Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The Touareg.
See the world from
a fresh perspective.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The Touareg. Designed to deliver.

The Touareg's off-road capability will help find a way, even when there appears to be none. The redesigned 4MOTION four wheel drive system distributes engine power, as required, to all four wheels helping to ensure optimum traction and propulsion on virtually all types of ground.

01

02

01 Air suspension CDC (Continuous Damping Control) offers excellent ride comfort, with a choice of three settings: Sport, Comfort or Normal, allowing you to choose the driving style that you require. The Touareg can also be raised so it can provide up to approximately 300mm of ground clearance, allowing you to overcome larger than normal obstacles. To ensure easier and more convenient loading and unloading the rear can be lowered from the standard height by up to 50mm. Optional on all models.

02 Even if you leave familiar surroundings behind, the **RNS 850 Connect touch-screen navigation/DAB radio's off-road display** shows you the way on its high resolution colour TFT screen. A compass and height display will keep you orientated even in the middle of nowhere, and a steering wheel turn display will help when driving on loose ground. Standard on all models.

03

06

03 Totally at home on **gradients of up to approximately 35 degrees**, the Touareg holds its position even when traversing sloping terrain.

04 A wading depth of up to approximately 580mm allows the Touareg to cross shallower waters with ease – remember to drive in the direction of the flow and always keep going towards the opposite bank.

05 The Touareg can easily handle a **ramp angle of up to approximately 27 degrees**, providing ample ground clearance.

04

07

06 Capable of handling approximately a **30 degree angle of approach**, the Touareg takes ridges, embankments and hills in its stride, making off-road driving great fun.

07 A climbing capability of up to approximately 45 degrees means steep inclines are not always out of limits for the Touareg, providing a welcome opportunity to demonstrate its climbing capability.

Wading depth, ground clearance, angle of slope and climbing capability can vary depending on engine, equipment, tyres and terrain. All figures quoted are approximate and may vary.

Images shown are for illustration purposes only and may not necessarily reflect UK specification.

05

Wading depth, ground clearance, angle of slope and climbing capability can vary depending on engine, equipment,tyres and terrain. All figures quoted are approximate and may vary.			

Remains stylish. On any terrain.

The Touareg’s contemporary front design has a powerful road presence, with its distinctive bumper and larger, integrated Bi-xenon 25W headlights continuing the lines of the redesigned radiator grille creating a look that is unmistakably Volkswagen. To the rear, the modified bumper with LED fog lights and redefined tailgate line emphasise the athletic build, highlighting the Touareg’s sporty character.

The more powerful **Bi-xenon 35W headlights for dipped and main beam with automatic range adjustment**, ensure the Touareg is ready for every journey, with improved visibility and illumination of the road ahead compared to conventional headlights. Dipped and main beam follow your steering movements precisely thanks to dynamic curve lighting and static cornering function, while stylish LED daytime running lights provide a unique visual presence to the exterior. Standard on R-Line and R-Line Plus models and optional on SE models.

The Bi-xenon 35W headlights also include newly designed **rear light clusters with LED technology** that not only add a touch of style, but ensure optimum visibility at night time.

Models shown feature optional premium signature paint.

Model shown is Touareg SE with optional Bi-xenon 35W headlights for dipped and main beam, Driver’s Assistance Pack and premium signature paint.

Interior.

Whatever the challenge outside, everything is calm inside the Touareg. Latest technology makes navigation easy, all switches and controls are intuitively to hand and the discrete chrome finishes convey a sense of elegance and order.

01 Ergonomically designed for your convenience, the **leather trimmed multifunction steering wheel** enables you to operate the radio, Bluetooth telephone connection and multifunction computer without taking your hands off the wheel.

