Standard on all, BlueMotion and SE models.

02 The Discover Navigation touch-screen navigation/DVD radio system with integrated voice activation, Car-Net ‘Guide and Inform’, voice-activated control and integrated voice activation can be operated intuitively via the 8.0 inch TFT colour touch-screen, enabling you to manage music and navigation data. High-powered hands-free device provides powerful audio output and integrated voice activation. The system is compatible with MP3 and SDM cards. It is also operable with 3G sim-data, two 3G data readers, audio display from iPod and Phone Book, voice control and USB connection. The Discover Navigation Pro also features. Telephone and Internet Pro provides online access to a range of useful information such as traffic, fuel pricing, parking space availability, weather, news feeds and Google Earth. In addition, the Car-Net ‘App-Connect’ combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink’™ allowing ‘mirroring’ of smartphone display on the infotainment touch-screen via USB connection. Display of certified apps including audio and voice control (if supported by the app). Usage of Car-Net ‘App-Connect’ is only available with compatible smartphones including iPhone 5 and 6. Please see www.volkswagen.co.uk to check smartphone compatibility. Optional on all models.

The Passat and Passat Estate – Radio and navigation systems

01. With Car-Net ‘Touch and Inform’ your Passat becomes a mobile network using your smartphone’s WiFi hotspot. You can access up-to-the-minute information directly from the internet, enabling you to benefit from continually updated information while you travel, such as real-time traffic information, flood warnings, and more. Your chosen text is highlighted in red.

02. Whether you are using a phone, radio or radio/navigation system, Voice activation allows you to control everything by spoken command. Available commands are shown on the screen, and your chosen text is highlighted in red. After activation, a red symbol indicates that the instruction has been accepted.

03. The optional Car-Net ‘App-Connect’ combines functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink™’, allowing ‘mirroring’ of smartphone display on the infotainment touch-screen via USB connection. Only available with compatible smartphones including iPhone 5 and 6. Volkswagen apps such as ‘Think Blue. Trainer’, ‘Shared Audio’, ‘Drive & Track’ or ‘My Guide’ can help to make your journey more pleasant and interesting, providing useful tips about handling your car, parking opportunities and even where to find the closest café. Volkswagen Apps are only available with compatible smartphones. Please consult www.volkswagen.co.uk to check smartphone compatibility. Optional on all models. Car-Net ‘App-Connect’ is included with the optional Discover Navigation Pro touch-screen navigation/DVD radio systems.

Car-Net. The smart way to stay connected.
Business or personal, practical or sporty, the choice is yours.

Versatile and adaptable, the Passat and Passat Estate has room for your passengers, luggage and more. Depending on your requirements, seven models are available: the S, BlueMotion, SE, SE Business, GT, Alltrack and R-Line, each offering varying levels of trim, ranging from practical and elegant to luxurious and sporty. Whatever you select, you’ll benefit from a host of advanced features and refinements.
Passat and Passat Estate S.

The Passat S models are equipped with a whole range of innovative assistance systems fitted as standard, helping to ensure the highest levels of safety, practicality and convenience inside. The luxurious interior is fitted with stylish 'Hampshire' cloth upholstery, front seats with lumbar adjustment, a leather trimmed three-spoke multifunction steering wheel and gear knob, and 'Brushed chrome' decorative inserts in the dash, centre console and door panels. Chrome-plated instrument and air vent surrounds, interior lighting with a delay and dimming function create a pleasant ambience, while the 60:40 split folding rear seat backrests (40:20:40 on estate models) offer greater flexibility when carrying luggage or loads, especially in the Passat Estate. Image shows features optional multifunction colour display.

- **Automatic Post-Collision Braking System** starts the brake operation after impact, and brakes for as long as necessary to reduce the speed of the vehicle to prevent or minimise further collisions.

- **Press and drive (Keyless start)** enables you to start the engine using a button in the centre console, without taking the key from your pocket.

- **16 inch ‘Aragon’ alloy wheels with 215/60 R16 low rolling resistance tyres** add a touch of refinement to the exterior of the Passat S.

