The Touran
The Touran. The family car that ticks all the boxes.

Versatile, spacious and packed with features, the Touran is the family MPV that ticks every box. The latest engine technology, driver assistance systems and over 50 innovations make driving easier and more enjoyable than ever. Large windows and a panoramic sunroof enhance the sense of spaciousness, and the new sloping roofline gives a confident, dynamic look. Despite its compact, sporty appearance, it’s a true seven-seater, with ample head and legroom in every row, while the new fold-down seating arrangement provides all the space for your family’s activities.
The Touran – Multimedia

Every journey is a multimedia experience.

Thanks to the latest infotainment systems and Car-Net ‘App-Connect’, the Touran brings the information superhighway into your car, providing an exciting multimedia experience. Car-Net ‘App-Connect’ allows ‘mirroring’ of a compatible smartphone’s display with apps displayed on the infotainment touch-screen via USB connection, meaning that you have access to a whole host of information. What’s more, Car-Net ‘Cam-Connect’ works in conjunction with ‘MirrorLink™’ compatible smartphones enabling you to keep an eye on the back seats without turning your head, while the electronic voice amplification allows the driver to speak to all the rear seat passengers without raising their voice.

01 Car-Net ‘App-Connect’ combines the functionality of Apple ‘CarPlay’, Google ‘Android Auto’ and ‘MirrorLink™’, allowing you to mirror apps from your smartphone onto the infotainment touch-screen via USB connection. This cleverly displays apps and operates certified apps including audio and voice control. Usage of certified apps only while driving. Standard on SEL and R-Line and optional on all other models. Image shown features optional Discover Navigation Pro touchscreen navigation/DVD radio system.

02 Volkswagen Car-Net ‘Cam-Connect’ app, standard on SEL and R-Line and optional on all other models, literally gives you eyes in the back of your head. As an additional feature of Car-Net ‘App-Connect’, simply download the free app from the Volkswagen website and connect your GoPro® camera (not supplied). Using ‘MirrorLink™’, one of the Car-Net ‘App-Connect’ functions, it will cleverly transmit images from the rear of the vehicle onto the infotainment system’s touch-screen. This will allow you to keep a close eye on the rear seat’s precious contents without having to look over your shoulder – be it fragile gifts, the dog or the most precious cargo – your family. Image shown features optional Discover Navigation Pro touchscreen navigation/DVD radio system. Car-Net ‘Cam-Connect’ functionality only operable in conjunction with a ‘MirrorLink™’ compatible smartphone.

03 A new feature on the Touran is the media box located on the passenger’s side of the dashboard, giving you access to a high-tech world, neatly housing the single CD player and SD card connection. Standard on all models. Model shown features optional metallic paint.

04 Electronic voice amplification allows the driver to speak to those in the second and third row rear seats easily and clearly, without raising their voice. Standard on SE Family and optional on all other models as part of the Family pack.

[1] Only operable in conjunction with compatible smartphones including iPhone 5, 6 and 7. Please see www.volkswagen.co.uk to check smartphone compatibility.
[4] The GoPro® camera is not included in the Touran and must be separately purchased by you. The described function is compatible with the following versions: GoPro® Hero camera (3, 3+ or 4). GoPro®, Hero, the GoPro® logo and the GoPro® Be a Hero logo are trademarks or registered trademarks of GoPro®.

Interior shown is Touran SEL DSG with optional Discover Navigation Pro touchscreen navigation/DVD radio system with integrated voice activation and metallic paint.
The climate control - 3Zone electronic air conditioning system allows the driver, front passenger and those seated in the 2nd row to set their own desired temperature, independently of one another. This advanced air conditioning system also features a ‘gentle’ climate option, making steamed-up windows a thing of the past, while the biogenic filter keeps out pollens and allergens, ensuring consistent air quality throughout the passenger compartment. Standard on SEL and R-Line and optional on all other models.

Interior shown is Touran SEL with optional panoramic sunroof, luggage restraint/net partition and metallic paint.

The panoramic sunroof adds a new dimension of fresh air and light to every trip. At 1.4m², it offers a stunning view of the skies above from every seat, enabling occupants to count clouds and stargaze to their heart’s content. Electrically operated, the panoramic sunroof is fitted with an integrated roller blind and wind deflector, and at night is softly illuminated with LED ambient lighting. Day or night, driving’s never been more fun.

Panoramic sunroof is standard on SE Family and optional on all other models.
Taking the family on the road has never been easier.

Everything about the Touran is designed to try and help make family life easier, more enjoyable and more fun. Whether you’re taking a long trip, stuck in traffic or performing a tricky parking manoeuvre, a host of intelligent and innovative features provide high levels of comfort, convenience and occupant protection.