Interior shown is Touareg R-Line with optional premium signature paint.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

02 To ensure you reach your destination quickly and easily, your Touareg is fitted with an **RNS 850 Connect touch-screen navigation/DAB radio system**, complete with 8 inch colour TFT high resolution display, integrated 60 GB hard drive with preloaded European navigation data and two SD card readers. The voice-activated system includes a seven digit postcode search functionality and displays the surrounding area with 3D landmarks. At the touch of a button, the audio system can also be operated from the leather trimmed multifunction steering wheel.

03 The **RNS 850 Connect touch-screen navigation/DAB radio system** provides you with the latest traffic information directly from the internet, enabling you to plan the best route. The photo display makes orientation easier and Google Street View™ displays many roads as 360 degree panoramic images from the driver's perspective.

Internet services can only be accessed via a separate SIM card when Bluetooth telephone connection to your car is disconnected and the vehicle is stationary. Internet services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider.

04 All Touareg models benefit from **climate control – 2Zone electronic air conditioning**, enabling the driver and front passenger to each select their preferred temperature setting. The system recognises the intensity of sunlight as well as the outside temperature and adjusts accordingly. Automatic air recirculation prevents unpleasant outside odours, such as exhaust fumes, from entering the cabin.

05 The **two-piece front centre armrest** features a handy storage compartment and can be folded and moved forward or backward individually from both the driver's and front passenger's side.

Image features optional 'Engineered Ebony' decorative inserts and 'Nappa' leather Comfort pack.

06 The **'Vienna' and 'Nappa' leather Comfort packs** feature a 40:60 split folding backrest, increasing the boot capacity to a maximum 1,642 litres. **'Vienna' leather Comfort pack** is standard on R-Line Plus models and optional on SE and R-Line models, **'Nappa' leather Comfort pack** is optional on all models.

07 The **luggage compartment cover** conceals the contents of your boot, ensuring better privacy and protection from the sun, and can be opened automatically for total convenience.

Models shown feature optional premium signature paint.

08 The **control panel** in the boot automatically releases the rear seat backrest and the optional towbar if fitted, and also lowers the rear of the vehicle for easier loading and unloading.

09 The **'Dynaudio' soundpack** delivers enhanced acoustics through a 10 channel digital amplifier and 12 speakers, delivering 600 watts of sound. Optional on all models.

10 The **modular design of the rear seating area** enables each rear seat to be moved lengthways and the backrest inclined to three different angles. When moved forward, this increases the boot volume from 580 to 679 litres.

Image features optional sunblind and 'Nappa' leather Comfort pack.

Please see page 43 for full details of dimensions. Images 05 – 08 feature optional 'Nappa' leather Comfort pack. Some parts of leather interior will contain artificial leather.

Interior shown is Touareg SE with optional air suspension CDC (Continuous Damping Control), 'Nappa' leather Comfort pack in Titan Black, 'Engineered Ebony' decorative inserts and premium signature paint.

Extreme terrain. Extreme quality.

The electrically operated panoramic sliding sunroof with fixed rear glass panel reaches beyond the rear seats, offering an enhanced view of the sky above and adding a new dimension of space and light. Easily opened at the push of a button, it lets fresh air into the cabin, while an integrated sunblind helps to provide shade and avoid direct sunlight. Standard on R-Line and R-Line Plus models and optional on SE models.

Model shown features optional 'Nappa' leather Comfort pack and premium signature paint.

Dazzlingly intelligent.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

Driver's assistance systems.

The Touareg is raring to go, on or off-road. A wealth of innovative on-board assistants will help you be prepared for almost any eventuality, helping make driving easier, and providing extra peace of mind on every trip.

01 The Adaptive Cruise Control (ACC) adjusts your speed to that of the vehicle in front, maintaining the distance specified, and warning you if you get too close. Front Assist warns you if you approach the vehicle in front too quickly and, if necessary, the City emergency braking system will exert enough brake pressure to reduce the severity of a collision or possibly even help avoid it altogether. PreCrash preventive occupant protection identifies a critical driving situation and automatically closes the windows and sunroof if fitted, as well as tensioning the front seat belts as a precautionary measure. Optional on all models.