- **Composition Media system** with 6.5 inch colour touchscreen display, DAB digital radio, Bluetooth telephone and audio connection, MIB (Multi Device Interface), SD card reader, single CD player and ‘Think Blue. Trainer’ with driver tips and journey analysis.

1. Devices must be Bluetooth HFP (Hands Free Profile) compatible. Please contact your authorised Volkswagen retailer for specific phone compatibility.

Model shown is Passat S with optional metallic paint.
The new Passat BlueMotion.

The Passat Saloon and Estate BlueMotion models are equipped with lowered sports suspension, lowering the body by approximately 15mm. Along with the restyled radiator grille, air resistance is greatly reduced, significantly improving fuel consumption and roadholding. A key contributing factor to the improved aerodynamics is the innovative lightweight construction and refined gearbox transmission with longer gear ratios.

Add to this such features as low rolling resistance tyres, the Start/Stop function that saves fuel when the vehicle is stationary, battery regeneration, visual gear change recommendation for optimum fuel consumption and the latest engine technology, and the new Passat Saloon and Estate BlueMotion become two of the most environmentally-friendly models in the Volkswagen range.

Thanks to the highly efficient 1.6 litre 120 PS TDI SCR diesel engine, the BlueMotion Passat returns an incredible 76.3mpg on the Combined Cycle with low CO₂ emissions of just 95g/km. Performance is not compromised either, with the Saloon model accelerating from 0-62mph in just 10.8 seconds on its way to a top speed of 130mph where the law permits, while Estate models boast a respectable 0-62mph in 11.0 seconds and a top speed of 129mph where the law permits.

The unique ‘BlueMotion’ badging on the front, back and sides is testament to the Passat BlueMotion’s outstanding efficiency.

As well as impressive environmental credentials, the new Passat Saloon and Estate BlueMotion offer exceptional comfort and refinement. Featuring 17 inch ‘Soho’ alloy wheels, uniquely shaped BlueMotion front and rear bumpers, a chrome trimmed front air intake and radiator grille with blue stripe, lowered sports suspension and distinctive ‘BlueMotion’ badging, creating an exterior that is aerodynamic, sporty and exciting.

01 The Composition Media system with 6.5 inch colour touch-screen display, DAB digital radio, Bluetooth integration and auto conversation, SD (Secure Digital) card reader, SRS functionality – front, curtain and side airbags, 2xUSB connector, 3-pin auxiliary socket, multi function steering wheel, 5 spoke ‘Turbo’ alloy wheels, black 3 spoke multifunctional steering wheel and ‘Think Blue. Trainer’ with driver tips and journey analysis.

02 17 inch ‘Soho’ alloy wheels with 215/60 R17 tyres and style and finishes to the exterior of the Passat BlueMotion.

1 Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorized Volkswagen retailer for specific phone compatibility.
The Passat and Passat Estate – SE and SE Business.

The well-appointed Passat SE models build on the S level specification with impressive levels of comfort and luxury and many advanced features. The refined interior is beautifully equipped with ‘Kensington’ cloth upholstery, an ergoComfort driver’s seat with electric backrest and seat cushion tilt adjustment and front passenger’s seat with height and lumbar adjustment. Front and rear carpet mats, ‘Diamond Silver’ decorative inserts in the dash, centre console and door panels, and LED entrance/warning lights in the front doors and further illumination and luxury, while two covered cup holders in the front and a load-through provision in the saloon’s rear bench provide practical extra touches. This version of the driver profile selection takes the Passats to a new level of comfort and relaxation. This driver assistance system brings together numerous settings, allowing you set the perfect and optimal position, and personalise settings for items such as wing mirrors, map and route settings, radio stations, audio control, ventilation, windows and interior lighting.

Building upon the impressive Passat SE, the Passat SE Business models are equipped with an even higher level of specification, providing such features as front fog lights, front assist (safety beam), pedestrian electronically detectable device remorse and the Discover Navigation system with 3 years Car-Net ‘Guide and Inform’ internet access providing a range of information, including traffic, fuel pricing, parking space availability, weather and news feeds.