For example, all five rear seats have Isofix child seat preparation, there are seven airbags and a range of assistance systems, depending on which trim level you choose, that include Adaptive Cruise Control (ACC), Front Assist with City emergency braking and Driver Alert system that help to provide peace of mind on every journey.

01 Ambient lighting in the front footwell and door trim inserts creates a warm welcome when getting in and out and can be adjusted to provide your preferred level of illumination. Standard on SEL and R-Line and optional on SE and SE Family models.

02 The comprehensive airbag system includes front seat side impact airbags, driver’s and front passenger’s airbags with passenger’s deactivation switch, curtain airbag system for front and 2nd row passengers, and a knee airbag for the driver. Standard on all models. Also available as an option for all models are side airbags for the 2nd row seats.

03 Side Scan and Lane Assist help you change lanes confidently. A radar sensor controlled system warns you of vehicles in your blind spot while a camera controlled warning system alerts you if your car drifts out of its chosen lane. Optional on SE models and above, must be ordered in conjunction with Mirror pack on SE and SE Family models.
The cargo management system offers even greater flexibility in the boot space. The adjustable, elastic luggage net can be used to keep items secure whilst driving and there is also a convenient removable luggage compartment light. Optional on all models. Model shown features optional metallic paint.

Hands free tailgate opening opens the rear tailgate even when you don’t have a free hand. Sensors recognise your key and a simple foot movement below the rear bumper is all it takes to unlock and open the tailgate automatically. Optional on SE models and above as part of the keyless entry option. Model shown features optional metallic paint.

Flexibility and family life go hand in hand.

Thanks to the new folding seat arrangement, the Touran can be as flexible as you wish. Simply flick the catch on the top of the rear seats and they fold down to create a completely flat floor, increasing your boot space as required. With all seats upright there is a generous 137 litres of space. This increases to 1,457 litres when the second and third row seats are folded. If you need to carry longer items the load length from passenger seat folded flat is 1,890mm. Model shown is Touran SEL DSG with optional Discover Navigation Pro touch screen navigation/DVD radio system with integrated voice activation and metallic paint. Front passenger’s seat folding backrest is standard on SE models and above.
Stand out from the crowd. The R-Line.

Add a touch of luxury to family life with the dynamic R-Line. Eye-catching looks combine with the stylish interior to give a sporty feel, taking family motoring to a whole new level.
Model shown is Touran R-Line with optional Pure White non-metallic paint.

01 Door sill protectors feature unique ‘R-Line’ styling, emphasising the careful attention to detail that distinguishes the Touran R-Line.

02 The leather-trimmed three-spoke multifunction steering wheel is finished with colour-coordinated grey stitching, aluminium inserts and the ‘R-Line’ logo, while stainless steel pedals, black roof lining and ‘Black Lead Grey’ decorative inserts in the dash, centre console and door panels add elegance and excitement, creating a truly luxurious feel. Image shown features optional Discover Navigation Pro touch-screen navigation/DVD radio system.

03 The rear bumper with diffuser look effect and twin chrome tailpipes emphasise the sporty style, while rear tinted glass from B pillar backwards, approximately 65% tinted, gives the R-Line real road presence.

Models shown feature optional Pure White non-metallic paint.
Wheels.

01 6½J x 16” steel wheels with 205/60 R16 tyres and full-size wheel trims. Standard on SE models.
02 ‘Trondheim’ 6½J x 16” alloy wheels with 205/60 R16 tyres and anti-theft wheel bolts. Standard on SE and SEL Family models and optional on S models.
03 ‘Stockholm’ 6½J x 17” alloy wheels with 215/55 R17 mobility tyres and anti-theft wheel bolts. Standard on SEL and optional on SE and SEL Family models.
04 ‘Marseille’ 7J x 18” alloy wheels with 225/45 R18 mobility tyres and anti-theft wheel bolts. Standard on R-Line models.
05 ‘Brighton’ 6½J x 16” alloy wheels with 205/60 R16 tyres and anti-theft wheel bolts. Optional on S models.
06 ‘Vallelunga’ 6½J x 17” alloy wheels with 215/55 R17 mobility tyres and anti-theft wheel bolts. Optional on SE, SE Family and SEL models. Please note, mobility tyres in lieu of tyre mobility kit.

Accessories packs.

Touran Protection.