02 Dynamic Light Assist senses the lights from oncoming vehicles and automatically switches between dipped and main beam accordingly. It also senses vehicles you are approaching from the rear and ensures dipped beam is selected in order to avoid dazzling vehicles in front, providing better vision and illumination when driving at night. Optional on all models.

Must be ordered in conjunction with optional Bi-xenon 35W headlights on SE models.

03 Automatic Post-Collision Braking System starts the brake operation after impact to help avoid further collisions. Supported by the airbag sensors, the system automatically initiates braking after the vehicle suffers a collision, and brakes for as long as necessary to reduce the speed of the vehicle to approximately 6mph in order to help prevent or help minimise the severity of subsequent collisions. Standard on all models.

04 Lane assist is a camera controlled warning system that warns the driver via an audible warning and steering wheel vibration if the vehicle is about to leave its chosen lane unintentionally. **Side scan** makes motorway driving safer by helping to prevent accidents when you want to change lanes. The radar system monitors the areas to the left and right of the car and up to 50 metres behind it, and should it detect a potentially hazardous situation, it warns you by means of flashing warning lights in the door mirror housing. Lane assist and Side scan is optional on all models.

Must be ordered in conjunction with optional Interior trim packs or heated multifunction steering wheel on SE models. Images shown are for illustration purposes only and may not necessarily reflect UK specification.

Comfort and convenience.

The Touareg is designed to help take some of the stress out of your day. A wealth of standard features and optional extras help to make driving as easy as possible, helping to ensure you enjoy the ultimate comfort and convenience.

01 The **electronic tyre pressure monitoring system** keeps you informed about the air pressure of each tyre via the multifunction display, warning you of any changes. This enables you to maintain optimum tyre pressure, thereby increasing the lifespan of the tyres. Standard on all models.

02 The **hands free tailgate opening** function enables you to open the tailgate without having to make contact with your Touareg as long as you have the key in your possession. A small foot movement triggers sensors at the vehicle's rear and the rear tailgate will open out. Hands free tailgate opening is a function of the optional **keyless entry/keyless start and full electric tailgate operation**. Optional on SE models.

Model shown features optional premium signature paint. Image shown is for illustration purposes only and may not necessarily reflect UK specification. Please note, keyless entry/keyless start is standard on R-Line and R-Line Plus models, but does not include hands free tailgate opening.

03 **Area view's** front, rear and side cameras provide a 360 degree exterior view around your Touareg transmitted to the RNS 850 Connect touch-screen navigation/DAB radio system's display, providing a bird's-eye view to the front and enabling you to see around left and right hand corners to an angle of over 90 degrees. Standard on R-Line Plus models and optional on all other models.

03

04 Area view's **reversing camera** provides a view of the area behind your Touareg, transmitting an image direct to the RNS 850 Connect touch-screen navigation/DAB radio system's display. Superimposed lines advise you of the path you should take when reversing, ensuring you avoid obstacles below eye level. Standard on R-Line Plus models and optional on all other models as part of Area view.

04

05

05 **Parking sensors** alert you with an optical and audible warning as soon as your vehicle approaches an object to the front or rear when manoeuvring into a parking space. A visual representation of how close the front or rear of the vehicle is to an object will also be displayed on the vehicle's radio system display. Standard on all models.

Models shown feature optional premium signature paint.

Live life on the edge.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The Touareg SE.

Model shown is Touareg SE with optional 20" 'Talladega' alloy wheels, Bi-xenon 35W headlights for dipped and main beam, Driver's Assistance Pack and premium signature paint.