Interior shown is Passat SE Business with optional Discover Navigation Pro touch-screen navigation/DVD radio system with integrated voice activation, Car-Net ‘Save and Infotainment Pro’, multifunction colour display, climate control – 3Zone electronic air conditioning, ‘Vienna’ leather upholstery and metallic paint.

Standard on SE Business models.

Adaptive Cruise Control (ACC), including Front Assist radar sensor controlled distance monitoring system, City emergency braking system, cruise control and speed limiter offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to reduce the severity of a collision or even prevent the collision entirely. Standard on SE and SE Business models.

Standard on SE Business models.

The Passat and Passat Estate GT models exude exclusivity, providing the ultimate in attention to detail and craftsmanship. Inside, luxurious seats feature Alcantara seat centre section and ‘Vienna’ leather* side bolsters, while brushed aluminium decorative inserts on the seats and doorpanels, Piano Black interactive touch in the centre console and ambient lighting create elegance and style. Other luxurious features include climate control - 3-zone electronic air conditioning with automatic air recirculation, Discover Navigation system with 3 years access to Car-Net ‘Guide and Inform’, remote electrically foldable door mirrors and door mirror puddle lights, and heated windscreen washer jets.

- Front fog lights with static cornering function and chrome trimmed surrounds aid vision in poor weather, while enhancing the front design, and rear lights incorporating LED technology with dynamic lighting effect give a distinctive look to the rear.

- 18 inch ‘Oxford Anthracite’ alloy wheels with 235/45 R18 self-sealing tyres are eye-catching and sporty.

- Heated front seats add luxury and comfort in the cold weather, giving the interior an especially warm and welcome feel in winter.

- The Passat GT 2.0 litre BiTDI 240 PS 4MOTION features a number of refinements, including Dynamic Chassis Control (DCC) providing a choice of Sport, Comfort and Normal Settings. LED premium headlights with projector recirculating beam automatically switch into signature dual U-shaped LED daytime running lights, 12 separate LEDs performing the indicator function, dynamic corner lighting and headlight washers to keep them clean. Stylish trapezoid exhaust tailpipes complete the look.

* Some parts of leather interior will contain artificial leather.

The new Passat Alltrack.

The new Passat Alltrack is designed to take you off the beaten track. Exceptional off-road performance provides all-terrain capability, from smooth and steep to rough and rugged, allowing every day to become an adventure. Its 4Motion four-wheel drive system combines with the new Alltrack Off-Road setting with hill descent assist to deliver truly outstanding off-road driving characteristics.

Externally, the Alltrack’s styling pack is designed to impress with uniquely shaped off-road front and rear bumpers, a chrome trimmed radiator grille and front air intake with chrome effect door sills, inspired exhaust outlets and unique 18 inch alloy wheels. Meanwhile, prominent front wheel arches, multi-chrome effect and additional side protection, multi-chrome effect underbody protection at the front and rear and black 18 inch ‘Kalamata’ alloy wheels ensure this is a car that’s built for action.

Front fog lights with static cornering, heat insulating rear tinted glass, silver anodised roof rails and rear lights with LED technology complete the look, delivering the Alltrack in all road style.

A wealth of interior refinements ensure you travel in comfort and style, whatever the terrain. Reflecting the new Passat Alltrack’s off-road character are such details as: Summit cloth upholstery, ‘Tracks’ decorative inserts in the dash, centre console and door panels, brushed stainless steel pedals and door sill protectors with the unique Alltrack logo.