Part number: 5QD 061 070 VW

01 Premium carpet mats – front and 2nd row seats
The Volkswagen Genuine textile floor mats made from durable, high-quality velvet with Touran branding are a visual highlight that also helps to protect the car interior. The easy attachment using the 2-point fastening system ensures that the premium floor mats do not slip or turn. Four-piece set.

Part number: ZGB BOM 083 VW

02 Rear sill cover – transparent
Help protect your rear bumper fromScratches and scuffsp with this transparent film. It’s subtle, practical and protects your panels when loading and unloading.

Part number: 5QA 061 197

03 Front mudflaps – set of two
Prevent muck from messing up your vehicle’s underbody, bumpers, sills and doors with Volkswagen mudflaps. They’re long-lasting and durable, protecting your vehicle against excessive mud and reducing the chance of road chip damage.

Part number: 5TA 075 111

04 Rear mudflaps – set of two
Perfectly shaped to fit the rear, these durable, hard-wearing mudflaps offer protection against flying stones and other debris, with water spray being reduced quite substantially.

Part number: 5TA 075 101

05 Front mudflaps – set of four
Prevent mud from creeping up your vehicle’s underbody, bumpers, sills and doors with Volkswagen mudflaps. They’re long-lasting and durable, protecting your vehicle against excessive mud and reducing the chance of road chip damage.

Part number: 5TA 075 111

Please note, the addition of larger optional wheels may result in a higher CO2 emission figure and change in VED band, and subsequently an increase in the Manufacturer’s Recommended ‘On the road’ Retail price. Please see page 34 for full details.

Models shown features optional wheel trims.

**Touran Pet.**

Part number: 5QA 017 221

**Upper partition grille**

Keep your best friend happily in the back with the partition grille, separating the luggage compartment from the rear passenger space. Made of a black powder-coated tubular frame with wire mesh, it's easily installed behind the rear seat.

Part number: 5QA 017 221

---

**Rear sill cover – transparent**

Help protect your rear bumper from scratches and scuffs with this transparent film. It's subtle, practical and protects your paintwork when loading and unloading.

Part number: 5QA 061 197

---

**Boot liner – 7-seater**

The Volkswagen Genuine luggage compartment liner is light, flexible and perfectly shaped to fit the contours of your vehicle. The edge provides adequate protection against moisture and dirt, and also preventing goods from slipping. If the luggage compartment liner is not required, it can simply be rolled up so that it takes up less storage space.

Please note, image shown is for illustration purpose only and features Boot liner for 5-seat model.

Part number: 5QA 061 160 A

---

**Protection strip – chrome**

A dazzling finish, the chrome-look strip for the lower edge of the rear tailgate gives the vehicle a refined and elegant look and also serves as a sill protector.

Part number: 5QA 071 360

---

**Door sill trims – aluminium**

An eye-catcher when getting into your vehicle, the high-quality aluminium sill panel trims protect the entry areas of your vehicle and gives them an individual look. Each set consists of two sill panel trims with vehicle lettering against the threshold entry area.

Part number: 5QA 071 303

---

**Rear sill cover – brushed stainless steel look**

Perfect protection with an elegant look, the brushed stainless steel effect loading sill protection fits your vehicle perfectly and protects the bumper against scratches when loading and unloading the luggage compartment, while also enhancing the vehicle’s appearance.

Part number: 5QA 061 195

---

**Touran Style.**

Part number: 5QA 061 196

**Protective strip – chrome**

A dazzling finish, the chrome-look strip for the lower edge of the rear tailgate gives the vehicle a refined and elegant look and also serves as a sill protector.

Part number: 5QA 071 360

---

**Door sill trims – clearmarine**

Do your best when putting onto your vehicle, the high-quality aluminium sill panel trims protect the entry area of your vehicle and gives them an individual look. Each set consists of two sill panel trims with vehicle lettering against the threshold entry area.

Part number: 5QA 071 303

---

**Rear sill cover – brushed stainless steel look**

Perfect protection with an elegant look, the brushed stainless steel effect loading sill protection fits your vehicle perfectly and protects the bumper against scratches when loading and unloading the luggage compartment, while also enhancing the vehicle’s appearance.

Part number: 5QA 061 195

---
Think Blue. Turbocharged engines deliver more power when you need it and use less fuel when you don’t. Start/Stop technology saves fuel by automatically switching off the engine when the car isn’t in motion. Brake energy recuperation system makes use of energy that’s usually lost when you brake. Low rolling resistance tyres reduce the friction between the tyre and the road, meaning it takes less energy – and less fuel – to go further. Purpose-built BlueMotion cars comprise the full range of BlueMotion Technologies as well as an aerodynamically optimised design to reduce wind resistance. Electric vehicles comprise both hybrid and fully electric vehicles, offering all the features of their regular counterparts.