The impressive exterior styling of the Touareg SE includes 19 inch 'Salvador' alloy wheels, automatically range adjustable Bi-xenon 25W headlights with daytime running lights and front fog lights with static cornering function, while body-coloured door handles, door mirrors and bumpers, and chrome trimmed grille louvres, door trims and window surrounds reinforce the quality of build. This is a car that looks and feels well built, while carrying less weight than previous generation Touareg models. LED rear fog lights and number plate lights, a black rear diffuser and angular chrome exhaust tailpipes, left and right complete the exterior. Inside, the high level of equipment continues with 'Cricket' leather upholstery, 'Burr Walnut' decorative inlays on the dash, centre console and doors, and a leather trimmed multifunction steering wheel and gear knob. Other specification includes heated front seats with 6-way adjustment and lumbar support, Bluetooth telephone connectivity, the RNS 850 Connect touch-screen navigation/DAB radio system and a Multi Device Interface (MDI) with iPod cable with latest generation Lightning to 30-pin adaptor. Features such as the automatic coming/leaving home function, climate control – 2Zone electronic air conditioning with automatic air recirculation, electric windows, colour multifunction computer and cruise control enhance the driving experience, helping you to arrive at your destination calm and relaxed.

Phones must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility. Some parts of leather interior will contain artificial leather.

Interior shown is Touareg SE with optional air suspension CDC (Continuous Damping Control), 'Nappa' leather Comfort pack, 'Engineered Ebony' decorative inserts and premium signature paint.

The Touareg R-Line.

Dynamic and distinctive, the Touareg R-Line is athletic, stylish and sporty, with lowered sports suspension, sculpted styling and exclusive trim inside and out.

'Tarragona' 20 inch alloy wheels.

'Talladega' 20 inch alloy wheels.

Interior shown is Touareg R-Line with optional 'Nappa' leather R-Line Sports pack, Memory pack and Dynamic air suspension CDC (Continuous Damping Control).

Lowered sports suspension by approximately 25mm, a choice of 20 inch 'Tarragona' or 20 inch 'Talladega' alloy wheels and a rear roof spoiler hint at its sporting prowess, reinforced by the 'R-Line' body styling kit that includes unique front and rear bumpers and side skirts, and unique 'R-Line' badging on the front grille. Bi-xenon 35W headlights featuring dynamic curve lighting, static cornering function, LED daytime running lights and headlight cleaning system help to ensure a clear view of the road ahead, while rear tinted glass from the B pillar backwards approximately 65% tinted and rear LED tail lights complete the 'R-Line' exterior look. Interior styling continues the story, with a leather trimmed multifunction heated 'R-Line' steering wheel with paddle shift, unique door sill protectors with 'R-Line' logo and aluminium-look pedals, enhanced by the black rooflining, 'Gloss black' surrounds in the dash and centre console, and 'Silver Lane' decorative inlays in the dash, centre console and doors. The R-Line takes its lead from the impressive SE specification, with the addition of keyless entry and keyless start, automatic electric opening and closing of the rear tailgate and a panoramic electric sliding sunroof with a fixed rear glass panel, ensuring the highest standards of comfort, convenience and style on every trip.

The Touareg R-Line Plus.

Specify the R-Line Plus and you get all the equipment of the R-Line model, along with the dynamic 21 inch 'Mallory' or 20 inch 'Mallory Black' alloy wheels. The interior is further enhanced with 'Vienna' leather upholstery featuring 14-way electrically-adjustable front comfort seats and four-way adjustable front head restraints, while 'Piano Black' decorative inserts in the dash, centre console and doors create elegance and style. Finally, Area view with front, rear and side cameras allows a 360 degree exterior view around your Touareg, providing a bird's-eye view to the front and enabling you to see around left and right hand corners to an angle of over 90 degrees.

Some parts of leather interior will contain artificial leather.

Model shown is Touareg R-Line Plus with optional Driver's Assistance Pack.

'Mallory' 21 inch alloy wheels.

'Mallory Black' 20 inch alloy wheels.

Think Blue.

Think Blue.

Start/Stop technology
saves fuel by automatically switching off the engine when the car isn't in motion.

Brake energy recuperation system
makes use of energy that's usually lost when you brake.