3-zone electronic climate control with automatic air recirculation enables you and your passengers to choose their preferred interior temperature, while ambient lighting, heated variables wipers, centralized controls and a central display provide the highest levels of internal luxury. Quite literally, it’s the full package and more.
The Passat and Passat Estate – R-Line

Sporty, stylish and dynamic, the Passat R-Line models have an equally impressive specification with enhanced body styling and a number of additional features, offering even greater levels of functionality, comfort and performance. The exterior of the R-Line is unmistakable with its distinctive ‘R-Line’ styling pack consisting of front and rear bumpers, radiator grille and side skirts. Front fog lights with static cornering function and chrome decorative trim and 18 inch ‘Monterrey’ alloy wheels complete the elegant, agile look. For those seeking the ultimate R-Line experience, the Passat R-Line 2.0 litre BiTDI 240 PS 4MOTION provides stunning performance along with a number of additional refinements, including Dynamic Chassis Control (DCC) providing a choice of Sport, Comfort and Normal settings, LED premium headlights with projection technology, dual ‘U-shaped’ LED daytime running lights, 12 separate LEDs which perform the indicator function, dynamic curve lighting and headlight washers, and XDS electronic differential lock for improved traction and handling.

For those seeking the ultimate R-Line experience, the Passat R-Line 2.0 litre BiTDI 240 PS 4MOTION provides stunning performance along with a number of additional refinements, including Dynamic Chassis Control (DCC) providing a choice of Sport, Comfort and Normal settings, LED premium headlights with projection technology, dual ‘U-shaped’ LED daytime running lights, 12 separate LEDs which perform the indicator function, dynamic curve lighting and headlight washers, and XDS electronic differential lock for improved traction and handling.

Elegant and eye-catching, the Passat R-Line is designed to get your pulse racing. The driver’s ergoComfort seat and passenger’s front seat feature ‘Race’ seat centre sections and ‘Vienna’ leather* side bolsters, creating a luxurious and inviting interior, with the distinctive ‘R-Line’ logo embossed on the front head restraints, echoing the ‘R-Line’ logo displayed on the leather trimmed three-spoke multifunction steering wheel with aluminium inserts, stainless steel pedals and matching unique ‘R-Line’ carpet mats, decorative inserts and door sill protectors.

* Some parts of leather interior will contain artificial leather.

Model shown is Passat Estate R-Line 2.0 BiTDI 240 PS 4MOTION with optional 19” ‘Verona’ alloy wheels and Pure White non-metallic paint.

01. The R-Line interior package includes an ergoComfort seat for the driver with ‘Race’ seat centre sections and ‘Vienna’ leather* side bolsters, available in Titian Black/Titan Black. The unique R-Line logo on head restraints completes the sporty look.

02. 18 inch ‘Monterrey’ alloy wheels with 235/45 R18 self-sealing tyres give the exterior of the R-Line its powerful stance.
Stylish alloy wheels contribute to the charismatic road presence of the Passat and Passat Estate, with a choice of elegant or sporty designs adding a touch of individuality.

- **‘Aragon’** 6½J x 16 alloy wheels with 215/60 R16 low rolling resistance tyres and anti-theft wheel bolts. Standard on S models.
- **‘Soho’** 7J x 17 alloy wheels with 215/55 R17 tyres and anti-theft wheel bolts. Standard on BlueMotion models. Optional on SE and SE Business models.
- **‘Kalamata’** 7J x 18 alloy wheels with 245/45 R18 self-sealing tyres and anti-theft wheel bolts. Standard on Alltrack models.
- **‘Istanbul’** 7J x 17 alloy wheels with 215/55 R17 tyres and anti-theft wheel bolts. Optional on BlueMotion models.
- **‘Sepang’** 6½J x 16 alloy wheels with 215/60 R16 tyres and anti-theft wheel bolts. No cost option on SE and SE Business models.
- **‘Nivelles Anthracite’** 7J x 17 alloy wheels with 215/60 R16 tyres and anti-theft wheel bolts. Optional on SE and SE Business models.
- **‘Marseille Anthracite’** 8J x 18 alloy wheels with 235/45 R18 tyres and anti-theft wheel bolts. Optional on SE and GT models.
- **‘Verona’** 8J x 19 alloy wheels with 235/40 R19 tyres and anti-theft wheel bolts. Optional on GT and R-Line models.
- **‘Albertville’** 8J x 19 alloy wheels with 245/40 R19 tyres and anti-theft wheel bolts. Optional on Alltrack models.
‘Think Blue’ is Volkswagen’s promise to create progressive, environmentally friendly products and processes. So, from our concepts to our designs, from our fabrics to our machines, from our buildings to our water supply and from our engines to the open road, we can help shape a more sustainable future. We have already started by creating electric vehicles, BlueMotion models and efficient BlueMotion Technologies that save you money and reduce emissions.