### SCR (Selective Catalytic Reduction)

Requires AdBlue®, please see page 35 or visit www.volkswagen.co.uk/technology/adblue for more details.
The Touran – Technology and Dimensions

Technical specification notes

- The technical specifications and images are copyright ©2011 AUDI AG, which reserves the right to make modifications.
- The information provided is correct at the time of going to print, but is subject to change without notice.

- The fuel consumption and CO2 figures are obtained under standardised EU test conditions (Directive 93/116/EU).
- The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- Figures are calculated in accordance with manufacturer’s criteria. The individual unladen weight depends on the specifications of the vehicle, and therefore the possible weight may be different.
- The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel meeting BS EN 228 is allowable.
- With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- The actual fuel consumption achieved in ‘real world’ driving conditions may differ significantly from those given.
- More information is available on the Volkswagen website at www.volkswagen.co.uk and at www.dft.gov.uk/vca. The weight of a vehicle will influence the level of CO2 emissions. As a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO2. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO2 emissions and subsequently affect some of the dimensions shown.
- Figures shown are for standard specification models. The addition of certain factory-fitted options and/or accessories may affect some of the dimensions shown.
- Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.
- On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions.

Engines

- 1.4 litre/150 PS (01) (110 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission.
- 1.6 litre/110 PS (01) (85 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual transmission.
- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.

Steering

- Power steering: electronic steering rack
- Collapsible, height and lengthways adjustable safety steering columns

Brakes

- Electronically controlled anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Rear suspension system with ventilated front disc brakes and rear disc brakes
- HBA (Hydraulic Brake Assist)
- Asbestos-free brake pad
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes
- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control), EDTC (Engine Drag Torque Control) and Countersteer Support with trailer stabilisation function (wet clutch on six and seven speed DSG models)
- 2.0 litre/190 PS (01) (140 kW) common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.
- 2.0 litre/150 PS (01) (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter) with SCR (Selective Catalytic Reduction). Available with a six speed manual or a seven speed automatic DSG transmission.

Technology.
CO₂ emissions and VED bands with optional wheels.

Choosing larger alloy wheels that standard on an uprate, may result in increased fuel consumption as well as higher CO₂ emissions and subsequently increased Vehicle Excise Duty (VED) band. The VED rates paid by company car drivers may also increase. This is due to the fact that larger wheels have both more aerodynamic drag and more mechanical drag, resulting in increased rolling resistance and increased wind resistance. As a result, the VED band that the vehicle falls into may increase from its original VED band when fitted with standard-sized wheels. In some instances, the recommend the 18" rules only price paid for the vehicle to increase as a result of the increased VED cost. The chart below shows CO₂ emissions and the related VED bands for vehicles with both standard fit wheels and larger optional alloy wheels.

* Distances are approximate and the running light may vary on some depending on driving style, journey type, engine and vehicle based environmental conditions.

How will I know if the system needs topping up?

A series of warnings will be given via the driver information system, accompanied by audio messages.

The first message is displayed when the remaining quantity is approximately 1,000 miles, and is repeated every 400 miles until the range reaches 1,000 miles, at which point the warning lights amber. This warning typically repeats every 200 miles until the AdBlue® tank empties.

The warning lights will remain on when the car is turned off. This is a safety requirement of the system. If the tank is empty the system will need a full top-up before the car can be restarted.

Further information is available in the vehicle handbook.

Why should I use a Volkswagen AdBlue® for top-up?

- AdBlue® top-ups are recommended and are necessary for complete vehicle operation. 
- If small quantities of AdBlue® come into contact with the vehicle’s paintwork, even if wiped off, please do not rinse it in the engine, but contact a retailer for help.
- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank, not the AdBlue® tank with any other liquids.
- Volkswagen do not recommend keeping top-up bottles in cars.

Emission control system

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

How does the system work?

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet the latest EURO 6 exhaust gas regulations.

AdBlue®:

AdBlue® is a selective catalytic reduction (SCR) system, which processes harmful exhaust gases in a process called selective catalytic reduction (SCR). In this process, Ammonia (NH₃) is put into the engine exhaust pipe via an Advanced Diesel Exhaust Fluid (AdBlue®) system.

The AdBlue® tanks need special adaptors on fillers to ensure there are no spillages. AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank, not the AdBlue® tank with any other liquids.

Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank.
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help.
- “For your AdBlue® in the AdBlue® tank, do not fill the AdBlue® tank with any other liquids.
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids.
- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank, not the AdBlue® tank with any other liquids.