Turbocharged engines
deliver more power when you need it and use less fuel when you don't.

Low rolling resistance tyres
reduce the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further.

Purpose-built BlueMotion cars
include the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance.

Electric vehicles
comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts.

*BlueMotion Technologies are available on all Volkswagens and vary between models.

There's a Volkswagen for all of us.

Nippy city run around? Luxurious executive saloon? Open-top cruiser? Whatever it is you're looking for, we probably have it. From the iconic Beetle and Golf GTI to the compact up!, there's a Volkswagen for everyone.

If you're thinking you might like to try a different Volkswagen, there are over 20 models in our range, so there's bound to be at least one that catches your eye.

Sporty

Golf: As exciting to drive as it is to look at. Style, performance and power.

You will also find our sporty gene in the iconic Golf GTD, Golf GTI Clubsport Edition 40 and Golf R.

Spacious family cars

Sharan: The ultimate in convenience with sliding rear doors, and enough space for the whole family. And their luggage. And the dogs.

If it's space you're after, then you might also like to consider the Tiguan, Golf SV, Golf Estate, Touran and Passat Estate.

Style

Beetle: The original icon. And still the most unique way to make a fashion statement.

For more fun with the top down, why not consider the Beetle Cabriolet.

City run around

up!: The ideal city car. Fun, easy to manoeuvre and surprisingly spacious, with that trademark Volkswagen solidity.

If you're looking for something slightly more spacious, then why not consider the up!'s bigger sibling, the Polo. City run around practicality with more versatility and even more space can be found on the iconic Golf.

Executive

Volkswagen CC: Perfectly turned out high-tech, executive luxury. A contemporary, stylish and innovative coupé.

All the luxury you need can also be found in the Jetta, and executive comfort in the Passat and Passat Estate – winner of 'European Car of the Year 2015'.

4x4

Touareg: The SUV just got smarter. True four by four capability off-road, and smooth, luxurious and powerful when on it, with four wheel drive technology, '4MOTION' as standard.

Go everywhere, do anything in our four wheel drive alternatives: Golf Alltrack, Tiguan and Passat and Passat Estate 4MOTION models.

To see these models and configure your ideal Volkswagen, visit: www.volkswagen.co.uk

Emission class	EURO 6	EURO 6
Noise, dB	71.0	71.0
Notes		
01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.		
02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.		
03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.		
04) Fully compatible with 5% bio diesel in accordance with EN590 Standard. SCR (Selective Catalytic Reduction) requires AdBlue®, please see www.volkswagen.co.uk/technology/adblue for more details.		
05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.		
06) Fuel consumption and CO ₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO ₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO ₂ . Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO ₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO ₂ is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.		
SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.		

Technology.

Engines

3.0 litre V6 TDI SCR 204 PS ⁽⁰¹⁾ (150 kW) diesel engine: six cylinder ‘V’ engine, four valves per cylinder, two overhead camshafts per cylinder bank, turbocharger with variable turbine geometry, valve drive via roller valve levers, injection system of the third generation with Piezo inline injectors and 1,600 bar injection pressure

3.0 litre V6 TDI SCR 262 PS ⁽⁰¹⁾ (193 kW) diesel engine: six cylinder ‘V’ engine, four valves per cylinder, two overhead camshafts per cylinder bank, turbocharger with variable turbine geometry, valve drive via roller valve levers, injection system of the third generation with Piezo inline injectors and 1,600 bar injection pressure

01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.

Running gear

- Front and rear independent suspension on double wishbones with acoustically insulated subframes
- Front and rear anti-roll bar

Transmission

- Eight speed automatic tiptronic gearbox
- 4MOTION permanent four wheel drive with Torsen gearbox as standard; self locking central differential with asymmetrical-dynamic drive distribution; off-road driving programme activated by rotary switch and manual ASR deactivation

The ownership experience.