BlueMotion Technologies*
- Start/Stop technology saves fuel by shutting off the engine when the car isn’t in motion.
- Turbocharged engines deliver more power when you need it and use less fuel when you don’t.
- Brake energy recuperation system saves fuel by recycling the energy that’s usually lost when you brake.
- Low rolling resistance tyres save fuel by reducing the friction between the tyre and the road, meaning it saves less energy – and less fuel – to go further.
- Purpose-built BlueMotion cars include everything from BlueMotion Technologies to aerodynamically optimised design to reduce wind resistance and increase efficiency.

Electric vehicles combine both hybrid and fully electric vehicles, so you benefit from all of their major improvements combined with the advantages in driving efficiency and low operating costs. The ultimate way to Think Blue.

*BlueMotion Technologies are available on all Volkswagens, excluding Phaeton, and vary between models.

There’s a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you’re looking for, we probably have it. From the iconic Beetle and Golf GTI to the up! and fuel-efficient BlueMotion Golf, there’s a Volkswagen for everyone. If you’re thinking you might like to try a different Volkswagen, take a look at the selection below to see what else we have. There are 21 models in our range, so there’s bound to be at least one that catches your eye.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Spicy

Golf: As exciting to drive as it is to look at. Style, performance and power. You will also find our sporty gene in the iconic Golf GTI and Golf R.

Efficient

Our BlueMotion models benefit from innovation energy-saving technology that helps you optimise fuel consumption and reduce harmful emissions. This includes low rolling resistance tyres and improved aerodynamics, as well as advanced engines and gearboxes. Choose from the BlueMotion Polo, Golf, Golf Estate and Golf SV.

However, BlueMotion Technology can be found across our range, where automatic Start/Stop technology and brake energy recuperation is standard across the board, helping you to save more money by being more efficient.

Spacious family cars

New Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it’s space you’re after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate. For more fun with the top down, why not consider Beetle Cabriolet or the Golf Cabriolet.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider Beetle Cabriolet or the Golf Cabriolet.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the Jetta, and executive comfort in the Passat and Passat Estate – winner of ‘European Car of the Year 2015’.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it. Features four wheel drive technology, ‘4MOTION’, as standard for optimum road grip, stability and control.

On any wheels, do anything in our four wheel drive alternatives: new Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.
The powerful 2.0 litre BiTDI 240 PS 4MOTION with DSG gearbox produces a massive 500Nm of torque, accelerating the Passat saloon from 0-62mph in just 6.1 seconds and the estate model in a respectable 6.3 seconds. And not only is it fast, it’s economical too. Thanks to a lightweight design that’s 85kg lighter than the outgoing model, allied with the latest sustainable engine technology, the Passat incurs lower operating and fuel costs than ever before, while sustainable technology reduces CO2 emissions to new low levels. Designed to benefit your pocket and the environment, the Passat and Passat Estate deliver phenomenal results, whichever engine you select.

Built for performance. And economy.

Effect of changing CO2 emissions and VED Bands on optional wheels.

Choosing larger alloy wheels than standard as an option, may result in increased fuel consumption as well as higher CO2 emissions and subsequently increased Vehicle Excise Duty (VED) band and BIK rates paid for company cars driven by employees. This is due to the fact larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased overall resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the ‘On the Road’ cost paid for the vehicle may increase as a result of the increased VED rate.

Choosing larger alloy wheels than standard as an option, may result in increased fuel consumption as well as higher CO2 emissions and subsequently increased Vehicle Excise Duty (VED) band and BIK rates paid for company cars driven by employees. This is due to the fact larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased overall resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard size wheels. In some instances, the ‘On the Road’ cost paid for the vehicle may increase as a result of the increased VED rate.