Owning and driving a Touareg is an extremely rewarding experience. It's not just the performance, build quality, comfort and practicality that satisfies, the level of after-sales support is exemplary. To deliver such high levels of service, we've introduced a network of specialist service outlets, all having the necessary specialist equipment and high levels of skills required to look after your car.

Within each specialist service outlet we have introduced a new team member. Licensed Technicians meet the highest standards within their field for professionalism, skill and knowledge. Our aim is to make buying and looking after your car more enjoyable. When it comes to servicing, we appreciate that it may be more convenient for us to visit you. So, whether you're at home or the office, one quick and easy phone call is all it takes to arrange for a convenient collection and delivery.

Interior shown is Touareg R-Line.

Model shown is Touareg R-Line with optional premium signature paint.

Comprehensive cover from Volkswagen Roadside Assistance.

Your Touareg is covered by the excellent support service of Volkswagen Roadside Assistance for the first three years after registration. This is a 24 hour, 365 days a year pan-European emergency home and roadside recovery service manned by professional multilingual staff. It's not just there for the unlikely event of a breakdown, Volkswagen Roadside Assistance can ease the uncertainty following an accident or the inconvenience should you run out of fuel or lose your keys. You will benefit from a priority response following your call to our dedicated team of support staff.

Volkswagen Roadside Assistance provides many benefits and complete peace of mind. For example, should you be in the unfortunate situation of a breakdown, we'll arrange overnight accommodation or onward travel for you and your passengers. In addition, there's an Accident and Legal Helpline. Terms and conditions apply. Please see your authorised Volkswagen retailer for details and brochure.

AdBlue®.

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle's exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue® tank filler location	Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:
Touareg	19.5 litres	Spare wheel well (in luggage compartment)	6,000 to 7,000 miles or sooner*

* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

How will I know if the system needs topping-up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

Why should I use a Volkswagen Authorised repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers

AdBlue® warning lights.

Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle's paintwork, for example, wipe them off and if necessary rinse the area with water

Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit www.volkswagen.co.uk

Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty¹. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

Body Protection Warranty

The internal body sections and panels of the Touareg are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

Three-year Paintwork Warranty

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

Extended warranty

If you order the Volkswagen Extended Warranty as an option when buying your new Touareg then you get the 100% Volkswagen Warranty and you can continue to enjoy comprehensive Volkswagen protection against many unforeseeable repair costs. Designed to your needs, you can purchase an extra one or two year's warranty up to a maximum of five years or 90,000 miles.

Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000³ and a maximum of 20,000³ miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service² – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

Volkswagen Insurance⁴

We want you to start enjoying your new car from day one and thanks to Volkswagen free 5 day insurance, you can. Call free on 0330 303 6930 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Volkswagen Ensurance⁵

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts?

Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired by a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit volkswagen-ensurance.co.uk

Volkswagen Finance⁶

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

Fuel consumption and CO₂ Emissions

Fuel consumption and CO₂ figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca.

The weight of a vehicle will influence the level of CO₂ emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO₂ emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO₂ is the main greenhouse gas responsible for global warming.

The specifications contained in this brochure are for information purposes only and are subject to change.

AdBlue®

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue® which must be kept topped up. Please see page 45 or visit www.volkswagen.co.uk/technology/adblue for more details.

Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years. For full details, please contact your authorised Volkswagen retailer. Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit www.volkswagen.co.uk

Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet Ofcom regulations.

¹ All warranty work must be completed by an authorised Volkswagen retailer or repairer.
² The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.
³ The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.
⁴ Volkswagen Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ('VWFS UK'). Registered in England and Wales number: 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Annual insurance credit is provided by Ageas Retail Limited. Volkswagen Motor Insurance from VWFS UK is sold and administered by Ageas Retail Limited, registered in England and Wales number: 1324965. Registered Office: Ageas House, Hampshire Corporate Park, Templars Way, Eastleigh, Hampshire SO53 3YA. VWFS UK and Ageas Retail Limited are not part of the same corporate group.