Please note: the increase in VED rate that is payable is in addition to the cost of the optional alloy wheels. Please consult your Volkswagen retailer for full details.

Three-year Warranty

Every new Volkswagen passenger car comes with a three-year, 60,000 mile warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This covers your car for up to 3 years or 60,000 miles, whichever occurs first.

The Fixed Service is recommissioned for vehicles that come over 18,000 miles in 12 months and if the vehicle is unlikely to be used in the following way:

- Used for short journeys only
- Caravanning
- Operating at high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded or towing
- Unnecessary driving at high engine loading with steep accelerations and heavy braking

The service intervals for the Fixed Service are as follows:

- Inspection service – Every 10,000 miles (16,000km), whichever is sooner.
- Oil change service – After first 2 years or 20,000 miles (32,000km), whichever is sooner.

The Flexible Service is recommissioned for vehicles with daily mileage of more than 20 miles where the vehicle is driven mainly on shorter distance journeys. The service is driven mainly at a constant speed with occasional stops to refuel.

- Inspection service 1 – After first 2 years or 20,000 miles (32,000km), whichever is sooner.
- Inspection service 2 – After second year or 30,000 miles (50,000km), whichever is sooner.
- Oil change service – After first 2 years or 20,000 miles (32,000km), whichever is sooner.
- Oil change service 1 – After 2 years or 30,000 miles (50,000km), whichever is sooner.

Service intervals

Volkswagen will do its best to offer you a choice by how your Volkswagen is recommissioned. The appropriate recommissioning is entirely dependent on how a likely distance is driven and its general use. To identify which type of recommissioning is more suitable for your car, please contact your local Volkswagen retailer or repairer.

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year’s warranty up to a maximum of five years or 90,000 miles.

If you order the Volkswagen Extended Warranty as an option when buying your new Passat then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against repair costs of all technical and electrical components up to a maximum of five years or 90,000 miles.

Extended Warranty

You are covered for three years. This provides vehicle roadside and home recovery in the unlikely event that your car breaks down due to a problem covered by your warranty.

Volkswagen Roadside Assistance

If you have purchased a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule. Please contact your authorised Volkswagen retailer for more information.

Volkswagen Insurance

We hope that you will enjoy your new car for many years and that your local Volkswagen retailer will be able to provide you with a quotation that is suitable for your requirements.

Volkswagen Finance

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your car is for personal or business use, you can choose from a range of options:

- Hire purchase
- Leasing
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personal quote that could meet your budget and vehicle needs.

Increasing weight of a vehicle, including higher trim levels and the addition of options will have a detrimental influence on the level of tax (petrol and CO2 emissions). The CO2 and fuel consumption figures are obtained from tests in a representative vehicle of the type, conducted in accordance with legislation. CO2 and fuel consumption figures are subject to change. Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If your vehicle is involved in an accident (in your case), just call us and we’ll look after you.

Volkswagen Motorlane

CO2 emissions are a function of two main factors:

- The size of the engine of the vehicle
- The way you drive the vehicle

The size of the engine is dependent on the size of the cylinder of the engine (measured in litres). The size of the cylinder can be found in the user manual and on the vehicle’s data plate. The way you drive your vehicle will depend on how you drive it. For example, accelerating too much or suddenly, driving at a constant speed, driving at high engine loading, driving at high speeds and driving too fast will all increase your CO2 emissions.

The CO2 emissions of a vehicle are dependent on the size of the engine of the vehicle and the way you drive the vehicle. The CO2 emissions are calculated by multiplying the size of the engine by a factor that depends on how you drive the vehicle.

Volkswagen Ensurance

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personal quote that could meet your budget and vehicle needs.

A dedicated Claims Manager will manage your claim from start to finish, liaising with your insurer on your behalf to ensure you get the best possible repair for your car. We’ll work directly with you and your insurer to ensure the vehicle is repaired as quickly as possible.
